Defendant's Name KELLY, JARED MICHAEL | **Agency Case Number:** wgpd24off003236

NARRATIVE: The undersigned has probable cause to believe the above-named defendant on the, 27 of September 2024 at 23:30 at W PLANT ST AND N LAKEVIEW AVE (**Zone:** C05) in Orange County did

On September 27, 2024, at approximately 2328 hours, I, Officer Conte, was conducting aggressive driving enforcement at the intersection of W Plant Street and N Lakeview Avenue in the Sunoco parking lot.

While stationed at this location, I heard the sound of a car's engine revving at high RPMs, accompanied by the screeching of tires. This immediately drew my attention. I turned to observe a black vehicle accelerating at a high rate of speed through the parking lot. The driver, later identified as Jared Michael Kelly (W/M, DOB: 7/12/1989), was driving erratically and recklessly in the downtown Winter Garden area. I initiated traffic stop, pulling my marked patrol vehicle out of the parking lot to follow the black Volkswagen, which bore FL tag number JPXE88. I then observed Jared fail to stop at a posted stop sign and accelerate westbound on Plant Street. In order to catch up to the vehicle, I had to accelerate my patrol car beyond the normal speed limit.

I initiated a traffic stop, and Jared pulled his vehicle over onto N Highland Avenue near W Bay Street. As I approached the vehicle, Jared immediately began to apologize, stating, "I'm sorry, I know that was stupid." I inquired about his thought process, reminding him that downtown Winter Garden is heavily populated with pedestrians at this hour, making his actions extremely dangerous. Jared continued to express remorse, repeatedly stating that it was "stupid" and that he was sorry.

While speaking with Jared, I observed his eyes were noticeably glassy. As our conversation progressed, the odor of alcohol emanating from his breath became stronger. I asked Jared about his activities that evening, to which he replied that he had been watching a game at Whole Enchilada. He explained that his reckless driving was due to frustration over his sports team losing. When asked if he had consumed any alcoholic beverages, Jared admitted to drinking three beers and claimed he had stopped drinking around 8:00 PM. Jared later in the investigation when asked when he stopped drinking he advised that it was around 11:30pm.

Based on Jared's behavior and the totality of the circumstances, I believed he was impaired and unfit to operate a motor vehicle. I informed Jared that I suspected he was impaired and requested that he perform a series of Field Sobriety Exercises. Jared hesitated briefly, asking what the consequences would be if he refused, but eventually agreed to participate.

Field Sobriety Exercises:
HORIZONTAL GAZE NYSTAGMUS (HGN):
Prior to beginning the HGN test, Jared confirmed he was wearing contact lenses. I checked his eyes and confirmed equal tracking and dilation of the pupils. Jared was instructed to follow the stimulus (the tip of my pen) with his eyes only, keeping his head still. He acknowledged understanding the instructions. During the test, I observed a lack of smooth pursuit in both eyes, as well as distinct and sustained nystagmus in both eyes before reaching a 45-degree angle. Vertical nystagmus was also noted. Jared's eyes remained glossy throughout, and I detected a strong odor of alcohol emitting from his person.

WALK AND TURN:
Jared reported no medical issues that would prevent him from performing the walk-and-turn exercise. I instructed him to place his left foot on a painted line with his right foot directly in front, heel-to-toe, and to maintain this position with his arms at his sides until told to begin. Jared was then instructed to take nine heel-to-toe steps along the line, count each step aloud, make a pivot turn, and then take nine steps back. After demonstrating the exercise, Jared indicated he understood the instructions.

Despite the instructions, Jared prematurely started the exercise multiple times before I completed the directions. He also had difficulty

maintaining the correct stance, repeatedly failing to place his right foot directly in front of his left. During the exercise, Jared took 12 steps forward and 11 steps on his return. His turn was executed with large, uncoordinated steps, contrary to the instruction to take small, deliberate steps.

ONE-LEG STAND (OLS):
Jared again reported no medical conditions that would hinder his performance. He was instructed to stand with his feet together and arms down, and not to begin until told. When instructed to start, Jared lifted his foot off the ground and began counting aloud. He was observed swaying noticeably during the exercise.
Conclusion:
Based on Jared's performance during the Field Sobriety Exercises and my observations, I concluded that he was impaired by alcohol and not fit to operate a motor vehicle. Jared was subsequently arrested and transported to the Orlando DUI Testing Center, where he refused to provide a breath sample.

Jared was issued a DUI citation (Citation No. A6MBKGE) and transported to the Orange County Booking and Release Center (BRC) without incident.

My body-worn camera was activated throughout the encounter.
