PROBABLE CAUSE STATEMENT				
<p><i>The undersigned certifies and swears that I have just and reasonable grounds to believe, and do believe that the above named Defendant committed the listed violation(s) of law. The Person taken into custody:</i></p> <p> ☒ Committed the below acts in my presence. ☐ Confessed to [WITNESS] admitting to the below facts. ☐ Was observed by [WITNESS] who told [WITNESS] that he/she saw the arrested person commit the below acts. ☒ Was found to have committed the below acts, resulting from my (described) investigation. </p> <p>On 04/17/2026 I was requested to a traffic stop conducted by Deputy Philippe 32410, ATLANTIC AVE / LEGENDS WAY Delray Beach FL 33446. Upon arrival Deputy Phillipe briefed me of the reason for the stop and his observations. Deputy Phillipe would later write a supplement which says the following:</p> <p>On April 17, 2024, at approximately 0310 hours, I was traveling westbound on Atlantic Avenue in the area of Military Trail when I observed a white Porsche Cayenne bearing Florida tag (52JVV) also traveling westbound without any vehicle lights illuminated.</p> <p>While following the vehicle, I observed it was unable to maintain a single lane, continuously veering into the right bike lane as well as the far left lane. I continued to follow the vehicle and noted erratic speed fluctuations, as it would suddenly accelerate and then slow down on multiple occasions.</p> <p>As I continued my observation, the vehicle proceeded to run a red light at the intersection of Atlantic Avenue and El Claire Ranch Road. Upon approaching the intersection at Jog Road, the vehicle crossed all marked lanes and entered the intersection before coming to a complete stop just in front of the right-turn lane. When the traffic signal turned green, the vehicle continued westbound on Atlantic Avenue while traveling in the emergency lane for approximately 200 yards. The vehicle then changed lanes without signaling and continued to vary its speed rapidly.</p> <p>At that point, I activated my in-car emergency lights to initiate a traffic stop as the vehicle approached Atlantic Avenue and Legends Road. Upon stopping, a female passenger later Identified as Jasmine Saavedra exited the vehicle from the front passenger side and stated without question that both she and the driver were "drunk."</p> <p>I then requested the driver's identification as well as the vehicle keys to prevent him from potentially driving off. The male driver later identified as Geoffrey Deller provided me with the requested items without incident.</p>				

After speaking with Deputy Phillippe I then went to made contact with the driver, of a white Porsche Cayenne bearing Florida tag 52JVV, its driver door was open with another deputy standing next to him. I made contact with the driver, sitting in the driver seat who identified himself as Jeff who would later be identified as Geoffrey Deller. Geoffrey was wearing a blue shirt, black pants, and redshows. I could immediately smell the odor of an unknown Alcohol emitting from Geoffrey's breath and his speech was slurred. I asked Geoffrey if he had already given his driver license to the other deputy to which he said no. I asked him if I could see his driver license and Geoffrey made no actions to retrieve his license and I had to ask him multiple times and when he finally reach for his wallet it slow and he stopped and starred a gazed and appeared confused when he did not see his license. I then asked him to come out of the vehicle and to leave his wallet in the car, but he placed it in his pants. Geoffrey's exited, his feet were not steady. Geoffrey would say he does not have any medical conditions, does not take medications does not have diabetes, and does not smoke marijuana. Geoffrey would confirm again that his pretty mobile with his feet.

[REDACTED] I would share a brief reason why he was pulled over and ask him to submit to standardized field sobriety tasks. Geoffrey would agree to doing roadside tasks after many explanations.

The first task was HORIZONTAL GAZE NYSTAGMUS: I had a pen light with a red light. I asked Geoffrey if he saw the red light and he said yes. I explained the instructions for the Horizontal Gaze Nystagmus to Geoffrey, and I observed equal pupil sizes in both her eyes and did not exhibit resting nystagmus. I observed equal tracking in both eyes. I observed a lack of smooth pursuit in both eyes. Geoffrey was not following the red light, and I repeatedly had to instruct on what the task asked for. I observed a lack of smooth pursuit on both eyes. I observed distinct and sustained nystagmus in both eyes, at maximum deviation. Onset of nystagmus prior to 45 degrees in both eyes. Vertical nystagmus observed. Geoffrey had a noticeable sway.

The next task was WALK & TURN: SFST: I explained and demonstrated the instructions for the (Walk and Turn) Task for Geoffrey, he advised he understood. During the task, Geoffrey not missed multiple heels to toe steps, stopped walking to steady self, stepped offline. Geoffrey did not count out loud and did not return. Geoffrey had a noticeable sway.

I explained and demonstrated the instructions for the (One Leg Stand) Task for Geoffrey, he advised he understood. During the task, Geoffrey placed his foot down multiple times, swayed while balancing, and hopped while his foot was still planted down.

I explained and demonstrated the instructions for the (Finger to Nose) Task for Geoffrey, he advised he understood. During the task, Geoffrey missed touched the tip of his index fingers with the tip of his nose. The sequence used in this task was L,R,L,R,R,L.

I explained and demonstrated the instructions for the (Romberg Alphabet) Task for Geoffrey, he advised he understood. Geoffrey began to recite the alphabets in a rhythmic manner and did not say the alphabets in the correct manner.

At this time, I found probable cause to believe that Geoffrey was impaired for the purposes of operating a motor vehicle pursuant to Florida State Statute 316.193(1a). Geoffrey was handcuffed to the rear, the handcuffs were checked for proper fit, and double-locked them. I placed Geoffrey in the back seat of my PBSO patrol vehicle, and I transported Geoffrey to the Palm Beach County Jail Breath Alcohol Testing (B.A.T.) center.

Once at the Breath Alcohol Testing (B.A.T.) Center, I placed Geoffrey centrally, where I could easily monitor him. I observed Geoffrey for 20 minutes, during which time he did not ingest anything or

regurgitate. After the 20-minute observation period, I escorted Geoffrey into an isolated video-recorded testing room. I requested a lawful sample of Geoffrey's breath for the purposes of determining its blood alcohol content. Geoffrey provided two breath samples, the first breath sample was a 0.119 and the second breath sample was 0.210. I read Geoffrey his Miranda warnings and QA was not conducted.
