to road patrol in a fully marked Florida Highway Patrol (FHP) marked patrol vehicle equipped with emergency lights and sirens in the county of Palm Beach, Florida. I was dispatched by the Lake Worth Regional Communication Center (LWRCC) to assist Sergeant Mario Alarcon (ID # 324) who had conducted a traffic stop on a black in color BMW 4-door sedan bearing Florida tag # IW67WE. According to Sergeant Alarcon, the vehicle entered a road that was blocked by orange construction barricades and the driver had entered the construction zone driving the wrong way. Sgt. Alarcon stated over the LWRCC through his portable radio that he stopped the vehicle in the construction zone and that the driver is possibly impaired.

I arrived at Sgt. Alarcon's location on the westbound travel lanes of State Road 808 (Glades Road) a few yards west of Airport Road and just east of Interstate 95 (State Road 9). Sgt. Alarcon was working an Off-Duty employment detail in his FHP uniform and in a fully marked FHP agency vehicle and his emergency lights were already activated because he was actively monitoring an active construction site with workers present working on the roadway. I parked behind the black in color BMW 4-door sedan bearing Florida tag # IW67WE which was facing west, and Sgt. Alarcon's vehicle was stationed directly in front of the vehicle facing the vehicle.

Sgt. Alarcon briefed me on the reason for stopping the driver of the black BMW, who was identified as Mr. Sergiy Fedorov by his State of Florida Driver License (#F-361-780-83-141-0). Sgt. Alarcon provided me with Mr. Fedorov's State of Florida Driver license and Mr. Fedorov's Vehicle Registration for the black in color BMW which was registered to him. Mr. Fedorov had provided these 2 documents earlier and Sgt. Alarcon was waiting on the driver to provide his proof of Insurance since he was the registered owner of the vehicle. Mr. Fedorov was the sole occupant of the vehicle. Sgt. Alarcon also stated to me that he observed the driver's driving pattern and it alarmed him that the Mr. Fedorov had such a difficult time operating his own vehicle. Sgt. Alarcon mentioned the following: Mr. Fedorov was trying to exit the coned off and barricaded active construction site in his vehicle and he observed that Mr. Fedorov had a very difficult time operating his vehicle and he almost collided with other object within the construction zone. Sgt. Alarcon also stated to me that he asked Mr. Fedorov during the traffic stop if he had been drinking alcohol earlier and according to Sgt. Alarcon, Mr. Fedorov stated to him that he had a few alcoholic beverages earlier. From this point forward, I became the primary Officer on scene and took over the investigation.

I then made contact with Mr. Fedorov who was sitting on the driver seat of the black in color BMW 4-door sedan bearing Florida tag # IW67WE which was also registered to him and I observed that his BMW key fob was located in the center cupholder of the inside of the vehicle between the two front seats. Since Sgt. Alarcon had already provided me with Mr. Fedorov's driver's license and registration, I asked Mr. Fedorov if he had proof of insurance? Mr. Fedorov then stated that he was still looking for it on his cell phone which was mounted on his dashboard on a cell-phone mount. Mr. Fedorov appeared to be having difficulties scrolling through his phone and his fingers appeared fumbling with the phone screen which was a touch screen. Mr. Fedorov was never able to find the electronic or physical copy of the proof of insurance. As I spoke to Mr. Fedorov from the driver side

window, I leaned my head closer to his face and as he spoke, an obvious odor of an alcoholic beverage emanated from his breath and from inside the vehicle. Mr. Fedorov's speech was mumbled slurred and he spoke with an accent. I asked him if English was his second language and he stated yes and that his native language is Russian. I asked Mr. Fedorov where he was coming from and he stated that he was coming from a Christmas party and that he was heading home to Lake Worth. I asked him if he had food at the party and he stated "yes". I then asked him if he had anything to drink and he stated "yes". Mr. Fedorov stated that he drank "2 beers" and "prosecco". I then asked Prosecco? Is that wine? And he stated "yes".

I asked Mr. Fedorov if he had any medical conditions or ailments and he stated "no". I asked him if he was currently seeing a doctor and he stated "no". I asked him if he was insulin dependent and he stated "no." I asked him if he had any head injuries and he stated "no". I aske d him if had ever sustained an injury to his legs or knees and he state "yes" a few years ago. I looked at Mr. Fedorov's eyes and his eyes appeared bloodshot, water and glassy and they appeared droopy and he had a fatigued facial expression. I asked him to step out of the vehicle and Mr. Fedorov stepped out of the vehicle and appeared very labored while doing so.

Mr. Fedorov then stated to me, "before we do any tests, I would like to use the restroom". Note: I had not asked Mr. Fedorov any questions about any tests. I informed Mr. Fedorov that I could give him a ride in my patrol vehicle to a portable restroom that was in the active construction zone and he agreed to voluntarily come with me so that he could use the restroom to relief himself. I gave Mr. Fedorov a ride to the portable restroom located in the northbound entrance ramp to Interstate 95 from eastbound State Road 808 (Glades Road) without incident and brought him back to the same location of the traffic stop.

Once we returned, I asked Mr. Fedorov to step out of my marked patrol vehicle where I asked him if he would be willing to participated in field sobriety exercises so that I could gauge the level of his impairment and determine whether or not he was impaired, and he agreed to do so. We relocated just west of the traffic stop on the outside paved shoulder of State Road 808 (Glades Road). The ground was reasonably level and flat and the floor was dry. I laid out a straight line by laying down yellow tape which is approximately 2 inches wide. I asked Mr. Fedorov to step to the front of my patrol vehicle where the road surface was level and dry and the yellow duct tape was visible from the dash camera of my marked patrol vehicle.

The following are my observations of Mr./Ms. during the standard field sobriety exercises:

Mr. Fedorov was given a full demonstration for each exercise and when completed stated that he understood the instructions to the exercise. During this demonstration period Mr. Fedorov was asked to remain in a position with his feet together and arms by his side (with the exception of the walk and turn).

DEC 0 3 2022

1. Horizontal Gaze Nystagmus: I observed a lack of smooth pursuit in both eyes, distinct nystagmus in both eyes at maximum deviation, and the onset of nystagmus in both eyes before 45 degrees. Mr. Fedorov also had a difficult time following the pen with his eyes and eyes only and his eyes appeared blood-shot, watery and glassy.

2. Walk and Turn: Mr. Fedorov could not maintain balance in the start position during the instruction phase and was repeatedly instructed to get back into the start position. Mr. Fedorov lost his balance several times before the instruction was complete. Once Mr. Fedorov started the exercise, he stopped walking to steady himself several times. Mr. Fedorov did not touch heel to toe on multiple steps; he stepped off the line multiple times; Mr. Fedorov stumbled and lost his balance during the task' made an improper turn by stopping to steady himself. Mr. Fedorov took 10 steps forward on the first set of 9 steps and 9 steps on the second set of 9 steps on his return.

3. One Leg Stand: Mr. Fedorov swayed while balancing, used his arms for balance by raising them about 1 foot off to his side and placed his foot down several times during the exercise. He also started to hop several times near the end of the exercise.

Based on Sergeant Alarcon's observations of Mr. Fedorov driving; the obvious odor of an alcoholic beverage on his breath; his blood-shot, watery and glassy eyes; his mumbled and slurred speech; his poor performance of the standard field sobriety exercises combined with his statement that he had been drinking 2 beers and prosecco wine earlier at a Christmas party and based upon the totality of the circumstances- I determined that Mr. Fedorov had been operating a vehicle in the State of Florida while his normal faculties were impaired. At 2:01 am I placed Mr. Fedorov under arrest for DUI and informed him of such. I hand cuffed Mr. Fedorov and searched him.

Mr. Fedorov was transported to Palm Beach county jail where Intoxylizer technician Mr. Thomas (Certified Breath Test Operator) (ID # 19183) assisted me in trying to administer breath test. Observation began at 2:52 am. During this observation period I observed Mr. Fedorov for at least 20 minutes. Mr. Fedorov was asked prior to observation if he had any foreign objects in his mouth (including dentures) and he stated "no". Mr. Fedorov did not place anything into his mouth during this period, did not vomit or regurgitate.

I asked Mr. Fedorov in the Breath Alcohol Test (B.A.T) room within audio and visual view of the Palm Beach Sheriff's Office camera if he would submit to a lawful test of his breath to which he responded "no ". I next read Mr. Fedorov Florida implied consent (from PBSO corrections department issued card) at 03:23 am and asked if he would take a breath test. Mr. Fedorov Said "no". He refused at 03:24 am even after State of Florida Implied Consent was read. I next read Miranda warnings to Mr. Fedorov at 03:25 am and he declined to answer any further questions.

Mr. Fedorov was charged and booked into the Palm Beach county jail with DUI (F.S. 316.193.1a) and issued the following citations:
