the exit ramp. Upon arriving on scene, I observed there to be a black in color Toyota Truck stopped in the left lane with a Tan in color Polaris Slingshot under the front of the Black truck. I made contact with the driver of the tan vehicle first to make sure he was okay. I then made contact with the driver of the Black truck in order to insure he was okay. Upon making contact with the driver of the truck, I noticed an odor of an unknown alcoholic beverage coming from the drivers breath and mouth area. I also the observed the driver to have red glossy bloodshot eyes and slurred speech. The truck driver was Identified to be Alexander Turco by his state issued Florida Drivers License (T620018961860). I then finished working the crash and completed my crash investigation.

I then advised Alex that I was switching hats from a crash investigation to a DUI investigation based off my observations up to that point. I asked Alex if he would be willing to conduct conduct standard field sobriety exercises in order to determine his level of impairment to which he agreed. During this questioning, I observed the driver still to have slurred speech, red glossy eyes and an odor of an unknown alcoholic beverage coming from his mouth and breath area. I then advised the driver to walk back to my vehicle where would conduct the STFE's

The area for the roadside exercises was generally flat and clear of any debris and well lit. I asked Alex if he agreed the conditions of the area for roadsides to which he agreed. I informed Alex the first exercise was going to be the Horizontal Gaze Nystagmus. I asked Alex if he had any problems with his eyes, suffered any head injuries or was currently taking any medication. Alex advised he wore glasses but no any injuries or medication. I then asked Alex if he had any injuries that would prevent him from being able to perform any of the exercises. Alex stated no and would be able to perform the exercises. I observed during this questioning, that Alex still was giving off an odor of an unknown alcoholic beverage coming from his breath and mouth area.

#### Horizontal Gaze Nystagmus:

Alex had equal pupil size and equal tracking. Alex showed lack of smooth pursuit in both eyes. Alex showed distinct nystagmus at maximum deviation. Alex also
