On Tuesday, March 25th, at approximately 22088hrs, I was in my marked patrol vehicle at the intersection of S Jog Road and 10th Ave N in Greenacres, FL. While at the intersection, I observed a silver SUV facing westbound at the intersection waiting for the traffic light. The light turned green for the vehicle to proceed, however the vehicle did not proceed through the intersection at first. Other vehicles which were behind the silver SUV honked their horn to get the SUV's attention. The SUV eventually proceeded through the intersection but only after the light had turned red again. The vehicles which were heading southbound proceeded through the intersection and almost collided with SUV which had ran the red light.

I then got behind the vehicle to conduct a traffic stop. The vehicle in question was a silver Nissan Rogue bearing FL tag of AU17HV. While I was behind the vehicle, the vehicle was straddling the line and also unable to maintain is it's lane. I then activated my emergency lights and siren and conducted a traffic stop. The vehicle came to a stop on S Jog Road just south of Brentwood Blvd. I made contact with the driver and sole occupant, Ms. Melanie Ulrich DOB 03/19/1970. While speaking with her, I noticed a sweet odor coming from within the vehicle, and also noticed that Ms. Ulrich's eyes were glossy.

As such, I requested a DUI Investigator to respond to the scene. DUI Investigator White #7209 arrived on scene, and I relayed my findings to him. Investigator White then conducted a DUI investigation.

This concludes my involvement with this case.

☐ Marsy's Law CVI
FL. Const. Art.1 § 16(b)

On Tuesday, March 25, 2025 at approximately 2215 hours, I responded to Jog road and Brentwood Boulevard (Blvd), Lake Worth (Palm Beach County) Florida, to assist Corporal Delwin Cardec with a traffic stop that involved a possible impaired driver. Upon my arrival I noticed the corporal's patrol vehicle stopped in the southbound outside lane with his emergency lights activated. A silver Nissan utility vehicle was stopped ahead of him. Two back up units were also on scene. A white female was sitting in the driver seat of the Nissan. She was the sole occupant. I met with Cpl. Cardec who told me he observed the Nissan travel through a steady red light and almost collide with another vehicle. He got behind the vehicle and monitored its driving patter. He observed it weaving and traveling unsteady on the roadway. He activated his emergency lights to conduct a traffic stop on the vehicle. He made contact with the driver and suspected her to had been drinking an unspecified amount of alcoholic beverages. He asked for a DUI unit to respond to his location to assess the driver for possibly being impaired. Cpl. Cardec wrote a sworn witness statement on a probable cause affidavit detailing his involvement with this case. I made contact with the driver who was currently seated in the driver seat of the previously mentioned vehicle. She was later identified as Joy Melanie Ulrich by her Florida driver license. She is the registered owner of the vehicle. Her face was flushed and her eyes were red and glossy. I heard slight slurring in her speech and I could smell an odor of an unknown alcoholic beverage emanating from the inside of the vehicle. She was wearing a black pant suit. I reiterated the reason why she was stopped. She told me she awoke at 5a.m and drove to her boyfriend's house after work. She admitted to drinking two glasses of wine there before driving home to Delray. I explained my suspicion of her alcoholic beverage consumption and possible impairment. Moreover, I asked her to perform Standardized Field Sobriety Tasks to determined if she was impaired while operating her vehicle. She obliged. Prior to her performance I asked if she had any physical issues with her body. I also asked if she was taking medication. She did not express any illnesses , but showed me a scar to her ankle where she had surgery in the past. She explained she is not seeing a doctor regarding her ankle. I asked her to exit her vehicle and walk to the sidewalk. The sidewalk is relatively level and was free from obstructions. It was well illuminated by street lighting and from the headlights of my patrol vehicle.

☐ Marsy's Law CVI
FL. Const. Art.1 § 16(b)

I could now smell an odor of an unknown alcoholic beverage coming from her breath. I placed a yellow strip of tape on the surface that formed a line. The defendant identified the tape by announcing its color and placing her left foot on it when prompted to do so. The following tasks were explained, demonstrated and acknowledged by her prior to her performance: HGN, THE WALK AND TURN, ONE LEG STAND, FINGER TO NOSE AND THE ROMBERG ALPHABET RECITATION. Her deficiencies were recorded on another form on this work packet. At the conclusion of the tasks, coupled with the corporal's observation of the defendant's vehicle in motion and my observation of personal indicators of impairment exhibited by the defendant, probable cause was established for DUI. I told the defendant she was being placed under lawful arrest for the charge. She was handcuffed (checked for proper fit) prior to being seated into the rear of my patrol vehicle. Priority Towing responded on a rotation request and impounded the defendant's vehicle to their lot. Meanwhile I began transport to the main jail's breath analysis facility for further processing. Upon our arrival I escorted the defendant into the facility and began a 20 minute observation period. During this time the defendant did not ingest anything into her body orally or otherwise. Neither did she regurgitate. Afterward I escorted her into the testing room and asked her to provide breath samples for the purpose of detecting her alcohol content. She obliged and was turned over to the breath technician. The defendant provided two (2) adequate breath samples that rendered results of .110 and .118. I advised her of her Constitutional Rights in which she acknowledged. She declined an interview session, however. The defendant was booked into the main jail on the charge of DUI.
