The undersigned swears there are reasonable grounds to believe that the above named defendant in Hillsborough County, Florida, did:

On 08/14/2020, at approximately 1725 hrs., the mother of the co-defendant arrived at his residence to pick up his son (her grandson), a 4 yoa child. The defendant is the mother of the minor child. Upon arrival, the child answered the door crying and told her "Daddy and Mommy are dead on the floor". She entered the residence and found the defendant and co-defendant passed out and unresponsive on the kitchen floor. The minor child was alone in the residence with no other adult supervision. He told his grandmother he had been trying to give his "Daddy breaths". Plant City Fire Rescue was summoned to the scene and the defendant and co-defendant were each revived on scene with a dose of Narcan. A glass pipe was observed on the kitchen counter by the sink in plain view. During an interview conducted on 08/15/2020 by the Hillsborough County Sheriff's Office Child Protective Services (in the presence of law enforcement), both the defendant and co-defendant admitted to snorting heroin in the presence of their minor child which caused the overdose. The intentional act of taking the illegal substance in the presence of the child left the child with no adult supervision which by the culpable negligence of the defendant and co-defendant could have resulted in physical harm to the child as well as mental harm as the child believed his parents were dead and he had no way to contact assistance.

Pursuant to Florida Statute §92.525 and under penalties of perjury, I declare that I have read the foregoing document and the facts stated in it are true to the best of my knowledge. For Notices to Appear, I also certify that a complete list of witnesses and evidence known to me is attached.
