[ ] **Marsy's Law CVI**
FL. Const. Art.1 § 16(b)

On 11/23/22, at approximately 2328 hours, I responded to a 911 hangup at the intersection of Congress Ave and Southern Blvd.

Upon my arrival, I observed a white Toyota Camry bearing FL Tag EDMF13 sitting off the roadway facing west bound, around the 2500 block of Southern Blvd. It appeared the vehicle missed the exit off of Southern Blvd. onto Northbound Australian Ave. There was no apparent damage to the vehicle to indicate that it had collided with anything. As I approached there was another motor vehicle parked next to the white Toyota that called 911. The driver of the second vehicle wished to remain anonymous, but stated the car has been parked for an extended amount of time.

Upon approaching the vehicle, a white female was fumbling with an unknown object around the wheel. I observed the vehicle to be turned off with the keys in the passenger seat. I asked the driver if she had a driver's license and the vehicle's registration and insurance. The driver provide her driver's license and was identified as Stephanie Taddy, while retrieving her registration, I asked where she was coming from and she stopped what she was doing and replied "coming from a friend's house" and never returned to retrieving the registration. I asked the defendant where she though she was, she replied " I am getting onto 95." The defendant was asked what time she thought it was, she replied 2100 hours, at which time it was approximately 2345 hours. I asked how many drinks she has had tonight, to which she replied the she had an unknown amount of wine at dinner.

During my encounter with the defendant, I smelled the odor of an unknown alcoholic beverage and the defendant's replies and movements were slow and lethargic. Due to my observations I believed the defendant to be under the influence and notified the PBSO DUI Unit and Inv. C. Ward #16305 responded on scene to continue the investigation.

It should be noted that once the tow truck driver responded he was able to drive the vehicle onto his truck, meaning the vehicle was operable while the defendant was in possession of the motor vehicle.

I conducted the Standardized Field Sobriety Tasks (SFSTs) in front of my PBSO patrol vehicle using the in car video system with the following results. The area appeared Flat and even to the naked eyed, Well Lit and clear of any large debris. It was Warm and Not Windy. The area was wet/dry.

Horizontal Gaze Nystagmus (HGN)

The defendant was placed with their feet together and hands down by their side. The defendant was instructed to await the completion of the instructions prior to beginning the task. The defendant acknowledged that they clearly understood my instructions. I then instructed the defendant on the task. The defendant stated that they clearly understood my instructions for the task. I placed my stimulus in front of the defendant and ask the defendant if they could see it to which he said "yes." I asked the defendant what color the stimulus was to which they answered. "red.". Upon commencing the task the defendant moved their head side to side instead of following with their eyes only and anticipated the stimulus. During the task, I observed that the defendant had equal pupil size and did not exhibit resting nystagmus. The defendant's eyes tracked equally.
I then checked the defendant for Vertical Gaze Nystagmus (VGN). I did not see a distinct and sustained nystagmus at maximum deviation in both of the defendant's left and right eyes.

An inventory search of the vehicle was conducted prior to tow per PBSO policy. I located the following i 4 pack box of 475 ml wine with only one bottle inside the vehicle. The vehicle was towed by rotation by Sister's towing to their impound lot.
