Probable Cause

On 12/04/2024, at approximately 02:30 A.M., I (Trooper Lafleur ID#5261) was on routine patrol in my fully marked (FHP 3475 Vin # 2C3CDXAT0PH639153) with a speedometer calibration date of 11/15/2024 and identifiable Florida Highway Patrol painted insignias. I was traveling southbound on Interstate 95 (State Road 9) just south of State Road 806 (Atlantic Avenue) in the outside lane of travel. I observed a white in color Tesla Sports Utility Vehicle bearing a Florida license plate of (GLWL89) traveling in the outside lane of travel. The driver of the vehicle drifted to the right and the right tires of the vehicle crossed the solid white line that separates the outside lane from the outside paved shoulder.

At this time, I began to follow the vehicle from a safe distance to observe its driving pattern. I observed that the vehicle was swerving within its lane. The driver of the vehicle drifted to the left and the left tires of the vehicle touched the dashed white line that separates the outside center lane from the outside lane of travel. The vehicle continued traveling southbound on Interstate 95 (State Road 9) in the outside lane of travel. While approaching State Road 807 (Congress Avenue), the driver of the vehicle failed to maintain within their travel lane. The driver of the vehicle drove on the outside shoulder multiple times and continuously pressing the brake while there's no traffic directly in front of her. The above-mentioned actions are consistent with abnormal driving behavior. I accelerated to get closer to the vehicle. I activated my emergency blue lights and sirens at approximately 02:34 AM to conduct a traffic stop on the vehicle for a welfare check. I did not know if the driver was potentially suffering from a medical emergency or might be impaired due to an unknown substance.
Upon activating my emergency lights and sirens, the driver of the vehicle took approximately 21 seconds to come to a complete stop. The vehicle came to a complete stop southbound on Interstate 95 (State Road 9), south of State Road 807 (Congress Avenue) in the outside paved shoulder. Once the vehicle came to a complete stop, I approached the driver's side of the vehicle to make contact with the driver (who was later identified by her Florida driver's license card [F520521876811] as Lauren Ashley Funk DOB 05/21/1987).

Upon making contact with Ms. Funk, I introduced myself and advised her of the reason for the stop (welfare check). I asked her if she was suffering from any medical emergency, and she stated no. I also asked her if her vehicle had any major mechanical issues, she stated no. When I questioned Ms. Funk about her failure to maintain her lane, she stated she did not know why she was not maintaining her lane. I then requested her driver's license, registration, and proof of insurance for the vehicle. Ms. Funk handed me her documents as requested. While standing at the driver's side door and interacting with Ms. Funk, I observed that her eyes were bloodshot, watery and glassy. I smelled the strong odor of an

NOT A CERTIFIED COPY

unknown alcoholic beverage emitting from her breath that grew stronger each time she spoke. Ms. Funk's speech was slow, and slurred. Ms. Funk's mannerisms were distinct and consistent with someone who might be under the influence of alcohol. I asked her if she had consumed any alcoholic beverages today and she stated yes, she had one glass of wine (alcoholic beverage) about an two hours ago. When I questioned her regarding her travel plans, Ms. Funk advised me that she was coming from a Delray Beach
, and she was heading home. I later asked Ms. Funk to exit the vehicle, and she cooperated. While speaking to her outside of the vehicle, I continued to smell the strong odor of an unknown alcoholic beverage coming from her breath as she spoke. Ms. Funk mentioned that she was okay and that she's not drunk. Due to the cues and clues that I had observed during my initial encounter with Ms. Funk, I asked her if she would be willing to perform voluntary Standardized Field Sobriety Exercises (SFSE) to aid in determining her level of impairment. Ms. Zollicoffer stated she was good to drive. After requesting Ms. Funk to submit to field sobriety exercises, she said yes and agreed to do the exercises.

(Note: The summary below is not intended to be a verbatim account of all the events that took place during the administration of the standardized field sobriety exercises. Video footage and audio of the exercises are available upon request.) Each exercise was explained and demonstrated prior to the subject attempting to perform the exercise. The area where the exercises were conducted was clear of debris and on a flat surface.

Horizontal Gaze Nystagmus (HGN):

The first exercise that I performed with Ms. Funk was the Horizontal Gaze Nystagmus exercise. I placed Ms. Funk in a position with her feet together and hands down by her sides. I asked Ms. Funk a series of medical questions to ensure that she would be able to perform each of the exercises safely and without any deficiencies. Ms. Funk advised me that she would not have any issues performing the exercises. I asked Ms. Funk if she wore glasses or contact lenses. Ms. Funk stated yes. I began the first series of passes with the stimulus and checked each of her eyes for resting nystagmus and equal pupil size. I checked each of her eyes for equal tracking. Each of her eyes exhibited equal tracking. I began the second series of passes, and I checked each of her eyes for lack of smooth pursuit. Each of her eyes exhibited a lack of smooth pursuit. I then checked each of her eyes for the onset of nystagmus prior to 45 degrees. Ms. Funk 's eyes exhibited the onset of nystagmus prior to 45 degrees. I checked each of her eyes for distinct and sustained nystagmus at maximum deviation. Each of her eyes exhibited distinct and sustained nystagmus at maximum deviation. During the Horizontal Gaze Nystagmus, Ms. Funk was told to stop moving her head multiple times. I checked each of her eyes for Vertical Gaze Nystagmus. Neither of her eyes exhibited Vertical Gaze Nystagmus.

Walk-and-Turn:

The next exercise that I performed with Ms. Funk as was the walk-and-turn. I attempted to place Ms. Funk in the starting position, she had a hard time maintaining the starting position. I explained and

NOT A CERTIFIED COPY

demonstrated the exercise for Ms. Funk. I asked Ms. Funk if she had any questions, she said no. Ms. Funk began performing the first nine step series; she missed heel-to-toe three times. Ms. Funk then began performing the second nine step series. During the second nine step series, Ms. Funk stepped off the line four times and missed heel-to-toe on every single steps.

One-Leg Stand:

The last exercise that I performed with Ms. Funk was the One-Leg stand. I placed Ms. Funk in the starting position, I explained and demonstrated the exercise Ms. Funk. I asked Ms. Funk if she understood the instructions and she advised me that she understood. I used a digital watch to count to 30 seconds. Ms. Funk began performing the exercise, raising her left leg. Ms. Funk failed to keep her hands down by her sides, used them to maintain her balance and also put her foot down multiple times.

The Romberg test:

The next exercise that I performed with Ms. Funk was the Romberg test. I asked Ms. Funk to stand with her feet together, head tilted slightly back, and eyes closed. I advised her to estimate when 30 seconds had passed and say "stop" when she thinks it's been that long. I used a digital watch to keep track of the time. Ms. Funk said stop at 17 seconds.

Based upon the above information and the totality of the circumstances, I determined that there was probable cause to believe that Lauren Ashley Funk committed the offense of driving under the influence by being in actual physical control/operating a motor vehicle while under the influence of alcoholic beverages, any chemical substance per Florida State Statute 877.111, or any controlled substance per Chapter 893, while her normal faculties were impaired. I placed Lauren Ashley Funk under arrest at 02:55 AM for the above offense and handcuffed her behind her back, double locked, spaced and tightened the cuffs. After being searched, Ms. Funk was placed in the back seat of my marked patrol (FHP3475) vehicle with the seat belt placed around her for safety. Her vehicle was towed by Priority towing. She was then transported to the Palm Beach County Breath Alcohol Testing (BAT) facility. I arrived at the BAT facility at approximately 03:57 AM. I conducted a twenty-minute observation period where I ensured that she did not ingest anything by mouth or regurgitate (mouth was confirmed to be empty prior to beginning of the observation period). Ms. Funk was then asked if she was willing to provide a breath sample to determine the alcohol content of her breath. She refused to provide the breath sample. I then read Ms. Funk the Florida Implied Consent driver's license suspension warning, she still refused to provide the breath sample. Ms. Funk refusal time was at 04:25 AM. I then read the Constitutional Warning document to her and asked her if she understand. She stated yes. See BAT video footage for a complete account of the incident. See BAT video footage for a complete account of the incident.

Ms. Funk was then transported to the Palm Beach County jail for booking and processing and charged

AFFIDAVIT OF REFUSAL TO SUBMIT TO
BREATH AND/OR URINE TEST

I, LAFLEUR (Name of Officer reading Implied Consent Warning), a duly certified Law Enforcement or Correctional Officer, am a member of FLORIDA HIGHWAY PATROL (Name of Law Enforcement Agency), and I do swear or affirm that on or about the 4 day of December, 2024, at 2:55 ☐ P.M. ☒ A.M.

DRIVER LAUREN (FIRST NAME) ASHLEY (MIDDLE OR MAIDEN NAME) FUNK (LAST NAME),

DL# F520521876811, state of FL, was placed under lawful arrest for the offense of 316.193(1) D.U.I. - ALCOHOL OR DRUGS (MISDEMEANOR) by LAFLEUR (Name of Arresting Officer) and issued Citation # A77LEAE.

That on or about the 4 day of December, 20 24, at 4:25 ☐ P.M. ☒ A.M. in Palm Beach County,

I requested that the driver submit to a ☒ **breath and/or** ☐ **urine** test to determine his or her blood alcohol level and/or the presence of chemical or controlled substances. I informed the driver that the refusal to submit to such test(s) would result in the suspension of his or her driving privilege for a period of one (1) year for a first refusal, or for a period of eighteen (18) months if his or her driving privilege had been previously suspended, or if he or she had been previously fined under s. 327.35215, F.S., for refusing to submit to a breath, urine, or blood test. I also informed the driver that he or she commits a misdemeanor by refusing to submit to a lawful test as requested above if his or her driving privilege has been previously suspended, or if he or she has been previously fined under s. 327.35215, F.S., for refusal to submit to a lawful test of his or her breath, urine, or blood. Additionally, I informed the driver that if he or she holds a Commercial Driver's License (CDL), or was operating a commercial motor vehicle, refusal will result in the disqualification of the CDL for a period of one (1) year in the case of a first refusal or permanently if he or she has previously been disqualified as a result of a refusal to submit to any such lawful test. Nonetheless, the driver refused to submit to the test(s) requested.
