The undersigned swears there are reasonable grounds to believe that the above named defendant in Hillsborough County, Florida, did:

On 4/15/2026, at approximately 2245 hours I was traveling westbound on the Selmon Expressway (Crosstown Exp) when I noticed a blue Subaru WRX, FL - Z681SJ traveling behind me at a high rate of speed. The speed of the vehicle was estimated at 85 MPH in 55 MPH zone, confirmed via in car radar, KUSTOM SIGNAL EAGLE 3 SE14690 to be 84 MPH. The vehicle passed me, at which time a motor vehicle stop was conducted as we exited the expressway with the vehicle traveling some distance until it came to a stop at 3939 W Gandy Bl.

On initial contact with the driver, who was positively identified via FLDL as the defendant I requested his license, registration and insurance card. As I spoke with him I noticed a distinct odor alcoholic beverage emanating from his breath. He had a trouble time multi-tasking. His speech had a slurred appearance. His eye's were blood shot and glossy. During our conversation I advised the defendant the reason for the stop, which he advised he was unsure he was traveling that fast.

The defendant was requested to exit the vehicle and walk to the rear of the vehicle. The defendant had an unsteady balance and a noticeable sway when standing still. As I stood outside with the defendant I noticed the distinct odor of alcoholic beverage emanating from his breath. The defendant admitted to consuming two mixed alcoholic beverages during a work function. The defendant agreed to perform SFSE's, with 6 of 6 indicators observed as well as VGN. The defendant was placed into the starting position of Walk - Turn, and was having trouble maintaining balance as well as started to soon. During me explaining the exercise the defendant advised his blood pressure was increasing, and his heart rate was elevated. The defendant was asked numerous times if he wanted an ambulance, which he refused but ended up requesting one.

The defendant was transported to Tampa General Hospital (TGH) by Transcare, Run #14639, for a medical evaluation. While at TGH the defendant was requested to submit to a lawful blood draw, which he advised he was unsure. The defendant was advised Implied Consent Warning, advised he understood and after some time he advised he was refusing the test.

The defendant was evaluated by medical staff, and released at which time he was placed under arrest and transported to booking without incident.
