On the <u>30</u> day of <u>April</u>, <u>2026</u> at <u>01:59</u> (Specifically include facts constituting cause for arrest.)								
On Wednesday, April 29, 2026, at approximately 20:29 hours I Drug Recognition Expert and DUI Investigator J. Kahn #545 was requested by Officer S. Hewitt #544 to conduct an investigation at the scene of his traffic stop turned traffic crash. Officer Hewitts final stop/crash location was in the 5430-Blk of CR809A (Northlake Blvd) in the City of Palm Beach Gardens, Palm Beach County, FL. The vehicle involved was a Gray Tesla Model X bearing Florida tag RMG425. I contacted Officer Hewitt who stated to me: He initiated a traffic stop on V1 for multiple traffic violations and a driving pattern to include failing to maintain a single lane, swerving between the painted solid and dashed fog lines of the left through lane, and obstructing the flow of traffic in the left through lane by traveling anywhere from 10 to 15mph below the posted speed limit prompting traffic to pass on the right. Officer Hewitt was in his department assigned marked patrol vehicle. Officer Hewitt further stated, that when he got behind the vehicle and initiated his traffic stop around CR809A and Hunt Club Dr, instead of the vehicle properly yielding to his traffic stop it entered the left turn lane of CR809A at Christ Fellowship (5430-Blk of CR809A), bypassed the turn lane completely and mounted the median. As it mounted the median part of its driver's side front wheel well came out from underneath it as it struck a yellow reflective poll/median indicator. The vehicle proceeded another forty feet and struck a Palm Beach Gardens Police Department message board and radar trailer. It should be noted that Officer Hewitt first observed the vehicle eastbound on CR809A from Ryder Cup Blvd. After speaking with Officer Hewitt I contacted the driver and sole occupant of the vehicle (D1), Deborah McDonough, who was identified by Florida driver's license. contact I immediately observed signs and symptoms of impairment to include: I detected the strong and apparent odors of an unknown alcoholic beverage emanating from her breath. She was incapable of forming complete sentences during conversation and her speech was slurred. D1 exhibited mood swings and panic unbecoming of the situation. Her eyes were bloodshot and watery, her eyelids were droopy, and her face was flushed. D1's pupils were equal in size but were exhibiting rapid dilation and constriction in consistent lighting. Due to her semi-nonverbal state, her inability to form complete sentences and thoughts, I requested Fire Rescue to come to the scene. Fire Rescue arrived and evaluated D1. They transported her to Gardens Medical Center, PBGFR run# 26005323. When D1 exited her vehicle, she was unsteady and uncoordinated. I recontacted D1 at Gardens Medical Center at approximately 22:00 (3360 Burns Rd, Palm Beach Gardens, FL). At the time of the contact D1 was hooked up to monitors in ER bed 24 that displayed her vitals. Her pulse rate was elevated, never going below 99bpm. Her blood pressure fluctuated on two separate readings, 133/66 and 133/53. As a Drug Recognition Expert, I recognize these vitals are consistent with alcoholic beverage (ETOH) impairment. I advised D1 that I was conducting a criminal investigation; I did not need her statement for the crash because it was witnessed by Officer Hewitt. I conducted a brief interview where I learned that D1 was returning home from a gathering of friends somewhere in PGA National. D1 refused to answer my questions regarding alcohol consumption and requested to make a phone call to determine whether or not she should continue to talk to me. D1 continued to speak in an inconsistent and incoherent way. When I confronted her about her speech pattern, she became irate and spoke in a complete, albeit slurred and thick tongued way. I advised D1 that it was impractical and improbable to perform SFST's based on her condition. Furthermore, it was improbable to get a breath sample. Due to these factors, I requested a blood sample. She refused. I provided Implied Consent from a preprinted Florida Department of Transportation (FDOT) card. I clarified implied consent and the consequences of her decision-making process. She maintained her refusal. Having displayed numerous signs and symptoms of impairment and failing to provide a chemical test as requested, I placed D1 under arrest for DUI and DUI Causing Property Damage. She was released from Gardens Medical Center. During the release, she failed to keep her bowels and pooped on her feet. After medical staff assisted in cleaning her up, she was transported to the Palm Beach Gardens Police Department booking location for processing.
