Probable Cause

On Tuesday, July 4th, 2023, I- Trooper Marcio Henriquez Zuniga (1460/ 4648) was assigned to road patrol in a fully marked Florida Highway Patrol (FHP) agency vehicle in the county of Palm Beach, Florida. At approximately, 10:27 pm I was traveling northbound in the express lanes of Interstate 95 (State Road 9), just north of Palmetto Park Road when I observed a white in color Toyota Tacoma pickup truck bearing Florida tag # BT37LA also traveling northbound in front of me. The vehicle caught my attention because it made several lane changes from lane number four into lane number two and it almost side swiped another vehicle that was traveling northbound in lane number one. I activated the dash-camera on my marked patrol vehicle (FHP1050) and continued collecting a driving pattern of the vehicle. Furthermore, I observed that the vehicle continued weaving, drifting and not maintaining a single lane effecting other traffic. The vehicle also was following vehicles so closely that the vehicles in front changed lanes because of how close the vehicle was behind them. After collecting a reasonable driving pattern for several miles, I activated the emergency lights and sirens on my marked patrol vehicle and initiated a traffic stop northbound just south of County Road 812 (Lantana Road). The vehicle came to a stop on the right side of the roadway on the paved outside shoulder.

I made a driver side approach of the vehicle and made contact with the driver who was later identified as Mr. Fredrick Todd Hildreth (H-436-258-93-305-0) by his State of Florida Driver License. I also observed two toddlers in the back-seat seating down in child restraint devices. A little girl about 1 year old and another little girl about 2-3 years old sitting down sleeping in the back seat. Mr. Hildreth would later inform me that he is the father of the two little girls. I requested his driver's license, registration and proof of insurance. As I spoke to Mr. Hildreth, an obvious odor of an alcoholic beverage emanated from within the vehicle and would become more pronounced the more he spoke. I illuminated the inside of the vehicle and observed that Mr. Hildreth's eyes were bloodshot, watery and glassy. Mr. Hildreth's speech was mumbled, slurred and he exhibited a physical as well as a mentally intoxicated presence. I also observed that he had a cardboard box of Modelo Beer on his floorboard that he was moving it with his feet. Mr. Hildreth had a difficult time in locating the registration and could not find the insurance information (proof of insurance). I asked Mr. Hildreth how many alcoholic beverages he had consumed today and was told the amount of 3 beers. I asked Mr. Hildreth when he drank his first beer? and he stated at 11:00 am and he had his last beer at around 6pm or 7pm. I informed Mr. Hildreth to picture a scale from zero to ten with zero being "stone cold sober" and with ten being "black-out drunk" and he immediately stated "three". I asked Mr. Hildreth to perform standard field sobriety exercises so that I could gauge the level of his impairment and he stated, "no". I informed Mr. Hildreth that if he refuses to participate in roadside field sobriety exercise that two things would

happen: 1. His refusal can be used against him in court and 2. I would have to base my decision on my observations and the totality of the circumstances. Mr. Hildreth again refused to participate in the field sobriety exercises I had requested of him.

I then gave Mr. Hildreth a lawful order to exit the vehicle and he complied. As Mr. Hildreth stepped out of the vehicle, he continued to emanate a strong odor of an unknown alcoholic beverage which was emanating from his breath. Once outside of the vehicle I observed that Mr. Hildreth walked slowly and was unsteady on his feet.

Based on my observations of Mr. Hildreth driving; the obvious odor of an alcoholic beverage on his breath; his bloodshot, glassy and watery eyes; his mumbled and slurred speech; his reluctance to perform standard field sobriety exercises combined with his statement that he had been drinking alcohol (three beers) and that he had an empty box of Modelo beers by his feet which he stated he was drinking earlier; I determined that Mr. Hildreth had been operating a vehicle in the State of Florida while his normal faculties were impaired. At 10:58 pm I placed Mr. Hildreth under arrest and informed him of such and hand cuffed and searched him.

Post arrest I inventoried the vehicle Mr. Hildreth was driving and found three open containers of alcohol (with alcoholic beverage still inside of them). They were all cold and cool to the touch. I smelled the contents and dumped the content within view of my dash-camera to capture the evidence. Once the contents were emptied, I placed them back into the cooler and placed it back into the vehicle.

Mr. Hildreth was transported and placed in the right rear seat of my marked patrol vehicle where I fastened Mr. Hildreth's seatbelt. During this very close proximity to Mr. Hildreth, the unknown alcoholic beverage emanating from his mouth was more evident and noticeable the closer I got to his face and mouth. Mr. Hildreth had informed me earlier that he was the father of the two small children sleeping in the back seat of his vehicle. I asked Mr. Hildreth if I can use his phone to assist him in calling the mother of the two children. We called the mother using his phone and when I handed the phone over to Mr. Hildreth, he was too embarrassed to say anything, and he moved his face away from the phone. I then introduced myself to Ms. Brianna Lewis (mother) and informed her that Mr. Hildreth was arrested for DUI and that he had both of their children in the back seat of his vehicle at the time of stop/arrest. Ms. Lewis started to cry, and she stated that she would come to our location to pickup her children. She stated she was going to drive from Palm Beach Gardens and that she would get here shortly.

Trooper Kens Depeine (1550) would later arrive on scene to stay with the two children until the mother took custody of the two children. Ms. Lewis would eventually take custody of her two young

children. Mr. Hildreth's vehicle was also towed.

Mr. Hildreth was transported to the Palm Beach county jail. During transport, I set the air conditioner setting in my marked patrol vehicle to re-circulate cool air to keep Mr. Hildreth at a cool temperature in the back seat and I noticed that the ambient air in the vehicle started to smell different with Mr. Hildreth's presence in the confined space within the vehicle. The ambient air had changed in smell, a smell very similar to the unknown alcoholic beverage which emanated from Mr. Hildreth which I had smelled earlier on him. This odor was not present within my patrol vehicle before Mr. Hildreth entered the vehicle.

We arrived at the Palm Beach County Corrections Breath Alcohol Test (B.A.T.) center where I, a Certified Breath Test Operator, began an observation period of Mr. Hildreth which began at 11:28 pm. During this observation period Mr. Hildreth was observed for a period of at least 20 minutes. Mr. Hildreth was asked prior to observation if he had any foreign objects in his mouth (including dentures) and he stated "no". Mr. Hildreth did not place anything into his mouth during this period, did not vomit or regurgitate. After the observation period Mr. Hildreth was transported into the Breathalyzer room where the interaction was video, and audio recorded by the Palm Beach Corrections B.A.T. center audio and video surveillance cameras.

Breathalyzer Technician (Tech: T. Miller #41017) accompanied Mr. Hildreth and in the room. I asked Mr. Hildreth on camera if he would submit to a lawful test of his breath to which he responded "yes". Mr. Hildreth attempted to provide a sample of his breath but was unable to provide the breath sample and he became very argumentative and started to get loud. I next read Mr. Hildreth State of Florida implied consent (from Palm Beach Sheriff's Office Corrections department issued card and asked if he would take a breath test Mr. Hildreth attempted to provide breath once again but it was obvious that he was not willing to provide a lawful sample. I informed Mr. Hildreth that his reluctance to provide the lawful sample of his breath would result in a refusal. Mr. Hildreth continued to argue, and I determined based on his actions and failure to provide a lawful sample of his breath that he refused at 12:08 am (July 5th, 2023).

Mr. Hildreth was booked and processed without incident for DUI (F.S. 316.193.4) and issued the following citations attached to this arrest report.

The entire interaction, driving pattern, and transportation to the Palm Beach county jail was recorded by my marked patrol vehicle's State issued recording equipment. The video was labeled as a DUI Arrest video and will be uploaded and stored at the Florida Highway Patrol Lantana sub-station. The video will be available upon request. Marked patrol vehicle # (FHP1050).
