| <p>The undersigned swears there are reasonable grounds to believe that the above named defendant in Hillsborough County, Florida, did:</p> <p>On 05/23/2020 at 0105 hours I conducted a traffic stop on a grey 2012 Chrysler sedan, FL tag Z199JB after I observed the vehicle speeding and drifting out of its lane of travel as it traveled southbound on Dale Mabry Hw N from Columbus Dr. Upon contact with the driver of the vehicle, defendant Maya Renee Mitchell, I observed that she had bloodshot glassy eyes and then as I explained to her why I had stopped her I detected a distinct odor of an alcoholic beverage. The defendant then admitted to drinking "wine" while doing her friend's hair. The defendant then exhibited additional signs of impairment during the SFSEs. At which time I placed her under arrest for DUI based upon all of my observations made thus far in my investigation. The time of arrest was 0121 hours. I then transported the defendant to the HCSO/CBT Facility where she refused to submit to a breath test. Implied Consent was read at 0155 hours. I identified the defendant with a valid FL DL. She was the only one in the vehicle.</p> |                                                            |                                                                         |                                                    |                                                                         |                   |                                                                              |  |
| Pursuant to Florida Statute §92.525 and under penalties of perjury, I declare that I have read the foregoing document and the facts stated in it are true to the best of my knowledge. For Notices to Appear, I also certify that a complete list of witnesses and evidence known to me is attached.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |                                                            |                                                                         |                                                    |                                                                         |                   |                                                                              |  |
