Probable Cause

On October 21st, 2026, at approximately 03:02am The Lake Worth Regional Communications Center (LWRCC) received a call in reference to an FDOT (Florida Department of Transportation) Road Ranger on scene with a white Mercedes Benz that was parked on the outside shoulder on Interstate 95 (State Road 9) just north of County Road 812 (Lantana Road). LWRCC advised me that the Road Ranger that was on scene with the vehicle requested a trooper to respond due to the driver of the vehicle being unresponsive.

I was dispatched to this call for service at approximately 03:04am and arrived on scene at approximately 03:15am. When I arrived on scene, I observed a White Mercedes Benz SUV (Sport Utility Vehicle) bearing Florida tag (10AZMR) parked on the outside shoulder with its hazard lights activated. I approached the front passenger side of the vehicle and observed the sole occupant of the vehicle asleep in the driver's seat. I began to try to wake the driver by giving loud and clear verbal commands and by tapping/hitting the window, but the driver would not wake up. Shortly after this, the driver regained consciousness and began to look around in a confused state and was slow to react to commands, closing his eyes again at times. I requested EMS (Emergency Medical Services) to respond to my location due to the possibility that the driver was experiencing a medical episode.

Trooper Trenton Prather (ID 1705) responded shortly after my arrival and attempted to get the driver out of his vehicle while I repositioned my vehicle (FHP1130) directly in front of the White Mercedes Benz. The driver eventually exited his vehicle from the front driver's side door. Upon the driver exiting, I

observed him to have an issue in maintaining his balance as he exited, leaning on his vehicle and on the concrete median wall barrier. The driver would later be identified by his Florida drivers license (R-200-177-80-330-0) as Deivit Santos Ruiz (DOB: 09/10/1990).

Upon talking with Mr. Ruiz, I observed his speech to be slurred and observed his eyes to be glassy/watery. Upon initially interacting with Mr. Ruiz, I did not smell an odor of an unknown alcoholic beverage emanating from him as he had very strong cologne on. I asked Mr. Ruiz why he was sleeping and he did not recall himself being asleep. I asked Mr. Ruiz why he was parked on the shoulder and he could not tell me how he got there. Mr. Ruiz stated that his vehicle did not have or was not experiencing any malfunctions. I also asked Mr. Ruiz where he was coming from, and he looked around in a confused state and advised me that he did not know. After questioning, I asked Mr. Ruiz if he had any medical issues and he stated no but he takes medication for blood pressure. I also asked Mr. Ruiz multiples times if he had consumed any alcoholic beverages and he stated no.

At 03:27am Palm Beach County Fire Rescue responded to the scene and assessed Mr. Ruiz in the back of Rescue 93 (PBC26127724). While in the ambulance with Mr. Ruiz and other medical personnel I began to smell the odor of an unknown alcoholic beverage emanating from Mr. Ruiz as he spoke. Mr. Ruiz's vital signs were taken, and he subsequently refused further medical services from Palm Beach County Fire Rescue.

Once Mr. Ruiz exited the ambulance, I still observed him to be unsteady on his feet and having trouble maintaining his balance. As I began to talk to Mr. Ruiz again, I began to get closer to his face and could smell the odor of an unknown alcoholic beverage emanating from his breath.

At this point in time, I asked Mr. Ruiz if he would be willing to perform voluntary Standardized Field Sobriety Exercises (SFSEs) to determine his level of impairment and ability to drive. Mr. Ruiz stated no. I advised Mr. Ruiz of his Taylor Warnings and advised him that if he does not participate in SFSEs I would have to base my decision on my observations thus far. He understood and still did not want to participate.

Based upon the above information and the totality of the circumstances, I determined that there was probable cause to believe that Deivit Santos Ruiz committed the offense of driving under the influence by being in actual physical control/operating a motor vehicle while under the influence of alcoholic beverages, any chemical substance per Florida State Statute 877.111, or any controlled substance per Chapter 893, while his normal faculties were impaired. I placed Deivit Santos Ruiz under arrest at 03:39am for the above offense and handcuffed him behind his back and placed him in the back seat of my fully marked Florida Highway Patrol vehicle. While fastening his seatbelt for safety, I continued to smell the odor of an unknown alcoholic beverage emanating from his breath. His vehicle was subsequently towed by Sisters towing company. He was then transported to the Palm Beach County Breath Alcohol Testing (BAT) facility. I conducted a twenty-minute observation period where I ensured that he did not ingest anything by mouth or regurgitate.

Upon entering the room where the breath test would be conducted, Mr. Ruiz was asked to provide a breath sample to determine the alcohol content of his breath. He refused to provide the breath test samples. Mr. Ruiz was then read Florida implied consent and after explaining Florida implied consent multiple times he understood but was not willing to provide a breath sample.

Mr. Ruiz was subsequently booked into the Palm Beach County Jail without incident.
All the above events occurred in Palm Beach County, Florida.
