Probable Cause

On 08/09/2024, at approximately 12:44 A.M., I (Trooper Lafleur ID#5261) was on routine patrol in my fully marked (FHP 1680 Vin # 2C3CDXATXKH729550) with a speedometer calibration date of 05/20/24 and identifiable Florida Highway Patrol Agency vehicle with painted insignias. I was stationary southbound on Interstate 95 (State Road 9) south of State Road 806 (Atlantic Avenue) on the outside shoulder. I received a BOLO (Be on the Look Out) from the Lake Worth Regional Communications Center (LWRCC) in reference to a white Nissan pickup bearing a FL license plate of AW31YI, travelling south on Interstate 95 (State Road 9) north of Woolbright Road in the inside center lane. The vehicle was swerving in and out of traffic at a high rate of speed and almost cause multiple accidents. A short time later, I observed a white Nissan pickup truck bearing a FL license plate of AW31YI traveling in the inside center lane. I advised the LWRCC that I was behind the BOLO vehicle. At this time, I began to follow the vehicle from a safe distance to observe the driving pattern. The driver changes from the inside center travel lane to the center lane. The driver then drifted to the right and the right tires of the vehicle touched the dashed white lines that separate the center lane from the outside center lane. The vehicle continued travelling southbound on State Road 9. I observed the vehicle swerving and failed to maintain its lane. I accelerated to get closer to the vehicle. I activated my emergency blue lights and sirens to conduct a traffic stop on the vehicle for a welfare check. I did not know if the driver was potentially suffering from a medical emergency or might be impaired due to an unknown substance. Upon activating my emergency lights and sirens, the vehicle took approximately 56 seconds to come to a complete stop. The vehicle came to a complete stop on the inside shoulder south of Linton Blvd. Once the vehicle came to a complete stop, I approached the driver's side to make contact with the driver (who was later identified by her Florida Drivers' license card (C654434968610) as Jessica Nicole Crumlich DOB 10/01/1996). Upon contact with Ms. Crumlich, I immediately noticed her eyes were extremely red and glassy. While standing at the driver's side door and interacting with Ms. Crumlich I asked if her if she was suffering from any medical emergency, she stated no. I also asked her if her truck had any major mechanical issues, she stated no. I observed multiple signs of impairment such as slurred speech, bloodshot eyes and a strong odor of an unknown alcoholic beverage coming from her breath. I advised her of the reason for the stop and asked if she had anything to drink today. She said yes, she had two glasses of wine 3 hours ago. I asked her for her driver's license. Ms. Crumlich failed to provide her driver license. She grabbed her hone and said she was calling her attorney. I started to converse with Ms. Crumlich, and I noticed I could not retain her attention very well, she was talkative. I asked Ms. Crumlich if she would be willing to perform voluntary Standardized Field Sobriety Exercises (SFSE). Ms. Crumlich would not give an affirmative yes or no answer. I informed her that it would have to be a yes or no answer and that anything else would be taken as a no. She still refused to provide an affirmative yes or no answer. I then informed her that her refusal to do the exercises could be used

against her and that I would have to make a decision based upon my observations up till that point in time. At this time, she said yes, she agreed to do the exercises. I later asked Ms. Crumlich to exit the vehicle, and she refused she stated she wanted to call her attorney first. She called her attorney four times but no answer. Eventually she cooperated. I asked her if she was willing to be relocated and she said no. While speaking to her I noticed that her eyes were red and glassy. I continued to smell the strong odor of an unknown alcoholic beverage coming from her breath as she spoke. I asked her again if she had consumed any alcoholic beverage tonight, she said yes, only two glasses of wine.
(Note: The summary below is not intended to be a verbatim account of all the events that took place during the administration of the standardized field sobriety exercises. Video footage and audio of the exercises is available upon request.) Each exercise was explained and demonstrated prior to the subject attempting to perform the exercise. The area where the exercises were conducted was clear of debris, on a flat surface.
Horizontal Gaze Nystagmus (HGN):
The first exercise that I performed with Ms. Crumlich was the Horizontal Gaze Nystagmus exercise. I placed Ms. Crumlich in a position with her feet together and her hands down by her sides. I asked Ms. Crumlich a series of medical questions to ensure that she would be able to perform each of the exercises safely and without any deficiencies. Ms. Crumlich advised me that she would not have any issues performing the exercises. I asked Ms. Crumlich if she wear glasses or contact lenses. Ms. Crumlich said no. I began the first series of passes with the stimulus, and I was checking each of her eyes for resting nystagmus and equal pupil size. I checked each of her eyes for equal tracking. Each of her eyes exhibited equal tracking. I began the second series of passes, and I was checking each of her eyes for lack of smooth pursuit. Each of her eyes exhibited a lack of smooth pursuit. I then checked each of her eyes for the onset of nystagmus prior to 45 degrees. Ms. Crumlich eyes exhibited the onset of nystagmus prior to 45 degrees. I checked each of her eyes for distinct and sustained nystagmus at maximum deviation. Each of her eyes exhibited distinct and sustained nystagmus at maximum deviation. I checked each of her eyes for vertical gaze nystagmus. Both eyes exhibited vertical gaze nystagmus. During the horizontal gaze, Ms. Crumlich was told to stop moving her head multiple times.
Walk-and-Turn:
The next exercise that I performed with Ms. Crumlich was the walk-and-turn. I attempted to place Ms. Crumlich in the starting position, she had a hard time maintaining the starting position. I explained and demonstrated the exercise for Ms. Crumlich. I asked Ms. Crumlich if she had any questions, she said no. Ms. Crumlich began performing the first nine step series; after her second step she asked to start the exercise over, I said yes. During Ms. Crumlich second attempt she failed to touch heel-to-toe twice, did not count her steps out loud, used arm for balance, stepped off the line 3 times. Ms. Crumlich then began performing the second nine step series. During the second nine step series, Ms. Crumlich stepped off the line four times, missed heel-to-toe 6 times, used arm for balance, did not count out loud as instructed and she took 12 steps.
One-Leg Stand:
The last exercise that I performed with Ms. Crumlich was the One-Leg stand. I placed Ms. Crumlich in the starting position, I explained and demonstrated the exercise for Ms. Crumlich. I asked Ms. Crumlich if she understood the instructions and she advised me that she understood. I used a digital watch to

count to 30 seconds. Ms. Crumlich began performing the exercise, raising her left leg. Within the first seven seconds Ms. Crumlich put her foot down and asked if she could restart the exercise. I said yes. During her second attempt Ms. Crumlich was told to count out loud and looked at the raised foot multiple times. Ms. Crumlich used her arm for balance and had foot lower than six inches and she also put her foot down twice.

Based upon the above information and the totality of the circumstances I determined that there was probable cause to believe that Jessica Nicole Crumlich committed the offense of driving under the influence by being in actual physical control/operating a motor vehicle while under the influence of alcoholic beverages, any chemical substance per Florida State Statute 877.111, or any controlled substance per Chapter 893, while their normal faculties were impaired. I placed Ms. Crumlich under arrest for the above offense and handcuffed behind her back double locked spaced and tightened. I placed her in front of my in-car camera and pat her down with the back of my hand. Ms. Crumlich was placed in the back seat of my marked patrol (FHP1680) vehicle with the seat belt placed around her for safety. The subject took the seat belt off right after I put it around her. The vehicle was towed by Emerald towing. She was then transported to the Palm Beach County Breath Alcohol Testing (BAT) facility. At the BAT facility, I conducted a twenty-minute observation period where she did not ingest anything by mouth or regurgitate (mouth was confirmed to be empty prior to beginning of the observation period). During my twenty-minute observation the subject refused to sit down and was being combative. A few seconds later she took her underwear off and peed on the floor. Ms. Crumlich was then asked if she was willing to provide a breath sample to determine the alcohol content of her breath. She refused to provide the breath test sample. I then read Ms. Crumlich the Florida Implied Consent driver's license suspension warning. Ms. Crumlich would not give an affirmative yes or no answer. I informed her that it would have to be a yes or no answer and that anything else would be taken as a no. She still refused to provide an affirmative yes or no answer. Instead, she started screaming and cursing, I gave her multiple chances to give me an answer she still refuses. Ms. Crumlich stated, "I don't give a fuck, leave me alone and I don't care", at this time I informed the operator based on the behavior of the subject I would like to take that as a refusal. Even after that I gave her another chance to give me an answer she still refuses. The refusal time was at 02:12AM. I then read the Constitutional Warning document to her and asked her if she understands. She said, "shut the fuck up and get me out of here". Ms. Crumlich stated after she get out, she's going to kill herself. I advised the Palm Beach county jail of her statements during booking. See BAT video footage for a complete account of the incident.

Ms. Crumlich was transported to the Palm Beach County jail for booking and processing and charged with DUI. She was booked without incident.

All of the above events occurred in Palm Beach County, FL.

Note: My patrol vehicle is equipped with in-car video and audio that is available upon request.
