PROBABLE CAUSE STATEMENT

The undersigned certifies and swears that I have just and reasonable grounds to believe, and do believe that the above named Defendant committed the listed violation(s) of law. The Person taken into custody:

- ☐ Committed the below acts in my presence.
- ☐ Confessed to [WITNESS] admitting to the below facts.
- ☐ Was observed by [WITNESS] who told [WITNESS] that he/she saw the arrested person commit the below acts.
- ☒ Was found to have committed the below acts, resulting from my (described) investigation.

On Friday, October 9, 2026, at approximately 2358 hours, I responded to I-95 NB exit ramp and 6th Avenue South, Lake Worth (Palm Beach County) Florida, to assist Deputy Michael Reid with a traffic crash that involved a possible impaired driver. While en route to this location I was informed the vehicles involved were moved off the roadway and into a parking lot. Upon my arrival I observed two white passenger cars stopped in the entrance to the storage's parking lot. I noticed a white KIA, bearing current Florida license plate "KD166N, stopped alongside the curb at the entrance of the storage facility. This vehicle incurred damage to the left front side its bumper. A Hispanic female was currently seated in the driver seat. The other involved vehicle is a white Toyota, bearing current Florida license plate "FNJF98". This vehicle incurred damage to its right front bumper. I spoke with D/S Reid who was actively investigating the crash. He explained the Toyota was making a left turn to enter upon the NB I-95 entrance ramp on a green light. The other white vehicle was exiting the NB I-95 ramp and attempted to make a left turn onto 6th Ave S. to proceed west. The traffic light was red prior to it entering into the intersection. It struck the non-fault vehicle on its right front side with its left front side. I spoke with the driver of the non-fault vehicle who told me he was attempting to make a left turn after his light cycled green. He watched the white vehicle run through the red light. He tried to steer away from it to prevent the collision. His efforts were to no avail and the vehicle struck his vehicle. He told me he was not injured in the crash but did suspect the driver to be drunk. I made contact with the driver who was currently seated in the driver seat of her vehicle. She was later identified as Maria Victoria Pafundi by her Florida driver license. I could see notable signs of impairment she exhibited. Namely her face was flushed. Her eyes were red, watery and glossy. Her lips were dry. I could smell an of an unknown alcoholic beverage emanating from the inside of the vehicle. She was wearing a gray shirt, blue pants and black boots. I explained I was assisting with the the traffic crash where she was identified as the driver of her vehicle. I explained I had completed my assistance with the crash and would now be conducting a criminal investigation for the possibility of her being impaired. My suspicion of alcoholic beverage consumption and possible impairment was prompted by the previously mentioned indicators she was exhibiting. Prior to speaking with her further I told her I am required to advise her of her Constitutional Rights. She acknowledged her "rights" afterward and agreed to speak with me. She told me she was not injured in the crash and has no issues with her health. She told me she works at a Bowling Alley and went to a bar after work to meet with friends. [redacted]

[redacted] Based on my suspicion I asked if she would perform Standardized Field Sobriety Tasks to determine if she was impaired while operating her vehicle. She obliged. She was escorted to a level surface on the sidewalk that was smooth and free from any obstruction and debris. This area was well illuminated by office lighting and from the headlights of my patrol vehicle. I could now smell an odor of an unknown alcoholic beverage coming from her breath. I placed a yellow strip of tape on the surface that formed a line. The defendant identified the tape by announcing its color and placing her left foot on it when prompted to do so. The following tasks were explained, demonstrated and acknowledged by her prior to her performance: HGN, THE WALK AND TURN, ONE LEG STAND, FINGER TO NOSE AND THE ROMBERG ALPHABET RECITATION. Her deficiencies were recorded on another form on this work packet. At the conclusion of the tasks, coupled with the non-fault driver's identifying the defendant as the driver of the vehicle that struck his, coupled with my observation of personal indicators of impairment exhibited by the defendant, probable cause was established for DUI with property damage. I told the defendant she was being placed under lawful arrest for the charge. She was handcuffed (checked for proper fit) prior to being seated into the rear of my patrol vehicle. She allowed her friend to take custody of her personal effects. Priority Towing responded on a rotation request and impounded the defendant's vehicle to their lot. Meanwhile I began transport to the main jail's breath analysis facility for further processing. Upon our arrival I escorted the defendant into the facility and began a 20-minute observation period. During this time the defendant did not ingest anything into her body orally or otherwise. Neither did she regurgitate. Afterward I escorted her into the testing room and asked her to provide breath samples for the purpose of detecting her alcohol content. She initially agreed but asked what would happen if she did not provide breath samples. I read her implied consent in which she acknowledged. I asked if she would provide breath samples and she agreed to do so. She was turned over to the breath technician. The defendant provided two (2) adequate breath samples that rendered results of .163 and .162. I transported her to Good Samaritan Freestanding Hospital for medical clearance. After she was cleared, I booked her into the main jail for the previously mentioned charge. She also was cited in the traffic crash for running a red light.
