316.193(1)(A)	Misd	S	DRIVING UNDER THE INFLUENCE .130/.130% BrAC (TRAF1012)	1	A3T9R8E	☐

The undersigned swears there are reasonable grounds to believe that the above named defendant in Hillsborough County, Florida, did On 01/07/2022, at approximately 0351 hours, the affiant observed a black Ford sedan, bearing Michigan tag EHL3607 (VIN:3FAHP0HA9BR120819), traveling northbound on I-275 in front of his patrol vehicle. The affiant observed the black Ford sedan drifting in and out of it's lane of travel, fluctuating speed, and nearly striking several objects. The affiant conducted a traffic stop on the black Ford sedan to check on the welfare of the driver. Upon contact with the driver/defendant, the affiant immediately detected the strong odor of an alcoholic beverage emanating from the defendant's breath, observed her eyes to be red/bloodshot and watery, and her movements to be slow and lethargic. The affiant requested the defendant perform Standard Field Sobriety Exercises (SFSEs), which the defendant agreed to do. During the SFSEs, the defendant showed multiple signs of impairment and was subsequently arrested for DUI. After a proper 20 minute observation period was conducted, the defendant agreed to provide two lawful samples of her breath. Breath Technician F. Mason (ABN:51920) provided the affiant with the results and they are as follows: first BrAC sample .130%, second BrAC sample .130%. The defendant was positively identified via her Michigan driver's license.

Pursuant to Florida Statute §92.525 and under penalties of perjury, I declare that I have read the foregoing document and the facts stated in it are true to the best of my knowledge. For Notices to Appear, I also certify that a complete list of witnesses and evidence known to me is attached.
