PROBABLE CAUSE STATEMENT			
<i>The undersigned certifies and swears that I have just and reasonable grounds to believe, and do believe that the above named Defendant committed the listed violation(s) of law. The Person taken into custody:</i> ☒ Committed the below acts in my presence. ☐ Confessed to [WITNESS] admitting to the below facts. ☐ Was observed by [WITNESS] who told [WITNESS] that he/she saw the arrested person commit the below acts. ☐ Was found to have committed the below acts, resulting from my (described) investigation. On May 5th, 2026 at approximately 02:35 hours, I conducted a traffic stop on a Lexus ES 350, Florida license plate IZYH87, at Lantana Rd and S Jog, just east of. I observed the vehicle fail to move over at Lantana Road and South Haverhill Road just east of the intersection for a marked law enforcement vehicle with their emergency lights activated. I went to stop the vehicle and had to go 80 MPH and then maintain said speed to catch up to the vehicle. I then activated my emergency lights and siren just east of Brentwood Blvd and Lantana Rd. The vehicle continued for some distance before pulling over, passing multiple opportunities to pull over. The vehicle then stopped just east of S Jog Rd on Lantana Rd. Upon making contact with Emmerson, I instructed all occupants to roll down all windows. Three individuals were present in the vehicle. I identified myself as Deputy Martinez with the sheriff's office and explained that when she passed the other patrol car with their lights activated, she did not slow down or move over. Emmerson stated she was sorry. The driver was later identified as Emmerson Spadaccini (W/F DOB: 09/05/2006) via a picture of her driver's license on her phone due to her not having it in her possession. I asked why it took so long to stop after I activated my lights and siren at the last intersection. Emmerson stated she was trying to get to a good spot to pull over. I explained that officers decide where vehicles stop and that she could have pulled into the last intersection where the neighborhood was located or crossed into the turn lane. I requested Emmerson's license, registration, and insurance. Emmerson stated she did not have her license with her but had a picture of it. She was unable to locate her registration, handing me a "Deal Summary" paper. Emmerson stated the car was new and her mother told her to put the registration in the folder. The second document was an insurance card dated November 2025. I confirmed the insurance appeared to be current. Emmerson continued searching for the proper documentation. I asked if there had been any alcohol consumed tonight due to the strong odor of an unknown alcoholic beverage coming from the driver's seat area where I was standing directly next to. Additionally, when she looked at me to speak with me I observed her eyes to be glassy which is consistent with someone that has consumed alcohol. Emmerson initially said no and was about to say something further, but then hesitated.			

I asked if she wanted to re-answer the question. Emmerson stated no again and said she was just scared. I confirmed if she was 18 or 19 years old. She stated she was 18.

I asked why she was upset. Emmerson stated she was upset because she got pulled over and her mother would be angry. She stated she had been pulled over before for speeding. I told Emmerson she was speeding during this stop as well, as I paced her at 80 miles per hour to catch up to her. I stated that once I got behind her vehicle, she braked hard, and after I activated my lights, it took a long time for her to pull over. Emmerson stated she was not going 80 miles per hour.

Based on my observations during the traffic stop, I contacted DUI Investigator Noel to conduct a further investigation. Additionally, I issued a warning to Emmerson for violation of the move over law.

I acknowledge this report was generated from a digital recording using Draft One by Axon. I further acknowledge that I have reviewed the report, made any necessary edits, and believe it to be an accurate representation of my recollection of the reported events. I am willing to testify to the accuracy of this report.

PERSONAL CONTACT

DRIVING PATTERN: ACTUAL PHYSICAL CONTROL (PHYSICAL EVIDENCE OR STATEMENTS PUTTING DEF. BEHIND WHEEL OF VEHICLE)

On May 5th 2026 at approximately 2:30 a.m., I was on a separate stop on Lantana Road at Haverhill Road with D/S G. Martinez ID 37526 when D/S Martinez advised that he was going after a vehicle having violated the move over law as we were stopped in the westbound lanes of travel. This area is located in unincorporated Lake Worth, Florida, Palm Beach County. Upon completing our other incident with a disabled vehicle in the roadway, I arrived on the traffic stop with D/S Martinez and learned the following through a sworn P.C Affidavit:

D/S Martinez initiated a traffic stop on a gray Lexus FL tag "IZYH87" making contact with a white female driver and two other female occupants. D/S Martinez made his observations of possible impairment and therefore turned the investigation over to me. See P.C for further.

OBSERVATION OF DRIVER:

I observed the driver, identified by her FL DL photo as the above listed wearing a brown top with jeans. I immediately observed the drivers eyes to be glassy and red bloodshot and her face was flushed red. I also observed an obvious odor of alcohol coming from the vehicle as it appeared that all three occupants had been drinking. I removed the driver from the vehicle and escorted her to the sidewalk area. While walking to the sidewalk, I observed this same odor coming from her person, which intensified as she began speaking. As the driver stood in front of me, I observed her sway noticeably.

DRIVER'S STATEMENTS:

The driver initially denied drinking then began crying. The driver stated that they were coming from a friends house, [REDACTED] See BWC for further.

ODORS:

obvious odor of alcohol

☒ RT- EYE-ONSET OF NYSTAGMUS PRIOR TO 45 DEGREES

Other Observations:

Resting nystagmus was not observed; equal tracking and equal pupil size in both the left and right eyes. I observed a lack of smooth pursuit in both the left and right eyes. I observed distinct and sustained nystagmus at maximum deviation in both the left and right eyes. I observed an angle of onset at approximately forty degrees in both the left and right eyes. VGN was not observed.

WALK & TURN: SFST

The driver was placed on a solid yellow piece of tape line, which the roadway was flat, level and well lit on the sidewalk. The driver came out of the stance once and continued putting her hands on her hips during the instructions. The driver walked nine steps forward while missing heel to toe once, twice and off the line on the fourth step. The driver turned the wrong way, not as instructed while repositioning her foot to continue. The driver then walked another nine steps missing heel to toe on the final step.

ONE LEG STAND: SFST

During the instructional stance, the driver sway noticeably. The driver used her right foot for the task. The driver raised her right foot, higher than instructed and began counting while looking at me, not as instructed. The driver had difficulty keeping her foot at about six inches while counting, but was able to complete the task without putting her foot down.

FINGER TO NOSE:

During the instructional stance, the driver did sway noticeably. On the first attempt, the driver touched her upper lip area then nose and did not return her arm to the side. I had to explain the instructions again for a second attempt at this task. The driver touched her nostril while turning her head in the direction a few times.
