Probable Cause

On July 6, 2025, at approximately 02:30 A.M., I (Trooper Lafleur ID#5261), was on routine patrol in my fully marked patrol vehicle (FHP3475 Vin # 2C3CDXAT0PH639153) with a speedometer calibration date of 11/15/2024 and identifiable Florida Highway Patrol painted insignias. I was traveling southbound on Interstate 95 (State Road 9) south of State Road 80 (Southern Boulevard) in the outside lane of travel. I observed a black Dodge Ram 1500 pickup truck bearing a Florida license plate of "FLC5E" traveling in the outside center lane of travel. The vehicle was swerving within its lane of travel. At this time, I began to follow the vehicle from a safe distance to observe the driving pattern. The driver of the vehicle drifted to the right and the right tire of the vehicle crossed the dashed white line that separated the outside center lane of travel from the outside lane of travel. The vehicle was traveling side by side with another white pickup truck, the driver of the vehicle drifted to the right again almost colliding with the white pickup that was right next to it. The vehicle continued southbound on Interstate 95 (State Road 9) while swerving within its lane of travel. I pace clocked the vehicle for approximately a quarter of a mile at a speed of 70 miles per hour in a 65 miles per hour zone. While traveling southbound just south of State Road 882 (Forest Hill Boulevard), the driver of the vehicle drifted to the right again and the right tire of the vehicle crossed the dashed white line that separated the outside center lane of travel from the outside lane of travel. While approaching 10th Avenue the driver of the vehicle drifted to the right and the right tire crossed the solid white line that separated the outside lane from the outside paved emergency shoulder. A few seconds later the driver of the vehicle started straddling the outside lane and outside center lane of travel.

A short time later, I accelerated to get closer to the vehicle. I then activated my emergency blue lights and sirens, to conduct a traffic stop on the vehicle to conduct a welfare check. I did not know if the driver was potentially suffering from a medical emergency or might be impaired due to alcohol or an unknown substance. Upon activating my emergency lights and sirens, the driver of the vehicle took a while to come to a complete stop. The driver took approximately one minute to come to a complete stop. The driver of the vehicle eventually came to a complete stop, westbound on 6th Avenue and Barber Ave on the outside shoulder. Once the vehicle came to a complete stop, I approached the driver's side of the vehicle to make contact with the driver (who was later identified by his Florida driver's license card [L220425724070] as JASON ERIC LUCAS with a DOB of 11/07/1972).

Upon making contact with Mr. Lucas, I introduced myself and advised him of the reason for the stop, which was for a welfare check. Mr. Lucas stated he didn't know he was swerving. He also advised that he only had one beer and that he's not drunk. However, I did not ask Mr. Lucas if he was intoxicated at this time. I asked him if he was suffering from any major medical conditions, he stated no. I also asked

NOT A CERTIFIED COPY

him if his car had any major mechanical issues, he also stated no. Upon approaching the driver's side, I smelled a strong odor of an unknown alcoholic beverage coming from inside of the vehicle. I asked Mr. Lucas if he had any open alcoholic beverage inside of the vehicle, he stated no. I requested his driver's license. Mr. Lucas handed me the required documents. While interacting with Mr. Lucas, I observed multiple signs of impairment such as slurred speech, bloodshot eyes and a strong odor of an unknown alcoholic beverage emitting from his breath that grew stronger each time he spoke. I asked Mr. Lucas to exit the vehicle, and he cooperated. While standing outside of the vehicle and interacting with Mr. Lucas, I still smelled the strong odor of an unknown alcoholic beverage emitting from his breath that grew stronger each time he spoke. I asked him if he had consumed any alcoholic beverages today and he stated yes, he had one beer at 11 pm at the Palm Beach poker room. He advised he was just tired. When I questioned him regarding his travel plans, Mr. Lucas advised me that he was coming from the Palm Beach poker room, and he was heading home. While interacting with Mr. Lucas outside of the vehicle, I continued to smell the strong odor of an unknown alcoholic beverage coming from his breath as he spoke.

Due to the cues and clues that I had observed during my initial encounter with Mr. Lucas, I asked him if he would be willing to perform voluntary Standardized Field Sobriety Exercises (SFSE) to aid in determining his level of impairment. After requesting Mr. Lucas to submit to field sobriety exercises, he would not give an affirmative yes or no answer. I informed him that it would have to be a yes or no answer and that anything else would be taken as a no. He still refused to provide an affirmative yes or no answer. I then informed him that his refusal to do the exercises could be used against him in court and that I would have to make a decision based upon my observations thus far. Mr. Lucas said yes and agreed to perform the exercises.

Note: The summary below is not intended to be a verbatim account of all the events that took place during the administration of the standardized field sobriety exercises. Video footage and audio of the exercises is available upon request.) Each exercise was explained and demonstrated prior to the subject attempting to perform the exercise. The area where the exercises were conducted was clear of debris, on a flat surface.

Horizontal Gaze Nystagmus (HGN):

The first exercise that I performed with Mr. Lucas was the Horizontal Gaze Nystagmus exercise. I placed Mr. Lucas in a position with his feet together and his hands down by his sides. I asked Mr. Lucas a series of medical questions to ensure that he would be able to perform each of the exercises safely and without any deficiencies. Mr. Lucas advised me that he would not have any issues performing the exercises. I asked Mr. Lucas if he wears glasses or contact lenses. Mr. Lucas said yes and advised he had contacts on at the moment. I began the first series of passes with the stimulus, and I was checking each of his eyes for resting nystagmus and equal pupil size. I checked each of his eyes for equal tracking. Each of his eyes exhibited equal tracking. I began the second series of passes, and I was checking each of his eyes for lack of smooth pursuit. Each of his eyes exhibited a lack of smooth

NOT A CERTIFIED COPY

pursuit. I then checked each of his eyes for the onset of nystagmus prior to 45 degrees. Mr. Lucas' eyes exhibited the onset of nystagmus prior to 45 degrees. I checked each of his eyes for distinct and sustained nystagmus at maximum deviation. Each of his eyes exhibited distinct and sustained nystagmus at maximum deviation. During the Horizontal Gaze Nystagmus, Mr. Lucas was told to stop moving his head multiple times and he had a hard time following instructions. I checked each of his eyes for Vertical Gaze Nystagmus. Neither eye exhibited Vertical Gaze Nystagmus. Mr. Lucas exhibited an orbital sway throughout the duration of the exercise.

Walk-and-Turn:

The next exercise that I performed with Mr. Lucas was the walk-and-turn. I attempted to place Mr. Lucas in the starting position. I explained and demonstrated the exercise for Mr. Lucas. He had a hard time maintaining the starting position. He started the exercise before he was told to do so. I asked Mr. Lucas if he had any questions, he said no. Mr. Lucas began performing the first nine step series; he missed heel-to-to-toe on every single step. Right after Mr. Lucas took his ninth step, he then turned around and asked me how many steps. I advised him to do his best and advised him whenever he's done with the exercise so we can move on to the next one. Mr. Lucas began performing the second ninth step series: he steps off the line once and misses heel-to-toe on every single step.

One-Leg Stand:

The last exercise that I performed with Mr. Lucas was the One-Leg stand. I placed Mr. Lucas in the starting position; I explained and demonstrated the exercise to Mr. Lucas. I asked Mr. Lucas if he understood the instructions and he advised me that he understood. I used a digital watch to count to 30 seconds. Mr. Lucas began performing the exercise, raising his right leg. Mr. Lucas put his foot down eight times, had his foot lower than six inches, failed to look at the raised foot, and used both hands to help him maintain his balance.

Based upon the above information and the totality of the circumstances, I determined that there was probable cause to believe that JASON ERIC LUCAS committed the offense of driving under the influence by being in actual physical control/operating a motor vehicle while under the influence of alcoholic beverages, any chemical substance per Florida State Statute 877.111, or any controlled substance per Chapter 893, while his normal faculties were impaired. I placed Mr. Lucas under arrest at 03:00 AM for the above offense and handcuffed him behind his back, double locked, spaced and tightened the cuffs. After being searched, Mr. Lucas was placed in my patrol (FHP3475) vehicle with the seat belt placed around him for safety. His vehicle was then towed by D&D's towing. He was then transported to the Palm Beach County Breath Alcohol Testing (BAT) facility. At the BAT facility, I conducted a twenty-minute observation period where he did not ingest anything by mouth or regurgitate (mouth was confirmed to be empty prior to the beginning of the observation period). Mr. Lucas was then asked if he was willing to provide a breath sample to determine the alcohol content of his breath. He asked for a lawyer. I then read Mr. Lucas the Florida Implied Consent driver's license suspension

warning and asked him if he understood. He stated yes and agreed to provide a breath sample. The first sample came back with a result of .108 and the second sample came back with a result of .111. I then read the Constitutional Warning document to him and asked him if he understood. He stated yes. See BAT video footage for a complete account of the incident.

Mr. Lucas was then transported to the Palm Beach County jail for booking and processing and charged with DUI.

Mr. Lucas was issued a DUI citation.

He was booked without incident.

All of the above events occurred in Palm Beach County, FL.

Note: My patrol vehicle is equipped with in-car video, his driving pattern was also recorded, and an Audio is available upon request.

DUI Breath Implied Consent

NOT APPLICABLE WITH VOLUNTARY CONSENT

DEFENDANT'S NAME: _____ CASE NO: _____

DATE OF ARREST: _____ TIME OF ARREST: _____

I am now requesting that you submit to a lawful test of your **BREATH** for the purpose of determining its alcohol content.

Will you take the test? YES_____ NO_____

NOTE: *READ ONLY IF THE ANSWER TO THE ABOVE IS "NO"*

If you refuse to take the test I have requested of you, your driving privilege will be suspended for a period of one (1) year for a FIRST REFUSAL, or eighteen (18) months if your driving privilege has been PREVIOUSLY SUSPENDED, or if you have been PREVIOUSLY FINED under s. 327.35215, for refusing to submit to a lawful test of your breath, urine, or blood. Additionally, if you refuse to take the test I have requested of you, and if your driving privilege has been previously suspended, or if you have been previously fined under s. 327.35215, for a refusal to submit to a lawful test of your breath, urine, or blood, you will be committing a misdemeanor, in addition to any other penalties which can be imposed by law. Refusal to submit to the test I have requested is admissible into evidence in any criminal proceeding.

Do you understand what I have just read to you? YES_____ NO_____

Do you still refuse to submit to this test? YES_____ NO_____

NOTE: *IF THE SUBJECT POSSESSES A COMMERCIAL DRIVER LICENSE (CDL), READ THE FOLLOWING, REGARDLESS OF WHETHER THE SUBJECT IS OPERATING A COMMERCIAL MOTOR VEHICLE (CMV)*

If you are a Commercial Driver License (CDL) holder or were driving a Commercial Motor Vehicle (CMV), your refusal to submit to testing will result in the loss of your commercial driving privilege for a period of one year from today. If this is your SECOND REFUSAL, you will be permanently disqualified from holding a CDL or operating a CMV.

Do you understand what I have just read to you? YES_____ NO_____

Do you still refuse to submit to this test? YES_____ NO_____
