PROBABLE CAUSE STATEMENT					
<p>The undersigned certifies and swears that I have just and reasonable grounds to believe, and do believe that the above named Defendant committed the listed violation(s) of law. The Person taken into custody:</p> <p> ☒ Committed the below acts in my presence. ☐ Confessed to [WITNESS] admitting to the below facts. ☐ Was observed by [WITNESS] who told [WITNESS] that he/she saw the arrested person commit the below acts. ☐ Was found to have committed the below acts, resulting from my (described) investigation. </p>					
<p>On September 17th, 2026 at approximately 00:35, I conducted a traffic stop on a white 2024 Nissan Altima, Florida license plate 28EMJN, for multiple traffic violations. While traveling westbound on Okeechobee Boulevard west of Interstate 95, I observed the vehicle weaving within its lane. The vehicle's right side tires traveled on the dash marks into the center lane at times. The vehicle came to a stop at Chillingworth Drive, stopping past the stop bar and into the crosswalk. I continued behind the vehicle and observed it still weaving within its lane with the right side tires traveling onto the dash marks into the center lane at times. The vehicle moved into the left turn lane at Okeechobee Boulevard and Spencer Drive, stopping at the red arrow. The vehicle failed to stop before the stop bar and was past the stop bar into the intersection. When the light turned green, the vehicle performed a U-turn. I activated my emergency equipment on my marked patrol vehicle and the vehicle came to a stop in a nearby plaza.</p> <p>Upon making contact with the driver, I observed two black female occupants in the vehicle. The driver provided her Florida driver's license and identified herself as Gloria Mortimer, date of birth June 19, 1996, with a home address of 4654 Arthur Street, Palm Beach Gardens, Florida 33418. I observed Ms. Mortimer to have glassy eyes. There was an odor of an unknown alcoholic beverage present coming from the vehicle. When I attempted to advise the reason for the stop, I observed Ms. Mortimer to have thick slurred speech while speaking to me. Ms. Mortimer stated she and her passenger had been at Moxie's restaurant for a birthday dinner. When asked about alcohol consumption, she stated they had water and [REDACTED]. Ms. Mortimer provided proof of insurance via her Progressive insurance app on her phone, showing coverage ending August 2026.</p> <p>I requested Ms. Mortimer to exit the vehicle. Upon her exit, I observed an odor of an unknown alcoholic beverage coming from her mouth area and breath. Due to rain, we moved under a covered area. Ms. Mortimer stated she was okay and agreed to perform roadside exercises. She stated she had a corneal abrasion but was fine and had no other eye problems or physical injuries. Ms. Mortimer stated she worked at a vascular surgeon office, primarily at a desk doing surgical coordinating.</p> <p>Horizontal Gaze Nystagmus</p>					

I observed equal tracking and pupil size. I observed lack of smooth pursuit in each eye. I observed distinct and sustained nystagmus at maximum deviation. I observed onset of nystagmus prior to 45 degrees, at approximately 40 degrees in each eye. I observed lack of convergence. I observed watery glassy eyes.

Walk and Turn

I placed a yellow line on the ground and provided instructions to Ms. Mortimer. Ms. Mortimer stated she understood and had no questions. During the exercise, Ms. Mortimer missed several heel to toe steps. She did not turn as instructed, did not keep her foot on the ground, and did not take small steps during the turn. She paused during the exercise.

Leg Stand

I provided instructions twice to Ms. Mortimer. Ms. Mortimer asked clarifying questions about the instructions and advised that she understood. During the exercise, Ms. Mortimer swayed. She used her arms for balance. She placed her foot on the ground.

Finger to Nose

Ms. Mortimer identified her hands and fingers correctly. Ms. Mortimer stated she understood. During the exercise, Ms. Mortimer did not return her hand back to the starting position after each command. She performed as follows: first left command, she touched her left index finger to her right nostril; first right command, she touched her right index finger to her right nostril; second left command, she touched the pad of her index finger to the bridge of her nose; second right command, she touched her right index finger to her right nostril; third right command, she kept her right index finger on her right nostril; third left command, she touched the pad of her index finger to the tip of her nose.

Romberg Balance

Ms. Mortimer advised that she understood the instructions. During the exercise, Ms. Mortimer swayed. She stopped at approximately 41 seconds.

Based on the totality of circumstances, including the traffic violations, odor of an unknown alcoholic beverage, glassy eyes, thick slurred speech, and performance on the roadside exercises, I placed Ms. Mortimer under arrest for DUI at approximately 00:55 hours. Ms. Mortimer stated "Why am I getting arrested?" and "How am I DUI when I did everything correctly?" and "I'm fine." I advised her I had enough clues, cues, and observations to believe she was too impaired to operate a motor vehicle. A female deputy assisted with the search of Ms. Mortimer's person. I observed Ms. Mortimer's mouth to be clear of any objects and observed an odor of an unknown alcoholic beverage. Ms. Mortimer's ring and two earrings and placed them in a property bag along with her cell phone. Ms. Mortimer stated she did not have good balance and went to the gym and was really active. I placed Ms. Mortimer in the rear of my patrol vehicle.

I transported Ms. Mortimer to the Palm Beach County Jail. Upon arrival, I escorted her to the breath alcohol testing center. I conducted a 20-minute observation period to ensure nothing was taken by mouth or regurgitated. After the 20-minute observation period was completed, I escorted Ms. Mortimer to the

testing room. I requested Ms. Mortimer to submit to a lawful test of her breath to determine its alcohol content. Ms. Mortimer agreed to submit to the breath test. She provided two samples of her breath. The results were 0.085 and 0.086. When advised of the results, Ms. Mortimer stated "that's crazy." I advised Ms. Mortimer of her constitutional warnings and she stated she understood. She agreed to answer questions (see questions and answers sheet).

Ms. Mortimer was later taken to book and charged with DUI.

I acknowledge this report was generated from a digital recording using Draft One by Axon. I further acknowledge that I have reviewed the report, made any necessary edits, and believe it to be an accurate representation of my recollection of the reported events. I am willing to testify to the accuracy of this report.
