The undersigned swears there are reasonable grounds to believe that the above named defendant in Hillsborough County, Florida, did

On listed date, time and location subject was involved in a vehicle collision, the non at fault party identified the subject as the driver of the vehicle. On scene, I detected the strong odor of and alcoholic beverage from the subjects facial area (as he spoke the odor got stronger). The subject was un-steady on his feet multiple times and his speech was slurred. Subject was advised I was done with my crash investigation and a criminal investigation for DUI was being conducted, he was asked to preform Field Sobriety Exercises (FSE's), however he would not. The subject was asked several times to perform FSE's and he still would not agree, he was advised if he refused I would have to make a decision based on what I had so far and he still would not agree. He was placed under arrest for DUI.

Subject was asked to provide a sample of his breath several times, however he would not speak at all. Implied consent was read and the subject would not speak throughout. He was then given an opportunity in front of the instrument to give a sample, he then stated no he would not provide a sample.

Pursuant to Florida Statute §92.525 and under penalties of perjury, I declare that I have read the foregoing document and the facts stated in it are true to the best of my knowledge. For Notices to Appear, I also certify that a complete list of witnesses and evidence known to me is attached.
