Probable Cause

On November 27, 2025, at approximately 10:30 PM, I, Trooper Lafleur (ID#5261), responded to assist Trooper Zimmerman (ID#5061) in reference to a two-vehicle crash on Interstate 95 (State Road 9) southbound at the exit ramp to 6th Avenue. The Lake Worth Regional Communication Center (LWRCC) advised that the crash involved two vehicles, a white Mazda SUV and a silver Honda which were blocking the outside lane. A short time later, [redacted] advised that he was at the intersection of 6th Avenue South and Manor Drive, he observed a white Mazda SUV on Manor Drive just north of the intersection with its hazards on. he also observed a white Honda Civic in the parking lot located just northwest of it with heavy front end damage. He drove around into the parking lot to make contact with the Honda Civic and white Mazda SUV. As he approached the Honda Civic, it began driving in a north direction toward his vehicle. He initiated a traffic stop on the vehicle and immediately asked the driver (White female) if she was okay). Both vehicles matched the descriptions and updated location that were provided by LWRCC. The white female advised that she was in a crash down the street. Trooper Zimmerman advised he observed numerous signs of possible intoxication on the white female driver, her eye lids were low, her speech was slurred and was unable to successfully articulate what occurred, however she stated that she was okay and that it was just a bump. He immediately notified LWRCC and a short time later I arrived on scene. Upon my arrival, I spoke with Trooper Zimmerman and he advised that while interacting with the driver of V01, he observed multiple signs of impairment, including a strong odor of an unknown alcoholic beverage emitting from the driver's breath each time she spoke or exhaled. He also noted that the driver's eyes were bloodshot, watery, and glassy, and her speech was slow and slurred. Trooper Zimmerman completed the crash investigation prior to my conducting the DUI investigation. He also obtained a witness statement from the driver of V02, who identified the defendant as the driver of V01.

After speaking with Trooper Zimmerman , I made contact with the driver of V01, who was later identified by her Florida driver license (H228533406000) as Ms. Marissa Lynn Hullett , DOB 3/28/1995. While interacting with Ms. Hullett, I detected a strong odor of an unknown alcoholic beverage emitting from her breath, and I observed that her speech was slow and slurred. I advised Ms. Hullett that a DUI investigation would commence and read her Miranda rights. She stated she understood her rights and agreed to speak with me. When asked if she had consumed any alcoholic beverages, she stated no she did not have anything to drink. Ms. Hullett confirmed that she owned the vehicle and that she was the driver at the time of the crash. She stated he was the sole occupant of the vehicle. She also confirmed she had been involved in a crash and admitted she was traveling southbound on the exit ramp.

NOT A CERTIFIED COPY

When questioned about her travel plans, Ms. Hullett stated she was coming from her father's house and was heading home. I asked her if she had any major medical issues or concerns, and she stated no. While speaking with Ms. Hullett, I observed multiple signs of impairment, including bloodshot eyes, slurred speech, and a strong odor of an unknown alcoholic beverage emitting from her breath. Ms. Hullett was very fidgety. I then asked Ms. Hullett if she was willing to perform voluntary Standardized Field Sobriety Exercises (SFSEs), and she stated she was willing to participate.
(Note: The summary below is not intended to be a verbatim account of all the events that took place during the administration of the standardized field sobriety exercises. Video footage and audio of the exercises is available upon request.) Each exercise was explained and demonstrated prior to the subject attempting to perform the exercise. The area where the exercises were conducted was clear of debris, on a flat surface.

Horizontal Gaze Nystagmus (HGN):
The first exercise that I performed with Ms. Hullett was the Horizontal Gaze Nystagmus exercise. I placed Ms. Hullett in a position with her feet together and her hands down by her sides. I asked Ms. Hullett a series of medical questions to ensure that she would be able to perform each of the exercises safely and without any deficiencies. Ms. Hullett advised me that she would not have any issues performing the exercises. I asked Ms. Hullett if she wears glasses or contact lenses. Ms. Hullett had her glasses on at the time. I began the first series of passes with the stimulus, and I was checking each of her eyes for resting nystagmus and equal pupil size. I checked each of her eyes for equal tracking. Both eyes exhibited equal tracking. I began the second series of passes, and I was checking each of her eyes for lack of smooth pursuit. Both eyes exhibited a lack of smooth pursuit. I then checked each of her eyes for the onset of nystagmus prior to 45 degrees. Ms. Hullett eyes exhibited the onset of nystagmus prior to 45 degrees. I checked each of her eyes for distinct and sustained nystagmus at maximum deviation. Both eyes exhibited distinct and sustained nystagmus at maximum deviation. During the Horizontal Gaze Nystagmus, Ms. Hullett was told to stop moving her head multiple times and she had a hard time following instructions. I checked each of her eyes for Vertical Gaze Nystagmus. Both of her eyes exhibited Vertical Gaze Nystagmus. Ms. Hullett exhibited an orbital sway throughout the duration of the exercise.

Walk-and-Turn:
The next exercise that I performed with Ms. Hullett was the walk-and-turn. I attempted to place Ms. Hullett in the starting position. Ms. Hullett could not maintain the starting position for no more than three seconds. She attempted the starting position multiple times. I advised Ms. Hullett to do her best with the starting position. I explained and demonstrated the exercise for Ms. Hullett. I explained the exercise multiple times to Ms. Hullett. Ms. Hullett begin the exercise before she was advised to do so. I asked Ms. Hullett if she had any questions, she said no. Ms. Hullett began performing the first nine step series; she missed hell to toe on every single step. Ms. Hullett began performing the second nine step series; she missed hell to toe on every single step and also counted ten steps.

One-Leg Stand:

Originating Agency ORI	Occur Date Time Range	Jurisdiction
FL0509000	11/27/2025 22:20:19 -	

OBTS Number	Other Number

The last exercise that I performed with Ms. Hullett was the One-Leg stand. I placed Ms. Hullett in the starting position; I explained and demonstrated the exercise to Ms. Hullett. I asked Ms. Hullett if she understood the instructions and she advised me that she understood. I used a digital watch to count to 30 seconds. Ms. Hullett began performing the exercise, raising her right leg. Ms. Hullett put her foot down nine times, failed to look at the raised foot and also did not count out loud.

Based upon the above information and the totality of the circumstances I determined that there was probable cause to believe that Marissa Lynn Hullett committed the offense of driving under the influence by being in actual physical control/operating a motor vehicle while under the influence of alcoholic beverages, any chemical substance per Florida State Statute 877.111, or any controlled substance per Chapter 893, while her normal faculties were impaired. I placed Ms. Hullett under arrest for the above offense and handcuffed behind her back double locked spaced and tightened. She was placed under arrest at 10:55 PM. After being searched, Ms. Hullett was placed in the back seat of my marked patrol (FHP3475) vehicle with the seat belt placed around her for safety. The vehicle was towed by Kelle Sheehan's towing. She was then transported to the Palm Beach County Breath Alcohol Testing (BAT) facility. At the BAT facility, I conducted a twenty-minute observation period where she did not ingest anything by mouth or regurgitate (mouth was confirmed to be empty prior to beginning of the observation period). Ms. Hullett was then asked if she was willing to provide a breath sample to determine the alcohol content of her breath. The first sample came back with a result of 0.216. The second sample came back with a result of 0.216. See BAT video footage for a complete account of the incident. Ms. Hullett was transported to Good Samaritan Medical Center, where she was medically cleared for jail. See BAT video footage for a complete account of the incident.

Ms. Hullett was transported to the Palm Beach County jail for booking and processing and charged with DUI.

She was booked without incident.

Ms. Hullett was issued a DUI citation. She was booked without incident.

All of the above events occurred in Palm Beach County, FL.

Note: My patrol vehicle is equipped with in-car video and audio that is available upon request.

DEFENDANT'S NAME: _____ CASE NO: _____

DATE OF ARREST: _____ TIME OF ARREST: _____

I am now requesting that you submit to a lawful test of your **BREATH** for the purpose of determining its alcohol content.

Will you take the test? YES____ NO____

NOTE: *READ ONLY IF THE ANSWER TO THE ABOVE IS "NO"*

If you refuse to take the test I have requested of you, your driving privilege will be suspended for a period of one (1) year for a FIRST REFUSAL. Additionally, if you refuse to take the test I have requested of you, you will be committing a misdemeanor of the SECOND DEGREE if this is your first refusal, in addition to any other penalties which can be imposed by law. If you refuse to take the test I have requested of you, and if your driving privilege has been PREVIOUSLY SUSPENDED, or if you have been PREVIOUSLY FINED under s. 327.35215, for a refusal to submit to a lawful test of your breath, urine, or blood, your driving privilege will be suspended for a period of eighteen (18) months. Additionally, you will be committing a misdemeanor of the FIRST DEGREE, in addition to any other penalties which can be imposed by law. Refusal to submit to the test I have requested is admissible into evidence in any criminal proceeding.

Do you understand what I have just read to you? YES_____ NO_____

Do you still refuse to submit to this test? YES_____ NO_____

NOTE: *IF THE SUBJECT POSSESSES A COMMERCIAL DRIVER LICENSE (CDL), READ THE FOLLOWING, REGARDLESS OF WHETHER THE SUBJECT IS OPERATING A COMMERCIAL MOTOR VEHICLE (CMV)*

In addition, if you hold a Commercial Driver's License (CDL), or were driving a Commercial Motor Vehicle (CMV), your refusal to submit to testing will result in the loss of your commercial driving privileges for one year from today. If this is your second refusal, you will be permanently disqualified from operating a Commercial Motor Vehicle (CMV).

Do you understand what I have just read to you? YES_____ NO_____

Do you still refuse to submit to this test? YES_____ NO_____
