The undersigned certifies and swears that he/she has just and resonable grounds to believe, and does believe that the above named Defendant committed the following violation of law.

The Person taken into custody . . .

☐ committed the below acts in my presence.

☐ confessed to _____ admitting to the below facts.

☐ was observed by _____ who told _____ that he/she saw the arrested person committ the below acts.

☒ was found to have committed the below acts, resulting from my (described) investigation.

On the 24 day of January, 2025 at 03:00 (Specifically include facts constituting cause for arrest.)

PROBABLE CAUSE STATEMENT

On 01/24/2025 at approximately 0045 hours, I responded lights and sirens to the area of 151 N. Ocean Blvd in reference to a vehicle rollover accident.

Upon my arrival, I observed a maroon Kia bearing GA tag YXK364 on its rooftop with multiple airbags deployed and the passenger side door open just west of the southbound lanes of A1A, north of Palmetto Park Rd. A white female, later identified by her GA DL to be Kendal Smith, was standing nearby as BRFD was helping her onto their stretcher. It should be noted that I observed Smith lose her balance and fall to the ground as she stepped and tried to get onto the stretcher. I also observed a gray Jeep facing southbound just east of the northbound lanes of A1A, north of the maroon Kia and Palmetto Park Rd. Both vehicles were totaled with severe damage. Ofc. Carelli conducted an accident investigation (HSMV# 26597304). Ofc. Ricciardi captured photos of the accident scene.

I spoke with Ofc. Hettchen and Ofc. Carelli, who both advised they witnessed Smith being cut out from the driver seat of the maroon Kia as she had been hanging upside from the accident. BRFD K. Miller with RE3 advised he removed Smith from the driver seat of the maroon Kia, and she was the sole occupant of the vehicle (BRFD run # 2025-001270). The vehicle key was also still in the ignition upon my arrival. Smith was then brought into BRFD`s ambulance, where I stood-by. BRFD asked Smith if she had been drinking, and she replied she had been about three hours ago. Smith also told BRFD that she has a history of seizures, where her last seizure was in 2023, and she takes her medication daily for seizures. She did not have any obvious injuries to her person other than minor scrapes. While I stoodby, I could smell an odor of an unknown alcoholic beverage emanating from Smith`s person, and I could see her eyes were bloodshot and glossy. BRFD then transported Smith to Boca Raton Regional Hospital for medical care, and I rode in the ambulance with Fire Rescue and Smith. It should be noted that Smith was not under arrest or in handcuffs at this point.

PROBABLE CAUSE STATEMENT

Once at Boca Regional Hospital, I continued to standby with Smith while hospital staff tended to her care. Due to the nature of the accident, hospital staff performed their routine hospital checks and a CT scan. In my presence, Smith told staff that she did not believe she had a seizure tonight because she would know if she had one since her calves and body would be sore, but it was not. She advised her seizures were not relevant to what happened tonight. She further told staff that she had vomited twice tonight before the accident. I then attempted to gather any information Smith recalled from the accident, however, Smith advised she could not remember the accident or even driving. While speaking with her alone in the hospital room, I could still smell a strong odor of an unknown alcoholic beverage emanating from her breath and person. I could also observe a yellow wristband with "VIP" written on it, which based on my training and experience, are commonly placed onto wrists for bars/clubs to allow drinking alcohol. Based on the totality of circumstances, I was concerned that Smith had been operating a motor vehicle while under the influence of alcohol and/or a chemically controlled substance. I then advised her that I was done with the accident investigation, and I was now starting a DUI investigation. Smith advised she understood. I then read her Constitutional Warnings from a preprinted card issued by BRPD. Smith advised she understood. Smith advised that prior to the accident, she had been with her friends at a bar in downtown Delray Beach called Tin Roof. She did not recall leaving the bar, but she located a text on her phone sent at 0010 hours on 01/24/2025 saying, "Heading home." She did not remember leaving the bar, driving, or being in the accident. She advised originally to hospital staff in front of me that she did drink tonight for her friend's birthday after not drinking all month. She then changed her story and said she did not have anything to drink tonight, but she possibly did but did not remember. She advised she would "take full responsibility." She advised she has no other medical issues besides the history of seizures, which she did not believe she had tonight, and no physical injuries or issues with her eyes that are corrected by contact lenses or glasses. She takes prescription medications for her seizure and anxiety. Based on my observations, I then asked Smith if she would be willing to participate in field sobriety tasks to dispel my alarm that she is under the influence of alcohol and/or chemically controlled substance to the point of being impaired. Smith agreed to participate in the tasks. The tasks were performed in the hospital room on a flat and dry surface with ample space around and well-lit. I explained and demonstrated each task before she performed them. She performed the tasks barefoot.

The first task was the Horizontal Gaze Nystagmus. After explaining the instructions, I asked her if she understood. She replied yes. I then asked if she had any questions, and she replied no. She was seated for this task. I noticed equal pupil size in both eyes. I then observed lack of smooth pursuit in both eyes, distinct and sustained nystagmus at maximum deviation in both eyes, and nystagmus prior to 45 degrees in both eyes. I also observed vertical nystagmus in both eyes.

SMITH, KENDAL SHARWELL		W	F	09/23/1994

PROBABLE CAUSE STATEMENT

The next task was the Walk and Turn. After I explained and demonstrated the task, Smith advised she understood and did not have any questions. Smith took multiple attempts. On her first attempt, she did not count out loud and then stopped to ask me if she had to count out loud. She then restarted. On her second attempt, she started with the incorrect foot and turned improperly. She then again stopped and asked me for further instructions. I then explained the instructions again. On her third attempt, she stopped to steady herself and was swaying.

I then explained the next task, One Leg Stand. After explaining and demonstrating the task, Smith advised she understood and did not have any questions. She raised her left foot and balanced on her right leg. Smith did not count out loud as I instructed and put her left foot down multiple times.

The next task was the Finger to Nose (L-R-L-R-R-L). After I explained and demonstrated the task, she advised she understood. She showed me she knew what hand was her left and right. She also showed me she knew what her index/pointer finger was, and where the tip of her nose was. She then asked, "Am I allowed to do this because this is what I would do on a sober basis?" as she made two "L`s" with her hands. She then performed the task. She missed the tip of her nose multiple times, and on her third right, she touched her left finger to her nose, and also used her left finger to her nose on her third left. The next task was the Rhomberg Alphabet. Smith advised she could recite the English alphabet from A-Z without skipping letters and without singing it. Smith recited the alphabet correctly.

The final task was the Rhomberg Balance (estimate 30 sequence). After I explained the instructions, Smith advised she understood and did not have any questions. Smith estimated the passage of 30 seconds in 41 seconds.

Based on my observations, I developed probable cause to arrest Kendal Smith for DUI. I handcuffed Smith, checked for tightness and proper fit. Due to being at Boca Regional Hospital with an estimated wait of over two hours according to the hospital staff, I determined that breath was impractical at this point. I then requested a blood sample for the purposes of determining presence of alcohol and/or chemically controlled substances. I read Smith Florida Implied Consent for blood sample. Smith advised she understood. She then refused to provide a blood sample at 0309 hours. See DUI Influence report. During a search of her purse, which Smith advised was hers, Ofc. Carelli located several multi-colored "Flintstone" pills were located in Smith`s purse. Smith advised these were Ecstasy and/or Xanax that she takes prescribed, however, they were not in any prescription bottle labeled. The pills, one orange pill labeled "S," one purple pill labeled "S," one blue circular pill labeled "DR" with an unknown stamp design on back, one clear capsule with unknown crystal yellow substance, and one red/pink bar with "CP" on one side and "Supreme" on other side, were seized and brought back to BRPD for field testing.

PROBABLE CAUSE STATEMENT

Once at BRPD, I used a BRPD issued Nark II MDMA (Ecstasy) test kit on a piece of the purple pill (0.6g), and the kit turned dark blue, indicating positive for MDMA. I also used another MDMA test kit on the red/pink bar (0.7g), and the kit turned blue indicating positive for MDMA. Lastly, I used another BRPD issued Methamphetamine test kit on the capsule with unknown yellow crystal substance (0.4g), and the kit turned blue indicating positive for methamphetamine. The orange pill and blue circular pill did not field test positive for MDMA. All items were submitted into BRPD evidence. Photos of the pills and test kits were captured on MVR body camera.

Kendal Smith is being charged with DUI pursuant to F.S.S. 316.193(1)(a). Smith is additionally being charged with possession of MDMA and Methamphetamine pursuant to F.S.S. 893.13(6)(a). I issued Smith a DUI citation (#AJVI6UE). Smith was issued a citation by Ofc. Carelli for reckless driving. Smith was medically cleared at Boca Regional Hospital and then transported to Palm Beach County Jail without issue.

DEPARTMENT OF HIGHWAY SAFETY & MOTOR VEHICLES
AFFIDAVIT OF REFUSAL TO SUBMIT TO

BLOOD TEST

I, Ofc. Harrison, a duly certified Law Enforcement or Correctional Officer, am a
(Name of Officer reading Implied Consent Warning)

member of Boca Raton Police Department, and I do swear
(Name of Law Enforcement Agency)

or affirm that on or about the 24 day of January, 20 25, at 0300 ☐P.M. ☒A.M.

DRIVER Kendal Sharwell Smith,
FIRST NAME MIDDLE OR MAIDEN NAME LAST NAME

DL # 056659413, state of GA, appeared for treatment at a hospital, clinic, or other medical facility pursuant to s. 316.1932(1)(c), Florida Statutes, and a breath or urine test was impossible or impractical.

That on or about the 24 day of January, 20 25, at 0309 ☐P.M. ☒A.M.
in Palm Beach County,

I requested that the driver submit to a **blood test** to determine his or her blood alcohol level and/or the presence of chemical or controlled substances in his or her blood. I informed the driver that refusal to submit to a blood test would result in the suspension of his or her driving privilege for a period of one (1) year for a first refusal, or for a period of eighteen (18) months if his or her driving privilege had been previously suspended, or if he or she had been previously fined under s. 327.35215, F.S., for refusing to submit to a breath, urine, or blood test. I also informed the driver that if he or she holds a Commercial Driver's License (CDL), or was operating a commercial motor vehicle, refusal would result in the disqualification of the CDL for a period of one (1) year in the case of a first refusal or permanently if he or she had been previously disqualified as a result of a refusal to submit to a breath, urine or blood test. The driver nonetheless refused to submit to a blood test.
