| The undersigned swears there are reasonable grounds to believe that the above named defendant in Hillsborough County, Florida, did<br>On 09/29/2020 at 0259 hours I conducted a traffic stop on a gray 2010 Volkswagen Tiguan SUV, CT tag AR75553 after I<br>paced the vehicle at 50 MPH in a posted 30 MPH zone, northbound on MacDill Av N from Kennedy Bl W. Upon contact with<br>the driver of the vehicle, defendant Jacob Oreardon, I observed that he had bloodshot glassy eyes and as I explained to him<br>why I had stopped him I detected a very strong and distinct odor of an alcoholic beverage. The defendant then admitted to<br>drinking "four beers" while watching the Stanley Cup playoffs. The defendant then exhibited additional signs of impairment<br>during the SFSEs. At which time I placed him under arrest for DUI based upon all of my observations made thus far in my<br>investigation. The time of arrest was 0315 hours. I then transported the defendant to the HCSO/CBT Facility where he<br>submitted to a breath test. His BAC was .120/.110. I identified the defendant with a valid CT DL. |                                                            |                                                                          |                                                      |                                                                                                                             |                   |                                                                              |  |
| Pursuant to Florida Statute §92.525 and under penalties of perjury, I declare that I have read the foregoing document and the facts stated in it are true to the best of my<br>knowledge. For Notices to Appear, I also certify that a complete list of witnesses and evidence known to me is attached.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |                                                            |                                                                          |                                                      |                                                                                                                             |                   |                                                                              |  |
