PROBABLE CAUSE STATEMENT

The undersigned certifies and swears that he/she has just and resonable grounds to believe, and does believe that the above named Defendant committed the following violation of law

The Person taken into custody

☒ committed the below acts in my presence.

☐ confessed to _____ admitting to the below facts.

☐ was observed by _____ who told _____ that he/she saw the arrested person committ the below acts.

☒ was found to have committed the below acts, resulting from my (described) investigation.

On the 17 day of March, 2024 at 23:00 (Specifically include facts constituting cause for arrest.)

On 03/17/2024 at approximately 2300 hours, this Officer was conducting speed enforcement in the area of the 12000-block of N Military Trl, PBG, FL, and observed a vehicle traveling north bound in the outside through lane at an increased rate of speed. Body worn camera and in car video were used.

This Officer visually estimated the vehicle to be traveling approximately 65 MPH in a posted 45 MPH zone. Using RADAR Stalker DSR2X (DB001317), rear antenna (KR027120), this Officer received a steady doppler tone and reading of 68 MPH. The RADAR calibration was last checked on 11/13/2023 and was due on 05/23/2024. Prior to this tour of duty on this date, this Officer ensured the RADAR was in working order, to confirm the accuracy of the unit. At the end of this tour of duty, this Officer did the same. This Officer received RADAR/LIDAR certification on 05/31/2008, in Cannon AFB, NM. This Officer initiated a traffic stop on same on Central Blvd just south of 117th Ct N, PBG, FL, to which the vehicle was slow to stop, until audible sirens were activated as well.

This Officer made contact with the driver, identified via Florida Driver License photo, Megan Eavenson (OF), while she was still in actual physical control of same. This Officer observed Eavenson to have a flushed red face, bloodshot eyes, slurred speech and the obvious odor of an unknown alcoholic beverage emanating from her breath at conversational distance. This Officer also detected the strong odor of burnt Cannabis emanating from the vehicle. Eavenson acknowledged speeding then mentioned this Officer being behind her. Eavenson said she was coming from work at Dive Bar where she worked a double. This Officer asked Eavenson when`s the last time she smoked in the car, to which she said she did not smoke in the vehicle. This Officer asked Eavenson if she smoked at all today, to which she denied and claimed she had just picked up medical Cannabis earlier in the day.

When this Officer reapproached the vehicle, this Officer asked Eavenson if she smoked

PROBABLE CAUSE STATEMENT

today, to which she said she did not. This Officer then asked Eavenson if she had anything to drink, to which she said she did not. Based on this Officer`s observations, this Officer asked Eavenson to exit the vehicle to participate in Standardized Field Sobriety Exercises, to which she complied.

The first exercise conducted was the Horizontal Gaze Nystagmus. The stimulus used was a Streamlight Stylus with an illuminated red tip. Eavenson had a lack of smooth pursuit in both eyes as well as involuntary jerking at maximum deviation in her left eye. Eavenson also had the onset of Nystagmus in both eyes prior to 45 degrees as well as Vertical Gaze Nystagmus in both eyes. Lastly, Eavenson had a lack of convergence in her right eye, twice. Through the exercise, Eavenson was swaying back and forth.

The second exercise conducted was the Walk and Turn. The line used was a strip of yellow tape placed upon the pavement by this Officer. During the instructions, Eavenson raised her arms from her sides. During the first set of steps, Eavenson missed heel-to-toe on step two. On step four Eavenson missed heel-to-toe then stepped off the line. On step seven, Eavenson missed heel-to-toe. Eavenson took 12 steps rather than nine and raised her arms more than six inches from her sides. During the turnaround, Eavenson spun around rather than taking a series of small steps. During the return set of steps Eavenson missed heel-to-toe on step two and missed the line. Eavenson missed heel-to-toe on steps three, four, six, seven, nine, 10, 11, and 12. Eavenson again took 12 steps rather than nine and raised her arms more than six inches from her sides.

The third exercise conducted was the One-Leg Stand. During the exercise Eavenson raised her left foot. Eavenson kept her arms raised more than six inches from her sides and swayed side-to-side.

The fourth exercise conducted was the Finger to Nose. During the exercise, the following was observed: First command of Left, Eavenson touched above the tip of her nose. First command of Right she touched the left side of her nose. Second command of Left she touched her nose with the pad of her finger and tilted her head forward. Second command of Right, she touched her nose with the pad of her finger. Third command of Right, she touched her nose with the pad of her finger. Third command of Left, she touched her nose with the pad of her finger.

The final exercise conducted was the Modified Rhomberg Balance. Eavenson estimated the passage of 30 seconds in approximately 36 seconds. Eavenson exhibited eyelid tremors during this exercise.

Based on the this Officer`s observations, Eavenson was placed under arrest at 2320 hours. During a tow inventory of the vehicle, this Officer located a water pipe standing upright, directly behind the front passenger seat. Loaded in the pipe was a burnt-green leafy substance with the obvious odor of burnt Cannabis. In the middle

PROBABLE CAUSE STATEMENT

console, this Officer located a white plastic container containing a green leafy substance, which had the obvious odor of fresh Cannabis. Also in the center console was a metal grinder with a green substance, which had the same odor. This Officer checked the Medical Marijuana Use Registry and confirmed Eavenson was in fact a patient.

At PBSO BAT this Officer conducted a 20 minute observation period, noting no issues. This Officer requested Eavenson provide a breath sample for the purpose of determining its alcohol content, to which she consented. At 0026 hours she blew .069 and at 0029 hours she blew .066. This Officer then requested Eavenson provide a urine sample for the purpose of determining the presence of chemical or controlled substances, to which she provided an unsure response. This Officer read Florida Implied Consent to Eavenson to which she acknowledged and consented. Eavenson provided urine at 0039 hours. This urine sample was seized and booked into evidence by this Officer.

Jupiter PD DRE McGillicuddy 1216 was present at the PBSO BAT and conducted an evaluation of Eavenson, see his report for further.

Based on the results of the investigation, this Officer has probable cause to charge Megan Eavenson with driving under the influence to the extent her normal faculties were impaired, in violation of FSS 316.193(1)(A).
