The Person taken into custody . . .

☒ committed the below acts in my presence.

☐ was observed by _____ who told _____ that he/she saw the arrested person commit the below acts.

☐ confessed to _____ admitting to the below facts.

☒ was found to have committed the below acts, resulting from my (described) investigation.

On the 18 day of January, 2026 at 18:57 (Specifically include facts constituting cause for arrest.)

PROBABLE CAUSE STATEMENT

On 01/18/2026 at approximately 1857 hours, this Officer was working a major crash scene (26000315), in the area of PGA Blvd and Central Blvd, PBG, FL, when this Officer heard a loud bang consistent with a vehicle collision. Body worn camera was used during investigation. This Officer checked watch for time and continued investigating, prior to the call coming over the radio.

Approximately two minutes later Ofc Enamorado 589 notified dispatch via radio of his involvement in a collision. This Officer and Ofc Butzbach 507 immediately proceeded to Ofc Enamorado`s location, at Central Blvd and Southampton Dr, PBG, FL, where Ofc Enamorado was blocking all south bound lanes of Central Blvd for the original crash investigation. Upon arrival, this Officer observed PBGPD marked unit, a Ford Explorer (XJ9251/FL) at final rest facing east bound across both south bound lanes. This Officer further observed a Cadillac XT4 (IU27DQ/FL) at final rest facing south bound, directly north of the Explorer. Based on the physical evidence, this Officer determined the Cadillac had struck the Explorer in an angular "T-Bone" manner. Both vehicles were rendered disabled and both vehicles had combination airbag deployment. At the time of the collision, the Explorer did have overhead red and blue lights active. There were no road flares or cones present in the roadway. The roadway itself is a straight, 45 MPH posted zone, with no street lights. At the time of the crash the weather was clear and pavement was dry. There was no other traffic present on the roadway when the collision occurred.

Ofc Butzbach had arrived at the scene first and made contact with Ofc Enamorado and confirmed he was awake and alert. As this Officer approached the scene, Ofc Butzbach was checking on the driver of the Cadillac to ensure she was awake and alert. Ofc Butzbach immediately expressed concern to this Officer about the Cadillac driver being impaired. This Officer made contact with the driver and sole occupant of the Cadillac, identified via Florida Driver License photo, Jennifer Rapaport (OF), while she was still

seatbelted into the driver seat. While briefly speaking with Rapaport, this Officer observed her to have very slurred speech, flushed red face, red watery eyes, and the strong obvious odor of an unknown alcoholic beverage emanating from her breath at conversational distance. This Officer did concede the flushed face and red eyes could possibly be from airbag deployment, however, could have also been pre-existing from being impaired. Rapaport was oddly calm and relaxed for having been involved in such a collision. This Officer stood by while Rapaport spoke with Fire Rescue and ultimately declined transport and also declined to be removed from her vehicle, which struck this Officer as odd, since airbags were deployed and the steering wheel appeared to have been pressed toward her. Ofc Enamorado was transported by PBGFR to Gardens Medical Center with non-life threatening injuries (Run #PBG26000777). North Palm Beach Police Officer Milord 9905 was called to the scene to conduct a separate parallel crash investigation.

This Officer asked Raparport what happened, to which she replied "I don't know" and "I was just driving home and I guess I ran into somebody". This Officer asked Rapaport if she saw the other vehicle, to which she replied "I guess not". This Officer asked Rapaport if she was injured and needed Fire Rescue, to which she replied she was "not hurt at all". This Officer asked Rapaport if she had anything further to add to the crash investigation, to which she indicated she did not.

Pursuant to State v. Bender (2023) & State v. Blocker (2023), Miranda Warnings were not advised due to Rapaport not being compelled to answer any questions. Since the crash investigation was complete, this Officer informed Rapaport of the investigation now being a seperate independent driving under the influence investigation, to which she stoically acknowledged. Rapaport stated she was coming from having dinner with friends at Ela, which was later determined to be Ela Curry & Cocktails, in Donald Ross Village. Rapaport claimed to have been at the location for approximately one hour. Rapaport denied drinking alcohol on this night and further denied taking narcoitcs and/or medication and claimed to be "an athlete". Rapaport stated she did not hit her head during the crash and never went unconscious.

Based on this Officer`s observations, this Officer expressed concern to Rapaport about her being under the influence and asked her to participate in Standardized Field Sobreity Exercises, to which she complied. Rapaport stated she did not have any medical conditions which would effect the exercises, besides being "awkward".

The first exercise conducted was the Horizontal Gaze Nystagmus. The stimulus used was a black pen with an illuminated white tip. Rapaport had equil pupil size, no resting Nystagmus and equal tracking in both eyes, thus negating the possibility of a head injury. Rapaport had a lack of smooth pursuit in both eyes as well as involuntary jerking at maximum deviation in both eyes. Rapaport also had onset of Nystagmus prior to 45 degrees in both eyes as well as Vertical Gaze Nystagmus in both eyes. During the exercise Rapaport was swaying back and forth and had to be reminded repeatedly to keep

her head still and properly follow the stimulus.

The second exercise to be conducted was the Walk and Turn. Rapaport claimed to be unable to do the exercise due to "bad balance". Rapaport provided no medical reasoning only that she had bad balance, thus the exercise was abandoned. To keep the investigation as fair as possible, this Officer elected to do seated exercises and had Rapaport sit in the trunk of her open tailgate.

The second exercise actually conducted was the Finger to Nose. When told to being, rather than tilting her head, closing her eyes and waiting for command, Rapaport kept her head forward, eyes open and raised both her left hand and left foot. First command of Left, Rapaport touched under the tip of her nose. First command of Right, Rapaport touched under and to the right of the tip of her nose. Second command of Left she touched the left side of her nose. Second command of Right, she touched the right side of her nose. Third command of Right, she raised her left hand, then used her right hand and touched the right side of her nose. Final command of Left, she tilted her head forward, moved toward her finger and used the pad of her finger to touch.

The third exercise conducted was the Palm Pat. Rapaport had to be reminded to count aloud and had to be told to increase speed.

The fourth exercise conducted was the Hand Coordination. Rapaport did not hold the starting position, since she clapped, while this Officer was demonstrating the exercise. During Task 1, Rapaport stacked her fists and rolled them, conducting an imporper touch. Task 2, Rapaport clapped twice rather than three times, then failed to bring her hands to the memorized position. Rapaport skipped Task 3, which was to move her fists in a step-like fashion toward her body, returning her left fist to her chest. Instead Rapaport went to Task 4, which was placing her palms in her lap.

The fifth exercise conducted was the Rhomberg Alphabet. This exercise was conducted while Rapaport was standing. Rapaport had to be repeatedly reminded to get back into the proper position for the exercise. Rapaport also had to be reminded to close her eyes. Rapaport recited the alphabet properly, however paused after S and quickly stated T, U, V. Rapaport was also swaying during the exercise.

The final exercise conducted was the Modified Rhomberg Balance. Rapaport estimated the passage of 30 seconds in approximately 23 seconds. Rapaport was orbitally swaying throughout the exercise.

Based on this Officer's observations and the totality of the circumstances, Rapaport was placed under arrest at 1924 hours. At PBSO BAT, this Officer conducted a 20 minute observation period noting no issues. This Officer requested Rapaport provide a breath sample for the purpose of determining its alcohol content to which she refused. This

Officer read Florida Implied Consent to Rapaport, to which she acknowledged. Rapaport then claimed to not know what to do and argued the arrest. Rapaport ultimately refused to submit, at 2043 hours.

Rapaport was medically cleared for incarceration.

Based on the results of the investigation, this Officer determined Jennifer Rapaport did operate a motor vehicle, upon a public roadway, in the state of Florida, while under the influence to the extent her normal faculties were impaired, contrary to FSS 316.193(1)(A). Rapaport did cause a collision, damaging property and injuring another person, while driving under the influence, contrary to FSS 316.193(3)(C)(1). Lastly, Rapaport did knowingly refuse to submit to a lawful sobriety test required by law, after being told doing so was unlawful (first offense), contrary to FSS 316.1939(1)(D).
