Probable Cause Affidavit

Before me this date personally appeared ARMSTRONG, BRITTANY (16817) who being first duly sworn deposes and says that on 18 day of November, (year) 2021 at UNIVERSITY DR/HILLSBORO BLVD, PARKLAND, FL 33067 (crime location) the above named defendant committed the above offenses charged and the facts showing probable cause to believe the same are as follows

single vehicle crash in which the driver was suspected of being impaired. Upon arrival, I made contact with Deputy Zahorovsky #19325. He advised that he and other Deputies were about 100 yards west of University Drive and Hillsboro Blvd on a traffic stop. After they cleared the traffic stop, they observed a vehicle traveling eastbound with one headlight and they could hear a scraping noise coming from the vehicle. As the vehicle got closer, it ran the stop sign and collided into a guardrail. Deputies approached the vehicle and observed a white female driver (sole occupant). The driver was identified to be Marina Danilina. Deputies asked Danilina if she needed Fire Rescue and she refused. As Zahorovsky spoke with Danilina he observed the following signs of impairment; slurred speech, couldn't maintain a conversation, glossy eyes and an odor of an alcoholic beverage emanating from her person.

**It should be noted that at about the 10800 block of Hillsboro Blvd there was a downed traffic sign in the eastbound lanes. There was debris (white pieces) and a piece of a vehicle's under carriage with part number (51447-06020) in the roadway. That part number came back to a 2018-2019 Toyota Camry under carriage engine over. Danilina's vehicle is a 2019 white Toyota Camry.

I made contact with Danilina and advised that the crash investigation was complete and I would be conducting a separate DUI investigation. I asked Danilina if she would be willing to participate in field sobriety exercises, she stated yes.

I then asked the following questions and received the following answers:

Are you Diabetic? No

Are you Epileptic? No

Take any medications? No.
Glasses or Contacts? No
Any eye problems at all? No
Problems with Walking? No
Any illnesses/injuries? No
Have you had any recent surgeries? No

While speaking with Danilina, I observed the following indicators of impairment; an odor of an alcoholic beverage emanating from her person, slurred speech and she swayed as she stood.

Next, I demonstrated and explained the following Field Sobriety Exercises;

Horizontal Gaze Nystagmus (HGN) | 6 out of 6 clues:
(Checked for equal pupil size, resting Nystagmus, and equal tracking)
-Lack of Smooth Pursuit (Left & Right Eyes)
-Distinct and Sustained Nystagmus and Maximum Deviation (Left & Right Eyes)
-Onset of Nystagmus Prior to Forty-Five (45) Degrees (Left & Right Eyes)
**Danilina had VGN. She swayed as she stood and she had a hard time following the pen light with her eyes only (kept moving her head.)

WALK AND TURN | 8 out of 8 clues:
During this exercise, the subject is instructed to place their left foot on the line and then place their right foot on the line, ahead of the left, touching heel-to-toe. They are then instructed to keep their arms down by their sides and to maintain this position

until specifically instructed to begin. The subject is then told to take nine heel-to-toe steps along the line, turn around in a prescribed manner, and return nine heel-to-toe steps along the line. The turn is to be made by leaving the front foot on the line and turn around by making a series of small steps with the back foot. The steps and turn are demonstrated for the subject. The subject is told to keep their arms down by their sides, watch their feet at all times; and count their steps out loud throughout the exercise. The subject is then told that once they start walking, they are not to stop until the exercise is completed.

- Couldn't keep balance while listening to instructions/Left Starting Positions
- Started too soon
- Stepped off the line
- Missed heel-to-toe
- Incorrect number of steps (10 forward/10 return)
- Used arms for balance (raises arms over six inches)
- Stops walking
- Improper turn

One-Leg-Stand| 3 out of 4 clues:

During this exercise, the subject is told to stand with their feet together and their arms down by their sides. They are told to raise either foot that choose approximately six inches off the ground, keeping their legs straight and foot pointed out parallel to the ground. They are told to keep their eyes on the elevated foot and count out loud in the following manner: one thousand-one, one thousand-two, one thousand-three, and so on, until told to stop. The exercise is conducted for thirty seconds.

- Sways while balancing
- Puts foot down (before 30 seconds elapsed)
- Uses Arms for Balance

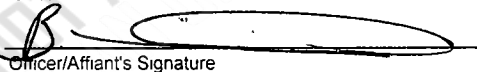

It was at this point in time, I made the determination there was enough probable cause to arrest Danilina for DUI. She was placed in handcuffs and asked if she would take the breath test. She stated that she was a single mother and for me not to do this. I attempted to bring her attention back to whether or not she wanted to submit to the breath test, but she kept asking me not to arrest her. I read Danilina the Florida Implied Consent and she agreed to take the test.

During the 20 minute observation, Danilina kept asking what was her options to get out of this, how much money did she have to pay and if I could just take her home. I advised Danilina that my arrest decision has been made and she would be getting transported to BSO Main Jail, she advised that jail wasn't an option. Danilina continued to ask how much she had to pay to get out of this. I advised Danilina that attempting to bribe a public official was a crime, she stated "how much do I have to pay you to not go to jail."

After the 20 minute observation, as she was providing her first breath sample, I noticed that she wasn't holding her lips tight on the mouth piece. I explained and demonstrated how to blow into the mouth piece properly and she continued to do it incorrectly. As I attempted to take the mouth piece out of her mouth, I wasn't able to because she was biting on it. I told Danilina not to bit on the mouth piece and she stated that she didn't have to do this. The first breath sample was a volume not met and she refused to
