NARRATIVE:

I was responding to an unrelated call for service in the area of Seminole Pratt Whitney Rd and Banyan Blvd. in unincorporated Loxahatchee FL 33470. I observed a silver car with a black roof pass me on on Seminole Pratt Whitney Rd southbound in the northbound lanes. I immediately turned around to travel south to make contact with the vehicle. As I was approaching the intersection of 60th ST N and Seminole Pratt Whitney Rd. I observed the vehicle turning around to now travel North on Seminole Pratt Whitney Rd. I activated my emergency lights and the vehicle began traveling north but stopped shortly thereafter. I approached the vehicle on the passengers side due to the vehicle stopping on the white line with it's driver's tires. As I made contact with the vehicle I knocked on the passenger's side window. I made contact with the driver who was later identified as the defendant with her Wisconsin driver's license. I immediately could smell the odor of an unknown alcoholic beverage emanating from the vehicle. I asked the driver for her license, registration, and insurance which she provided. I informed the driver that she was being stopped for traveling south in the northbound lanes. She stated that she did not know she had done that. I asked the driver if she had been drinking and she stated that she had been drinking "bellini's" she described them as champagne and peach flavor. She stated that she was leaving the neighborhood Avenir and looking for Northlake Blvd. Let it be known that the neighborhood of Avenir is off Northlake Blvd. While speaking with the defendant her speech was slurred and she had bloodshot eyes. I requested the response of the Palm Beach County Sheriff's Office DUI Unit. Inv. E White #7209 responded to the scene and the investigation was turned over to him.

PROBABLE CAUSE STATEMENT

The undersigned certifies and swears that I have just and reasonable grounds to believe, and do believe that the above named Defendant committed the listed violation(s) of law.

The Person taken into custody:

☐ committed the below acts in my presence.

☒ was found to have committed the below acts, resulting from my (described) investigation.

☐ **Marsy's Law CVI**
FL. Const. Art.1 § 16(b)

On Sunday, August 24, 2025 at approximately 2320 hours, I responded to Seminole Pratt and Whitney Road (Rd), south of Tangerine Boulevard, Loxahatchee (Palm Beach County) Florida, to assist Deputy T. Patt with a traffic stop where the driver was possibly impaired. While en route to this location I was informed the vehicle that was stopped was traveling southbound in the northbound lane of Seminole Pratt. Upon my arrival I saw several back up units on scene. D/S Patt's patrol vehicle was stopped, with his emergency lights activated, on the east shoulder of the roadway behind a silver BMW. A white female was the sole occupant in the BMW and was sitting in the driver seat. D/S Patt wrote a sworn witness statement on a probable cause affidavit detailing his involvement with this incident. He suspected the driver to had been drinking an unspecified amount of alcoholic beverages. He told me she admitted to drinking three (3) drinks. I made contact with the driver, who was later identified as Lisa Marie Tomachek by her Wisconsin driver license. Her face was flushed and her mouth was dry. Her eyes were red, watery and glossy. I noticed a slight slur in her speech and she appeared disoriented and could not recall her current location. I could smell a strong odor of an unknown alcoholic beverage emanating from the inside of the vehicle. She was wearing white jeans, a black shirt and black shoes. I later saw wetness in front of her jeans that extended down toward her knees. I told her I had a suspicion she drank an unspecified amount of alcoholic beverages. She told me she drank three drinks at Avenir where she was visiting friends. She said she arrived at her friend's house around 10 p.m. She moved to Florida about seven months ago from Wisconsin. Based on my suspicion I asked if she would perform Standardized Field Sobriety Tasks to determined if she was impaired while operating her vehicle. She obliged. I asked her to exit her vehicle and walk to the front of my patrol unit. When she exited her vehicle and began walking toward my unit, I could see unsteadiness in her walking. Once she stood still and upright I watched her sway from side to side. Prior to her performance I asked if she had any physical issues with her body. I also asked if she was taking medication. She reported she neither has anything wrong with her physically, nor is she taking medication. I positioned her in front of my patrol unit on a relatively level surface that was free from obstructions. This area was well illuminated by street lighting and from the headlights of my patrol vehicle. I could now smell a strong odor of an unknown alcoholic beverage coming from her breath. I placed a yellow strip of tape on the surface that formed a line. The defendant identified the tape by announcing its color and placing her left foot on it when prompted to do so.

The following tasks were explained, demonstrated and acknowledged by her prior to her performance: HGN, THE WALK AND TURN, ONE LEG STAND, FINGER TO NOSE AND THE ROMBERG ALPHABET RECITATION. Her deficiencies were recorded on another form on this work packet. At the conclusion of the tasks, coupled with the deputy's observation of the defendant's vehicle in motion and my observation of personal indicators of impairment exhibited by the defendant, I established probable cause for DUI. I told the defendant she was being placed under lawful arrest for the charge. She was handcuffed (checked for proper fit) prior to being seated into the rear of my patrol vehicle. All Florida Towing responded on a rotation request and impounded the defendant's vehicle to their lot. Meanwhile I began transport to the main jail's breath analysis facility for further processing. Upon our arrival I escorted the defendant into the facility and began a 20 minute observation period. During this time the defendant did not ingest anything into her body orally or otherwise. Neither did she regurgitate. Afterward I escorted her into the testing room and asked her to provide breath samples for the purpose of detecting her alcohol content. She initially obliged, but asked to speak with her relatives or a lawyer before providing the samples. I read implied consent and offered her to read it. She did not want to read the consent. I simplified the meaning of the consent so she could better understand it. She acknowledged it afterward and agreed to provide breath samples. She was turned over to the breath technician. The defendant provided two (2) adequate breath samples that rendered results of .124 an .123. I did not perform the Q&A session since she inquired about an attorney. She was booked into the main jail on the charge of DUI.
