Art.1 § 16(b) While patrolling S Military Trl and Cedarpoint Blvd, unincorporated Boynton Beach, FL 33437 I observed a black Nissan Versa bearing Tag (LMGS36) run a solid red light at the above location on S Military Trl traveling north bound almost causing a car accident. The vehicle slowed down almost making a full stop in the middle of the roadway. I turned on my overhead lights of my marked patrol vehicle. I pulled the vehicle over as I made contact I observed a child in the back seat along with a white female in the front passenger seat. I identified myself to the driver of the vehicle who identified himself as, Edwin Francisco Quintana Reyes (FL DL) who was behind the wheel of the vehicle. I observed Reyes with glossy red eyes and he let go of the brake after I told him to place his vehicle in park and turn it off. While conducting my stop Reyes appeared disoriented and did not stay in the vehicle after being told several times. Finally Reyes got back into his vehicle until DUI investigator White # 7209 arrived on scene. Reyes was cited for failing to stop at steady red light per F.S.S. 316.075 (1)(c)(1)

☐ Morsy's Law CVI FL Const. Art.1 § 16(b)														
On Saturday, September 30, 2023 at approximately 2315 hours, I was responded to South Military Trail, south of Old Boynton Road, Boynton Beach (Palm Beach County) Florida to assist Deputy J. Maldonado with a traffic stop that involved a possible impaired driver. Upon my arrival I noticed the deputy's patrol car stopped in the northbound outside lane of S Military Trail behind a black vehicle. Her emergency lights were activated. Inv. Anthony Tejada was also on scene and provided assistance with translation. I spoke with D/S Maldonado who told me she conducted a traffic stop on the black vehicle after watching it run a solid red light. After making contact with the driver she suspected him to had been drinking alcoholic beverages. She asked for a DUI unit to respond to her location to assess the driver for impairment. Inv. Tejada and I made contact with the driver who was currently seated in the driver seat of the previously mentioned vehicle. His wife was seated in the front passenger seat and their child (Enzo Quintana 03/14/2015) was seated in the rear passenger seat. Both parents appeared to had been drinking alcoholic beverages. The driver was later identified as Edwin Francisco Quintana Reyes by his Florida driver license. I noticed his eyes were red, watery and glossy. His mouth was dry and he slurred his speech while speaking. His movements were slow and lethargic. I could smell a strong odor of an unknown alcoholic beverage emanating from the inside of the vehicle. He was wearing blue jean shorts, a black shirt and black sneakers. I told him he was stopped for running a solid red light. Moreover, I told him the deputy who stopped him suspected him to had been drinking alcoholic beverages. I explained I shared her suspicion of his alcoholic beverage consumption which was prompted by the previously mentioned indicators he was exhibiting. He admitted to drinking three beers at his nephew's birthday party. Based on my suspicion I asked if he would perform Standardized Field Sobriety Tasks to determined if he was impaired while operating his vehicle. He obliged.

☐ Morsy's Law CVI FL Const. Art.1 § 16(b) Prior to his performance I asked if he had any physical issues with his body. I also asked if he was taking medication. He reported he neither has anything wrong with him physically, nor is he taking medication. I escorted him to a level surface that was smooth and free from any obstruction and debris. This area was well illuminated by ambient lighting and from the headlights of my patrol vehicle. I could now smell a strong odor of an unknown alcoholic beverage coming from his breath. I placed a yellow strip of tape on the surface that formed a line. The defendant identified the tape by announcing its color and placing his left foot on it when prompted to do so. The following tasks were explained, demonstrated, translated and acknowledged by him prior to his performance: HGN, THE WALK AND TURN, ONE LEG STAND, FINGER TO NOSE AND THE ROMBERG ALPHABET RECITATION. His deficiencies were recorded on another form on this work packet. At the conclusion of the tasks, coupled with the deputy's observation of the defendant's vehicle running through the red light and my observation of personal indicators of impairment exhibited by the defendant, probable cause was established for DUI. I told the defendant he was being placed under lawful arrest for the charge. He was handcuffed (checked for proper fit) prior to being seated into the rear of my patrol vehicle. Zuccala's Towing responded on a rotation request and impounded the defendant's vehicle to their lot. Meanwhile I began transport to the main jail's breath analysis facility for further processing. Inv. Tejada followed. Upon our arrival I escorted the defendant into the facility and began a 20 minute observation period. During this time the defendant did not ingest anything into his body orally or otherwise. Neither did he regurgitate. Afterward I escorted him into the testing room and asked him to provide breath samples for the purpose of detecting his alcohol content. He obliged and was turned over to the breath technician. The defendant provided two (2) adequate breath samples that rendered results of .163 and .164. Due to the road where the translator was need for "calls for service" no Q&A was performed. The defendant was cited for the traffic violation and booked into the main jail for DUI.
