PROBABLE CAUSE STATEMENT				
<i>The undersigned certifies and swears that I have just and reasonable grounds to believe, and do believe that the above named Defendant committed the listed violation(s) of law. The Person taken into custody:</i> ☒ Committed the below acts in my presence. ☐ Confessed to [WITNESS] admitting to the below facts. ☐ Was observed by [WITNESS] who told [WITNESS] that he/she saw the arrested person commit the below acts. ☐ Was found to have committed the below acts, resulting from my (described) investigation.				
On August 23rd, 2026 at approximately 1841 hours, A Be on the lookout also known as BOLO was sent out from the Agency of West Palm Beach Police Department of a Black in Color Toyota 4 Runner, with an Oklahoma license plate of KIQ708 was speeding and driving in and out of traffic and the driver was possibly under the influence. The caller was able to identify the driver of the vehicle which is a White Female with blonde hair. At approximately 1844 hours, I was dispatched to a mobile eye, in reference to the same vehicle. The original caller was behind the vehicle and followed the vehicle and provided updated to the Palm Beach County dispatch. The caller was able to identify the driver as a White blonde female, with a blue dress on. The caller turned on his hazard lights which was how I was able to determine who the caller was and the vehicle that he was behind of. I got behind the vehicle in my marked Palm Beach County Sheriff's office vehicle and activated my dash camera and was able to get a brief driving pattern of the vehicle. I initiated the traffic stop using the agency issued red and blue lights, at Australian Blvd and Clear Water Drive, just south of Banyan Blvd. I addressed myself as D/S Sterling with the Palm Beach County Sheriff's office, and explained to the driver later identified as Anna Coffman, the reason for being stopped was for failure to maintain a single lane while operating the motor vehicle. I asked Coffman for her driver's license, registration and proof of insurance. While Coffman was looking for her driver's license, she slow reaction speed and only handed her driver's license, and did not hand me her Registration or insurance, until I requested it again. Coffman stated she was coming from a vintage event down in Delray and had nothing to drink. I inquired to Coffman if she was willing for me to check her eyes, to make sure she was safe to operate a motor vehicle, at this point she stated no. I then requested Coffman to step out of the vehicle and explained to her that she was being detained at the moment and was not free to leave. I notified Cpl. Snelgrove of what had occurred, and stated that he would respond to the scene, refer to his report for further. This report is for supplemental purposes.

Other Observations:

I explained the task, to which Coffman stated she understood the instructions and did not have any questions. I asked Coffman if she remembered the instructions, to which she stated I never provided instructions for the task causing me to re-explain the task. During the task, I observed Coffman to have equal pupil size, equal tracking, no resting nystagmus, lack of smooth pursuit, distinct and sustained nystagmus at maximum deviation, and onset prior to 45 degrees.

WALK & TURN:

I explained and demonstrated the task, to which Coffman stated she understood the instructions and did not have any questions. During the instruction phase, I observed Coffman to have difficulty maintaining the starting position and repeatedly asked questions about the counting process. During the task, I observed Coffman to step off the line, take the incorrect number of steps, make an improper turn, use her arms for balance, and stopped to steady.

ONE LEG STAND:

I explained and demonstrated the task, to which Coffman stated she understood and did not have any questions. During the task, I observed Coffman to have her knees bent, foot was not level to the ground as requested, miscounted, and swayed.

ROMBERG ALPHABET:

When asked about her education level, Coffman stated it was none of my business. When I asked if she could recite the English Alphabet without missing any letter, she was unsure. When I asked if she could count from 1 to 100 without missing any numbers, Coffman stated she did not know, maybe. She corrected me, stating I had said "letters" when asking about counting, though I had asked about counting numbers. Due to her responses to being unsure about reciting the alphabet and not knowing how to count from 1 to 100, this task was not conducted.

PROBABLE CAUSE STATEMENT				
The undersigned certifies and swears that I have just and reasonable grounds to believe, and do believe that the above named Defendant committed the listed violation(s) of law. The Person taken into custody: ☐ Committed the below acts in my presence. ☐ Confessed to [WITNESS] admitting to the below facts. ☐ Was observed by [WITNESS] who told [WITNESS] that he/she saw the arrested person commit the below acts. ☒ Was found to have committed the below acts, resulting from my (described) investigation. On August 23rd, 2026 at approximately 19:09, I was requested to respond to a traffic stop at Australian Ave and One Clearlake Way, in the City of West Palm Beach, FL., involving a black 2012 Toyota 4Runner, Oklahoma license plate KIQ702. Upon arrival, Deputy Sheriff J. Sterling (Identification Number 39312) stated he had responded to the area of a mobile eyes complaint and observed the vehicle failing to maintain its lane and conducted a traffic stop on the above-mentioned vehicle and observed indicators of impairment and requested I respond to conduct an impairment evaluation. I made contact with the driver, who identified herself as Anna Coffman, date of birth August 14, 1990, who stated her address was not accurate and that she lived in Northwood, approximately five minutes from the stop location. I detected a strong odor of alcohol coming from Coffman. Her eyes were bloodshot, watery, and glassy. Coffman was on her cell phone when I approached and stated she had a lot on her mind due to her father going through a divorce. She stated she was coming from Delray and was almost home. When asked about physical defects or injuries, Coffman stated she had a bug bite and that she moved furniture for work, which made her physically tired and weak. She stated she had mental problems related to her father's situation but no documented medical issues. Coffman stated she took no medications, legal or illegal, and had not consumed marijuana or THC. When asked if she had consumed alcohol, Coffman stated no. Based on my observations of impairment, I began to conduct Standardized Roadside Field Sobriety Tasks (SFSTs). First, I conducted the Horizontal Gaze Nystagmus Task. I explained the task, to which Coffman stated she understood the instructions and did not have any questions. Coffman had difficulty maintaining the instructed position with her feet together and hands at her sides. She expressed concern about passing out from locking her knees, stating this had happened in high school. She repeatedly asked about her dog in the vehicle and expressed anxiety about her phone being held by my partner. I asked Coffman if she remembered the instructions, to which she stated I never provided instructions for the task causing me to				

re-explain the task. During the task, I observed Coffman to have equal pupil size, equal tracking, no resting nystagmus, lack of smooth pursuit, distinct and sustained nystagmus at maximum deviation, and onset prior to 45 degrees.

Next, I conducted the Walk and Turn task. I explained and demonstrated the task, to which Coffman stated she understood the instructions and did not have any questions. During the instruction phase, I observed Coffman to have difficulty maintaining the starting position and repeatedly asked questions about the counting process. During the task, I observed Coffman to step off the line, take the incorrect number of steps, make an improper turn, use her arms for balance, and stopped to steady.

Next, I conducted the One Leg Stand task. I explained and demonstrated the task, to which Coffman stated she understood and did not have any questions. During the task, I observed Coffman to have her knees bent, foot was not level to the ground as requested, miscounted, and swayed.

Next, I conducted the Finger to Nose task. I explained and demonstrated the task, to which Coffman stated she understood the instructions and did not have any questions. During the task, I observed Coffman to not close her eyes without being instructed to do so, missed the tip of her nose multiple times, utilized the pad of her fingers, and did not bring her hands immediately back down by her side.

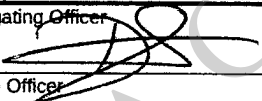

Finally, I attempted to conduct Romberg Alphabet task. When asked about her education level, Coffman stated it was none of my business. When I asked if she could recite the English Alphabet without missing any letter, she was unsure. When I asked if she could count from 1 to 100 without missing any numbers, Coffman stated she did not know, maybe. She corrected me, stating I had said "letters" when asking about counting, though I had asked about counting numbers. Due to her responses to being unsure about reciting the alphabet and not knowing how to count from 1 to 100, this task was not conducted.

Based on the totality of the circumstances, I have found Probable Cause to arrest and charge Anna Coffman pursuant to F.S.S. 316.193(1a) Driving Under the Influence.
