316.193(3)(C)1	Misd	F	DRIVING UNDER THE INFLUENCE WITH PROPERTY DAMAGE OR PERSONAL INJURY (TRAF1028)	1	A76SBDE	☐

The undersigned swears there are reasonable grounds to believe that the above named defendant in Hillsborough County, Florida, did On January 19, 2020 at approximately 10:00 PM, I, Trooper T. Sheinberg (4234), arrived at southbound Interstate 75, north of County Road 672 to a reported multi-vehicle traffic crash. Glen Joseph Parisi (defendant) was identified by Valeri Allison Chang (victim) as the sole occupant and driver of the involved BMW sedan. While speaking with the defendant, I observed a strong odor of an alcoholic beverage emanating from the defendant's facial region. Additionally, I observed the defendant to have watery eyes. When asked about alcohol consumption, the defendant advised he had three (3) to four (4) beers (Budweiser). At approximately 10:28 PM, I advised the defendant that I had concluded my traffic crash investigation and would now be conducting a criminal investigation for driving under the influence (DUI). The defendant was advised of Miranda Warnings and acknowledged understanding. The defendant identified himself as the driver and sole occupant of the involved BMW sedan. The defendant advised that he was in Gibsonton, Florida from 5:00 PM to 9:00 PM where he consumed four (4) sixteen (16) ounce Budweiser beers between the hours of 5:00 PM and 8:00 PM. I asked the defendant on a scale of one (1) to ten (10), where one (1) was sober and ten (10) was blackout, how would he rate his level of impairment, he advised four (4). With the defendant's admission of consuming alcohol, admission of impairment level greater than sober, a strong odor of an alcoholic beverage emanating from the defendant's facial region, and the defendant's watery eyes, I requested the defendant to voluntarily perform standardized field sobriety exercises. The defendant refused, advising me to arrest him. I explained to the defendant the reasons as to why I was requesting him to perform the exercises. The defendant agreed to perform. The defendant advised he had no current medical issues, no history of diabetes, a single seizure three (3) years ago, was on not current medications (prescription or over-the-counter), and had not used any illicit drugs. The defendant was not wearing contacts or glasses during the exercise. The defendant was explained and demonstrated the starting position for Horizontal / Vertical Gaze Nystagmus. The defendant had to be reminded to keep his hands/arms flat against his sides (out of his pockets). The defendant had no resting nystagmus in either eye. The defendant had equal pupil sizes. The defendant had equal tracking of both eyes. The defendant had a lack of smooth pursuit. During the exercise, the defendant repeatedly looked away from the stimulus and moved his head. The defendant was reminded of the instructions; however, failed to perform the exercise as described. Due to lack of cooperation, the exercise was terminated. I advised the defendant that two (2) additional exercises were available for him to perform; however, he refused. I advised the defendant that failure to perform the exercises would result in me having to make a determination if he was impaired beyond normal faculties for operating a motor vehicle up to this point. The defendant refused and advised me to arrest him. With probable cause established for the defendant to have been driving under the influence, resulting in property damage, the defendant was placed under arrest for DUI at approximately 10:37 PM. At approximately 10:55 PM, the defendant was advised of Implied Consent. The defendant refused. I confirmed that the defendant understood the consequences of refusing. He advised he understood and again refused. The defendant was transported to the Hillsborough County Jail on Orient Road and transferred into the custody of jail
