PROBABLE CAUSE STATEMENT

The undersigned certifies and swears that I have just and reasonable grounds to believe, and do believe that the above named Defendant committed the listed violation(s) of law.

The Person taken into custody:

☒ committed the below acts in my presence.

☐ confessed to _____ admitting to the below facts.

☐ was observed by _____ who told _____ that he/she saw the arrested person commit the below acts.

☒ was found to have committed the below acts, resulting from my (described) investigation.

☐ Marsy's Law CVI
FL. Const. Art.1 § 16(b)

On 10/20/2023 at approximately 0110hrs I D/S F. Torres observed a vehicle driving EB on 45th St exceeding the speed limit of 40mph. I used my department issued Stalker Lidar Laser serial number LF006787 to obtain a speed measurement of the vehicle. He was the only vehicle on the road at the time. I obtained a reading of 63mph. I was stopped on the side of the road at the intersection of Tiffany and 45th Street running stationary laser speed enforcement. I got behind the vehicle and immediately initiated the lights and sirens of my marked patrol vehicle to signal the traffic stop. The vehicle was a black Toyota utility bearing FL tag#QGSP53. I observed it stagger to the side of the road as if the drive was not sure where to stop. I approached the driver's window and on approach I noted that the driver was the sole occupant in the vehicle. As I walked up in the back seat cup holder immediately behind the driver (like a second row center console) I observed a tall can of High Noon Vodka an alcoholic beverage but I appeared to be closed. The white male sitting in the driver's seat appeared tense and frozen and did not speak at first. As I approached I smelled an odor of an alcoholic beverage. As I spoke to the male he turned to me I saw the driver (later identified by his Oregon Driver's License). I notice that he had a blue wrist band similar to the ones issued at bars and night clubs. I asked where he was coming from and he stated that he had been designated to take several of his coworkers homes. The smell of an alcoholic beverage intensified as he spoke to me. He was cooperative and talkative but his eyes were red and glossy. When I questioned the odor of an alcoholic beverage coming from the vehicle he stated that it was possibly from the coworkers he dropped off. I asked him to exit the vehicle and saw his clothing to be disheveled and worn. He assumed a wide stance for balance so I asked that he stand with his feet together he instantly started to sway. When asked why he smelled of an alcoholic beverage he advised he had three High Noon beers at approximately 5pm, 8hrs prior. He said he had no medical issues or disabilities. He said he was wearing contact lenses. I asked if he would consent to performing Standardized Field Sobriety Evaluations (SFSTs) for the purpose of determining if he was impaired while operating the motor vehicle and he agreed. I adjusted my vehicle and parked in front of a level surface that was smooth and free from obstructions and debris.

☐ **Marsy's Law CVI**
FL. Const. Art.1 § 16(b)

The following SFSTs were explained, demonstrated and acknowledged by him prior to their performance: HGN, The Walk and Turn, The One Leg Stand, Finger to Nose and Romberg alphabet(modified to numbers). I placed yellow tape on the ground to create a straight line. The deficiencies of the completed tasks were recorded on another form in this packet. At the conclusion of the SFSTs, coupled with the observations of the defendants driving pattern, and the observation of personal indicators of impairment exhibited by the defendant during my personal contact, probable cause was established for DUI. I told the defendant he was being placed under lawful arrest for DUI. He was handcuffed which were double locked and checked for tightness prior to being seated into the rear of my patrol car.

Meanwhile I began the transport to the main jail breath analysis facility for further processing. Upon our arrival I escorted the defendant into the facility and began a 20 minute observation period. During this time the defendant did not ingest anything into his body orally or otherwise. Neither did he regurgitate. I escorted him into the testing room and asked him to provide breath samples for the purpose of determining its alcohol content. He agreed and provided two samples, the first was a .155 and the second was a .156. I read him his Miranda Warnings which he acknowledged and said he understood. He then stated that he wanted and needed an Attorney.

I find that there is Probable Cause for the arrest of Levi Vincent Goins for driving under the influence. He was subsequently booked into the Palm Beach County Jail for DUI.
