The undersigned swears there are reasonable grounds to believe that the above named defendant in Hillsborough County, Florida, did:

The defendant was operating a blue 2017 Honda Accord, 4 door, Florida tag QCRW71. The defendant turned onto and began driving the wrong way on a divided highway, stopped and reversed, then entered the correct lanes via a break in the positive roadway median. The defendant then drove in a manner in which the vehicle was weaving in the travel lane over a distance of approximately 1.5 miles, the left and right side tires crossed onto outer painted lane markers numerous times, her speeds fluctuated unnecessarily, and she drove at a visually estimated and patrol car paced (TPD DUI unit 5055) speed of 40-41 MPH in a properly posted 30 MPH speed limit. A traffic stop was conducted to check on the welfare of the driver to determine if she were sick, tired, or impaired. The defendant indicated she was not ill and was okay. The defendant had a distinct odor of an alcoholic beverage coming from her breath. The defendant's eyes were bloodshot, glassy, and watery. The defendant's face was flushed, and her speech was moderately slurred. the defendant initially denied alcohol consumption, then stated she had drank two glasses of wine. The defendant displayed moderate cognitive problems as related to documents that had been requested during the beginning of the traffic stop. The defendant swayed while standing. The defendant agreed to perform Field Sobriety Exercises. The defendant exhibited signs and clues of impairment, and had a moderate degree of difficulty following simple instructions. Based on a totality of the circumstances the defendant was arrested for DUI. The defendant refused to submit to a lawful test of her breath for the purpose of determining its alcohol content after she was advised of the Implied Consent Warnings. The defendant was positively identified by her Florida DL.
