(FL6366MC) to conduct a Boating Safety Inspection. The operator of the vessel later identified as Travis L Stroller (DOB 11/28/1982) showed signs of impairment during the safety inspection. Mr. Stroller had a moderate smell of alcohol coming from his person. He had trouble maintaining balance, stumbled while walking and shuffled his feet. Mr. Stroller showed a lack of dexterity in the use of his hands and looked like he could not use his fingertips. While speaking he mumbled, and he also tried to blow into the cap of his vessel's registration holder thinking it was a whistle.

At approximately 2:46 I told Mr. Stroller to come aboard our patrol vessel so that I could conduct seated field sobriety tasks.

Investigator Patterson conducted the Horizontal Gaze Nystagmus tasks on Mr. Stroller. During Lack of Smooth Pursuit Mr. Stroller had nystagmus in both eyes. During Distinct & sustained nystagmus at maximum deviation Mr. Stroller had nystagmus in both eyes. During Onset of nystagmus prior to 45-degrees Mr. Stroller had nystagmus in both eyes. Mr. Stroller exhibited six clues during this task.

I conducted the rest of the tasks, Mr. Stroller showed signs of impairment throughout the other three tasks during the field sobriety check.

During the Finger to Nose task Mr. Stroller stood up when he was instructed to extend his index. He missed the tip of his nose and did not bring his hand down on all six of the times he was instructed to do so. On two of the six times he hesitated to bring his finger to his nose. Mr. Stroller exhibited 14 clues during this task.

During the Palm Pat task, he rolled his hands, chopped pats and did not increase speed even when instructed to do so. Mr. Stroller exhibited 3 clues during this task.

During the Hand Coordination task Mr. Stroller did not return his left fist to his chest and finished in the wrong position. Mr. Stroller exhibited 2 clues during this task.

Mr. Stroller was placed under custody for the arrest for operating a vessel while normal faculties impaired. He refused to provide a lawful breath sample and he was read the implied consent warning.

Summary:

On April 25th, 2021, I, Officer Thomas Wesche of the Florida Fish and Wildlife Commission (FWC) and Investigator Kyle Patterson FWC were on vessel patrol on Lake Boca Raton for the "Boca Bash" event. During the course of a Boating Safety Inspection the operator of the vessel being inspected, Mr. Stoller, showed signs of impairment. He was asked to come aboard of vessel to conduct field sobriety tasks; after completion of those tasks he was placed under arrest for operating a vessel while normal facilities impaired.

Vessel in Motion:

At approximately 2:30pm Investigator Patterson and I observed a white pontoon boat (FL6366MC) heading west in Lake Boca Raton and initiated a vessel stop to conduct a Boating Safety Inspection. The vessel was operated by a white male wearing black and blue board shorts, a black hat and black sunglasses. The operator was later identified as Travis Loren Stoller (DOB: 11/28/1982).

Personal Contact:

Mr. Stoller showed multiple signs of impairment during the safety inspection. Mr. Stoller had a moderate smell of alcohol coming from his person. Mr. Stoller had trouble maintaining balance; he stumbled while standing, braced himself on the console and seats of the vessel and shuffled his feet while walking. Mr. Stoller showed a lack of dexterity in the use of his hands and looked like he could not use his fingertips. While speaking Mr. Stoller mumbled and slurred words. When asked to show a sound producing device Mr. Stoller tried to blow into the cap of his vessel's registration holder thinking it was a whistle.

Prearrest Screening:

At the completion of the boating safety inspection, I told Mr. Stoller that he was showing some signs of impairment and that I would like to check his eyes to see if he was in a condition that he could still operate the vessel. Mr. Stoller allowed me to check his eyes for equal pupil size (which he had), resting nystagmus (which he did not have) and equal tracking (which he had). I then checked for lack of smooth pursuit, during this task his eyes showed a lack of smooth pursuit in both eyes.

At approximately 2:37 investigator Patterson asked Mr. Stoller to come aboard our patrol vessel so that we could conduct a full battery of seated field sobriety tasks.
