The undersigned certifies and swears that he/she has just and resonable grounds to believe, and does believe that the above named Defendant committed the following violation of law.

The Person taken into custody . . .

☒ committed the below acts in my presence.

☐ confessed to _____ admitting to the below facts.

☐ was observed by _____ who told _____ that he/she saw the arrested person committ the below acts.

☒ was found to have committed the below acts, resulting from my (described) investigation.

On the 6 day of November, 2025 at 21:40 (Specifically include facts constituting cause for arrest.)

PROBABLE CAUSE STATEMENT

On 11/06/2025 at approximately 2140 hours, this Officer observed a vehicle driving east bound in the inside through lane of PGA Blvd in the area of Fairchild Gardens Av, PBG, FL, with an expired decal. Body worn camera and in car video were used.

The vehicle, a Mercedes S-Class (JP2LG/FL) was bearing a decal of 02/2025. An FCIC/NCIC check of the vehicle showed an expiration date of 02/08/25. This Officer entered the lane and initiated a traffic stop on same in the left-hand turn lane of Mall Rd. This Officer was only briefly near and behind the vehicle and did not observe any other driving pattern. As this Officer approached the driver window, this Officer observed the driver reach into the back seat behind the front passenger seat. Due to the vehicle not having tinted windows, this Officer observed the driver did not retrieve a purse or wallet from the back. As this Officer neared the vehicle, this Officer observed two cups on the floor, directly where the driver was reaching, one appeared to be a small clear glass, similar to that a restaurant would give and the other was a metal tumbler.

This Officer made contact with the driver, identified via Florida Driver License photo, Lanell Fagan (OF), while she was still in actual physical control of same. This Officer explained the reason for the stop, to which Fagan claimed to have returned to the state yesterday. This Officer requested license registration and insurance, to which Fagan provided her license and insurance then had to be reminded to provide registration. While speaking with Fagan, this Officer observed her to have red watery eyes, low droopy eyelids, flushed red face, slurred speech and the obvious odor of an unknown alcoholic beverage emanating from her breath at conversational distance.

This Officer conducted a records check then returned to Fagan`s vehicle. Fagan then provided this Officer with an out of state vehicle registration. Fagan said she was coming from Ben Hotel, where she had a pop-up. Fagan further stated she was on her way home. This Officer asked Fagan how much she had to drink, to which she replied "two

drinks". Fagan also denied consuming medication or narcotics on this night. Fagan indicated she felt fine and did not have allergies. Fagan denied feeling the effects of alcohol and when asked to gauge her sobriety from zero being sober to ten being very drunk, she replied "two".

Based on this Officer`s observations, this Officer expressed concern to Fagan about her being under the influence and asked her to exit the vehicle to participate in Standardized Field Sobriety Exercises, to which she complied. Prior to exiting her vehicle, Fagan removed her high-heels and asked this Officer again about her registration. Fagan appeared a bit unsteady on her feet as she walked to the rear of the vehicle. Fagan said she did not have any medical conditions which would effect the exercises performed.

The first exercise conducted was the Horizontal Gaze Nystagmus. The stimulus used was a black pen with an illuminated white tip. Fagan had a lack of smooth pursuit in both eyes as well as involuntary jerking at maximum deviation in both eyes. Fagan also had onset of Nystagmus prior to 45 degrees in both eyes, as well as Vertical Gaze Nystagmus in both eyes. During the exercise, Fagan had to be reminded to properly follow the stimulus and at one point stopped and talked to this Officer about her daughter.

The second exercise to be conducted was the Walk and Turn. The line was a traffic sensor in the roadway. Fagan had difficulty getting into and remaining in the starting position. Fagan stepped out of the starting position at least three times and started prior to being told to do so. Fagan then claimed to have a cramp from Pilates, thus this Officer abandoned the exercise. Despite being told not to do the exercise, Fagan still walked along the line, missing heel-to-toe on each step both ways.

This Officer then elected to conduct seated exercises, while Fagan was seated in the now open trunk of her vehicle.

The second exercise actually conducted, was the Finger to Nose. When told to begin, this Officer had to remind Fagan to tilt her head and close her eyes. First command of Left she touched with the pad of her finger then touched with her right hand without being told to do so. First command of Right, she touched with the pad of her finger. Second command of Left, she touched under the tip of her nose and tilted her head forward. Second command of Right, she touched with the pad of her finger. Third command of Right, she raised her left hand then touched with the pad of her right finger. Final command of Left, she touched under the tip of her nose.

The third exercise conducted was the Palm Pat. Fagan started prior to being told to do so. When told to begin, Fagan did not count aloud, while doing so, she was rolling her top hand. When told to count allowed, Fagan`s counting did not match with her patting her hands. Fagan also chopped and double patted.

PROBABLE CAUSE STATEMENT

The fourth exercise conducted was the Hand Coordination. This exercise was demonstrated three times. Fagan did start prior to being told to do so. During Task 1, Fagan did not count aloud. Fagan conducted five steps away from her body then patted her thighs and clapped her hands. Fagan then returned seven steps back to her chest and did not count aloud. Fagan did not conduct Task 4, which was to return her palms to her lap. In sum, Fagan did not conduct any part of the exercise the way she was instructed.

The fifth exercise conducted was the Rhomberg Alphabet. Fagan said the alphabet quickly and was swaying back and forth.

The final exercise conducted was the Modified Rhomberg Balance. Fagan estimated the passage of 30 seconds in approximately 12 seconds.

Based on this Officer`s observations and the totality of the circumstances, Fagan was placed under arrest at 2204 hours. Fagan`s jewlery and vehicle were turned over to her fiancee Bill Hand, at her request. At the PBSO BAT, this conducted a 20 minute observation period noting no issues. This Officer requested Fagan provide a breath sample for the purpose of determining its alcohol content, to which she refused, citing a doctor`s advice. This Officer read the updated Florida Implied Consent to Fagan, to which she acknowledged and refused at 2302 hours. While at the PBSO BAT, Fagan complained about Diabetes and claimed her blood sugar "wasn`t right". The PBSO Jail nurse came to the BAT and checked Fagan`s blood sugar which came back completely normal.

Based on the results of the investigation, this Officer determined Lanell Fagan did operate a motor vehicle, upon a public roadway, in the state of Florida, while under the influence to the extent her normal faculties were impaired, contrary to FSS 316.193(1)(A). Fagan did refuse a lawful sobriety test, after being told doing so was a criminal offense, contrary to FSS 316.1939(1)(D).
