12.7

On Saturday, May 7, 2022, at approximately 9:06 P.M, Lake Worth Regional Communications Center (LWRCC) received a call for a Bolo (be on the lookout) on a white Van traveling southbound mile-marker 116 (all over the road/ unable to maintain lane/ various rate of speed 40-80mph, almost colliding with other vehicles) on State Road-91 (Florida's Turnpike), in Palm Beach county. Shortly after, another call was received again around mile-marker 112 and the 109, for the same discription, following the same driving patterns. I, Trooper (Tpr.) Miljen Devis (ID#1396) was stationary at mile-marker 103 uturn slot. Tpr. Craig James (ID#1680) was stationary southbound 103 mile-marker. The caller (witness), later identified by his Florida's drivers license as (Corey Deshawn Robinson, FL DL #R-152-104-77-021-0, D.O.B 1/27/1977) was asked to turn on their emergency hazard lights to have a better visual for when the bolo'd vehicle passes. Tpr. James had visual and proceeded behind the bolo'd vehicle to conducted his own observations of driving patterns. Tpr. James conducted a traffic stop on a tan Chrysler Town and Country van bearing Florida's tag (15BGBI), southbound mile-marker 100 on the right paved shoulder (*Refer to Tpr. James video*). I arrived shortly after.

I made a driver's side approach as Tpr. James was already on the passenger side. Through the driver's side rear window, I could observe two Busch beers in a light blue cooler behind the driver's seat and a Egg Nog liquor. The driver (defendant), later identified through his Brazil license as (Osvailton Simoes Ferreira, D.O.B 9/20/1970, license #1209492626)(unknown if its valid) advised that he didnt speak English and that he speaks Portuguese. I request a translator through LWRCC. None was available. I attempted to speak to the defendant in Spanish. The defendant still didn't completely understand. I asked the defendant for his driver's license. He advised, no license. When I asked for registration, the defendant stated "Title." I observed the defedants eyes to be bloodshot and glassy. I would also detect an unknown odor of an alcholic beverage emitting from the vehicle. I informed the defendant to look for the title of the vehicle to which he started to look into the glove compartment. While the defendant was looking for the title. Tpr. James remained at the passengers doors as I went to my patrol vehicle to look for a device to assist with translating. As I walked back to the defendant's vehicle. I observe that the defendant step out of the vehicle. Now since he was already out, I informed the defendant to walk towards the back of the vehicle. As he's walking, I observed his belt unbuckled, pants unzipped and hanging below his waist, clothes disheveled. Due to language barrier, I request the defendant to write his name on a paper. I couldn't understand his handwriting so I asked the defendant if he had a debit/credit that has his name written on it. I would speak in English and repeat in it Spanish. I could see that he slightly understood what I was asking for him to complete. During the time he was trying to write his name, I observed that he would sway and lose his balance (Refer to Tpr. James patrol vehicle video). Throughout the whole interaction outside of the defendant's vehicle. I could smell and unknown odor of an alcoholic beverage emitting from his breathe as he speaks.

I used a translating device to communicate with the defendant for Field Sobriety Task (FST's)

Horizontal Gaze Nystagmus (HGN):

The first task, I had the defendant perform was the (Horizontal Gaze Nystagmus) Task. For the task. The defendant was asked if he wears glasses or wear contacts, he stated, "no." I then explained the task to the defendant and then began to perform the exercise. During the instruction phase, I asked the defendant if he understood all my direction, he stated, "yes." As I made my first pass to the left and back to the right, I was checking the defendant's eyes for Equal Tracking, Pupil Size, and Resting Nystagmus. Then I checked for Lack of Smooth Pursuit, I observed the defendant had Lack of Smooth Pursuit Distinct in both eyes. I then checked for Distinct and Sustained Nystamus at Maximum Deviation. I observed them on both eyes. The last one was Onset of Nystagmus Prior to 45 Degrees. I observed them on both eyes. There was no resting or vertical nystagmus that I could observe through the vertical gaze nystagmus exercise. (Note: I had to inform the defendant numerous times not to move his head, the defendant would continously move his head entirely, I asked the defendant to give me a thumbs up if he understood what I am asking of him and he responds with a thumbs up). The defendant could not perform the task.

Walk and Turn (WAT):

I asked the defendant if he's willing to perform the next task to provide a thumbs up. The defendant agreed. On the second task (Walk and Turn), I explained to the defendant how to properly perform the task as well as I demonstrated myself how to perform the task to the defendant. I set down a yellow visible tape strip on the ground. During every explanation, I asked the defendant if he understood and to provide a thumbs up to show he understood, he did. (Note: On the first pass he made it to 12 step, gap in between every step, stopped, looked at me, on the walk back he took 11 steps, lost his balance/ Improper turn, paused to find out what to do next/ On the walk back stopped at number 11). The defedant could not perform task.

One Leg Stand (OLS):

For the last task (One Leg Stand), I explained to the defendant how to properly perform this task as well as demonstrated myself to the defendant on how to properly perform the task. The defendant advised he understood the task by giving a thumbs up. During every explanation, I asked the defendant if he understood, he stated, "yes." Once he began, the foot he raised was his right foot. I did the task with the defendant. (Note: I notice the defendant would sway/ He placed his raised foot down several times before being informed to stop, and lose his balance). The defendant could not perform the task.

| OBTS Number | Other Number | Clearance | | |

At approximately 10:20 P.M, based on the totality of circumstances, I determined that there was probable cause to believe that the defendant, committed the offense of driving under the influence of alcohol beverages or chemical substances by being in actual physical control/operating a motor vehicle as set forth in Florida Statute 877.111, or a controlled substances as set forth in Florida Statute 893 or any combination thereof, and was affected to the extent that her normal faculties were impaired, contrary to Florida Statute 316.193(1) and was taken into custody without incident. I placed the defendant under arrest in handcuff and double locked.

At approximately 10:57 P.M, I transported the defendant to the Palm Beach county jail. At approximately 11:13 P.M, I arrived at the Palm Beach county jail, where I conducted a 20-minute observation on the defendant where he did not drink, ingest, or regurgitate any foreign objects. I used my translating device to read implied consent off camera at approximately 12:10 A.M, on May 8th 2022, due to no devices allowed in the breatherlyzer room. The defendant refused, and a refusal time was called at 12:18 A.M on camera, on May 8th 2022.

Sister's towing took possesion of the vehicle.

All of the above event occurred in Palm Beach county.

Note: My patrol vehicle is equipped with in car audio that is available upon request
