Probable Cause

On Saturday May 25th, 2024 at approximately 09:00pm Lake Worth Regional Dispatching Center (LWRRC) notified of a crash that had just occurred located on northbound Interstate 95 (State Road 9) exit ramp to Palmetto Park Road. Being the closest unit to the crash, I responded from State Road 810 (W Hillsboro Boulevard) in my fully marked Florida Highway Patrol vehicle (FHP00544/VIN:2C3CDXAT2KH552993).

Upon my arrival on scene, I observed a white sedan with heavy rear end damage blocking the left westbound turn late directly at the start of the intersection. I observed another vehicle, a black Sedan directly behind with heavy front-end damage. These were both the involved vehicles. I observed a third vehicle, a blue sedan in the right westbound turn lane to the right of the involved vehicles. The blue sedan was a witness and the driver also provided a sworn written witness statement. The driver of white sedan that was struck in the rear portion also provided a sworn written witness statement. Both will be added to the completed arrest packet. Note: Please refer to Trooper Mark Thomas's (Badge #5210) crash report for a full documentation of the crash, it will also be added to the completed arrest report.

As I arrived on scene Boca Fire Rescue was also arriving on scene. I exited my patrol vehicle and approached the driver of the black sedan who was initial in the front driver's seat of the vehicle. As I approached, she exited and came directly up to me. She quickly got very close and attempted to touch my hands with both of her hands. I immediately observed that her spatial awareness was very lacking. She was unable to balance and would continuously step close to paramedics and officers on scene. I could smell a faint odor of an unknown alcoholic substance coming from her breathe, her eyes were blood shot and glassy, her eyes lids were egregiously low, and she had a prominent orbital sway as she stood in any one place. I only spoke with her for a moment as Fire Rescue arrived on scene, so I advised them to treat her first. I spoke with the other driver's involved in order to determine what happened, gather information and verify that information. Trooper Thomas arrived on scene at approximately this time and conducted his crash investigation.

The at fault vehicle, black Mercedes, was bearing the Florida license plate #RCFW82 which was entered into NCIC/FCIC revealing a black 2018 Mercedes C-Class registered to a Flavia Bertolla out of Pompano Beach. The driver was identified by Florida drivers license as Flavia Bertolla (DL: B-634-240-84-720-0, W/F, DOB: 6/20/1984).

I returned to Mrs. Bertolla and asked her a few basic questions regarding the accident. It was very difficult to articulate much of what she was saying. Her balance was off, she was excited with energy and spoke flamboyantly with a continuous smile. She didn't seem to be aware of exactly what was going on to any extent. She advised that she was going home and came from the beach, but when later asked she advised that she was leaving a friend's house and that she did have a few drinks, specifically mixed drinks called cosmopolitans. I explained to Mrs. Bertolla that Trooper Thomas was now done conducting his crash investigation and that I would be moving into a criminal investigation reference DUI. I advised Mrs. Bertolla to walk over to the front of my patrol vehicle so that I could further speak with her. Once there, I asked her a few basic questions that she was initially asked during our first encounter. I asked her if she had any sort of medical injuries or medical conditions, if she took any medications, if she drank or ingested anything besides alcohol, and if she wore contacts or glass, she stated no to all. Note: just prior, Boca Fire Rescue cleared her of any injuries and she also stated that she was fine and that she had no injuries. I explained to Mrs. Bertolla that at based on the totality of circumstances I believe she may be under the influence of drugs and or alcohol. I offered Mrs. Bertolla the opportunity to take voluntary Field Side Sobriety exercise to determine her level of possible intoxication, she agreed. Note: While speaking with Mrs. Bertolla, I could smell more strongly an unknown alcoholic substance now coming from her breath as she spoke.

Prior to administering the voluntary exercises, I advised Mrs. Bertolla to stand in the starting position with her feet together and her at her sides. I asked if she could clearly see the black tip of my pen, she stated yes. Video and audio footage are available upon request. The summary below is not intended to be a verbatim account of all the events that took place during the administration of the standardized field sobriety exercises. (See in car dash camera footage for an in-depth video of events)

Horizontal Gaze Nystagmus Exercise

A black ballpoint pen with a black tip was used. Mrs. Bertolla stated that she could clearly see the tip of the stimulus as well as the tip of my finger. The exercise was explained and demonstrated. Mrs. Bertolla was unable to keep her head still as she was instructed to numerous times. I had to advised another Trooper to stand behind her incase she fell over as she could hardly maintain her balance which had to be continued for the remainder of all exercises. Note: a few times she almost did fall over due to lack of balance as seen clearly on my patrol cars dash camera footage.

-I checked for resting nystagmus which was observed in both eyes
-I checked for equal pupil size and equal tracking;
(Both pupils were equal in size both eyes did track the stimulus equally)
-I observed a severe lack of smooth pursuit in both eyes
-I observed horizontal gaze nystagmus at maximum deviation in both eyes
-I observed Horizontal Gaze prior to 45 degrees in both eyes
-I observed Vertical gaze in both eyes

Walk and Turn Exercise

A piece of yellow duct tape was used as a solid straight line in front of my patrol vehicle. The exercise was explained and demonstrated. Mrs. Bertallo stated that she understood the direction. She was unable to maintain the starting position at all, she continuously stepped off the line and missed heal to toe on almost every step. Again, as mentions above in the last exercise, I had to request that a Trooper remain with us for the duration of the exercise to prevent her from losing her balance and falling over.

-Could not maintain starting position
-Started too soon
-Stepped off the line
-Did not count out loud
-Did not touch heel to toe
-Incorrect number of steps
-Improper turn
-Used arms for balance

One Legged Stand

The exercise was explained and demonstrated to Mrs. Bertolla, she stated that she understood the directions.

-Used arms for balance
-Swayed
-Put foot down
-Did not lift foot 6inches off the ground

Based on the totality of the circumstances I determined that there was probable cause to believe that Flavia Bertolla committed the offense of driving under the influence by being in actual physical control/operating a motor vehicle while under the influence of alcoholic beverages, any chemical substance per Florida State Statute 316.193, or any controlled substance per Chapter 893, while their normal faculties were impaired. She was placed under arrest at approximately 08:45pm for the above offense. Mrs. Bertolla was escorted to the rear of my patrol vehicle, a search was conducted of her person prior to placing her in the rear right seat of my patrol vehicle which yielded no results. (Search was conducted by Boca Raton Police Department Officer Ricciardi, Badge#817)

Note: While inventorying Mrs. Bertolla's vehicle a clear, open and empty rum bottle was located

inside her large black and white open purse. Her purse was located on the front passenger seat. The bottle was identified as The Strawberry Daiquiri with Cruzan Rum which was 375ml, 40 Proof at 20% ALC/VOL. Pictures where taken and will be attached to the complete arrest reported. It is important to further notate that while in my custody, I did not ask Mrs. Bertolla any direct incriminating questions even prior to her refusing her Florida Miranda Warning. However, she made a plethora of spontaneous utterances while in my custody. While at the hospital for medical clearance she stated that she advised her husband to drive with the kids because she was drinking. While in the rear of my patrol vehicle she made more. Due to my inability at this time to completely review all audio and video footage, all information will be added to the incidental report.

I transported Mrs. Bertolla to Palm Beach County Breath Alcohol Testing (BAT) facility at approximately 09:00pm. Bertolla underwent a 20-minute observation period where she did not ingest anything by mouth or regurgitate (mouth was confirmed to be empty prior to beginning the observation period. At approximately 9:50PM Mrs. Bertolla provided a refusal. She was then read Florida Implied Consent to which she stated that she understood and again, provided a refusal. Mrs. Bertolla was read Florida Miranda Warning which she stated that he understood, she stated that she did not want to answer any questions. (See BAT video footage for a complete account of the question and answering segment). Mrs. Bertolla was then transported to Good Samaritan Medical Center located on Haver Hill and State Road 704 (Okeechobee Boulevard) regarding medical clearance for booking. She was then transported back to Palm Beach county jail and booked with no further incident.

All events occurred in Palm Beach County, State of Florida.
