D.U.I. PROBABLE CAUSE AFFIDAVIT

ON THE 11th DAY OF June 2023 AT 1725 ☐ A.M. ☒ P.M.

CASE #: 23-025474

DEFENDANT: Lewandowski, Edward

PERSONAL CONTACT/DRIVING PATTERN/OBSERVATION OF DRIVER:

On June 11th 2023 at approximately 1725 hrs., I responded to the area of SW 27th Ave SW 13th Ct., in the city of Boynton Beach. This was in reference to a motor vehicle crash. Upon my arrival, several officers had already arrived on scene.

I made contact with Officer Strong who advised the following;

"On June 11th, 2023 at approximately 1725 hours I responded to the intersection of SW 27TH Ave and SW 13th Ct Boynton Beach, FL in reference to a vehicular accident. Dispatch advised an involved part believed the other driver was intoxicated. Upon making contact with the w/m Edward Lewandowski, the driver of the grey 2012 Ford Explorer (bearing FL Tag JRCM32), I observed him to be stumbling, slurring his speech. I could smell the odor of alcohol emitting from this breath. Lewandowski advised me of how the crash occurred and stated he was in his way home from "Major's", which is a bar type establishment."

I then made contact with Lewandowski who was sitting on the back fender of the open trunk to the the above stated vehicle. I asked Lewandowski to stand up while I spoke with him. Upon speaking with Lewandowski in regards to the crash, I observed his pupils to be not tracking together, was not able to stand without utilizing the vehicle as a leaning post or chair and Lewandowskis speech was slurred and thick when he spoke. Lewandowski advised that he was on his way home and driving down here (pointing to SW27th Ave.) and took a wide turn onto SW 13th Ct. in order to pull into his driveway at 2811 SW 13th Ct. and in doing so hit a vehicle that was stopped at the stop sign. I then advised Lewandowski that I had completed my crash investigation and due to my suspicion of him driving under the influence of an unknown alcoholic beverage I was moving forward with a DUI investigation.

Based on my observations listed above, I believed his abilities to operate a motor vehicle were impaired. As a result, I requested he walk to the center of the roadway (blocked off by 2 patrol vehicles). While walking over to the center of the roadway I was able to observe that Lewandowski had a great deal of difficulty walking due to his lack of balance, stumbling and swaying. At this time, I read Lewandowski his Miranda Rights where he stated he understood. When asked, Lewandowski stated he was coming home from Majors. Lewandowski did state he had consumed a half glass of a Jack and ginger while at Majors. Based on my observations, I believed Lewandowski to be under the influence of a narcotic as no smell of an alcoholic beverage was detected. As a result, I requested Lewandowski submit to SFST's at which time he agreed.

HORIZONTAL GAZE NYSTAGMUS:

- ☒ Left eye does not follow smoothly
- ☒ Left eye prior to 45 degrees
- ☒ Distinct jerking in left eye at maximum deviation
- ☒ Vertical Nystagmus in left eye

- ☒ Right eye does not follow smoothly
- ☒ Right eye prior to 45 degrees
- ☒ Distinct jerking in right eye at maximum deviation
- ☒ Vertical Nystagmus in right eye

WALK AND TURN:

I explained and demonstrated this task to Lewandowski who stated he understood and swayed throughout the duration of the task, did not stay in position and continuously lost his balance. While explaining this task to Lewandowski, he was unable to remain in the instructional position as he lost his balance several times. Lewandowski additionally began walking prior to being told to do so several times. Upon beginning this task when told to do so, Lewandowski stepped off the line, raised his arms for balance and missed touching heel to toe on several occasions. Lewandowski further conducted an improper turn by not turning at all and stopped the task. Upon beginning this task for the second time when told to do so, Lewandowski stepped off the line, raised his arms for balance and missed touching heel to toe on several occasions. Lewandowski further conducted an improper turn by stopping and not taking a series of small steps as instructed but turning in a circle. Lewandowski did not take the proper number of steps.

ONE LEG STAND:

I explained and demonstrated this task to Lewandowski who stated he understood and swayed throughout the duration of the task. Upon beginning this task, Lewandowski immediately began to fall over. Due to my concerns that Lewandowski was not able to safely continue with this task we moved onto the next.

FINGER TO NOSE:

I explained and demonstrated this task to Lewandowski who stated he understood. Upon beginning this task, and Lewandowski getting close to his nose, Lewandowski had to stop and began to search for the tip of his nose. Lewandowski additionally did not return her arm to her side once she touches her nose before my next instruction. Lewandowski did not keep his head tilted back or his eyes closed for the duration of this task.

ROMBERG/ALPHABET:

I explained and demonstrated this task to Lewandowski who stated she understood. Magnavita was able to conduct this task as described, however without closeing his eyes or tilting his head back.

Based on the above, Lewandowski was placed under arrest (handcuffed D/L and checked for tightness) at 1808 hrs. Upon Officer Teleria responding to the scene he conducted a thorough search of Lewandowski where he located a clear plastic baggie containing a white powdery substance which through my training and experience I suspected to be cocaine in his front right pocket. When Lewandowski was asked what it was he advised us that it was "a dime bag of cocaine". When asked wen was the last time he used cocaine he advised never because the baggie was not his.

This baggie was later field test (positive) by Officer Strong and entered into BBPD evidence with a TPW of 4.3 grams.

I then transported Lewandowski to the PBCJ BAT at 1827 hrs. and arrived at 1847 hrs. where a conducted my 20 min. observation period of Lewandowski. After completing this, I requested Lewandowski submit to a lawful sample of his breath for the purpose of determining its alcohol content. At this time, Lewandowski agreed. Lewandowski was able to provide two valid samples, the first of which was at 1914 hrs with a reading of .000, the second of which was at 1917 hrs. with a reading of .000. Due to my belief the signs of impairment of Lewandowski appeared greater than the reading, I believed Lewandowski may be under the influence of a narcotic as well. Due to this, I requested Lewandowski submit to a lawful sample of his urine to detect the presence of any chemical or controlled substances. At this time, Lewandowski stated he would submit. As a precaution of Lewandowski later refusing off camera and not being able to provide a sample off camera I did advise Lewandowski of Implied consent to which he stated he understood. I was not able to collect a sample of

Lewandowskis urine as after trying three separate times he stated he would not be able to provide a sample and was done trying at 2002.

Based on the above facts, Lewandowski is being charged with one count of DUI refusal Pursuant to FSS number 316.1939(1). Lewandowski is additionally being charged with one count of DUI property damage Pursuant to FSS number 316.193(3) and Possession of cocaine under 20 grams pursuant to FSS number 893.13(6)(a) Lewandowski was processed and TOT PBCJ.
