The Person taken into custody . . .

☐ committed the below acts in my presence.

☐ confessed to _____ admitting to the below facts.

☐ was observed by _____ who told _____ that he/she saw the arrested person committ the below acts.

☐ was found to have committed the below acts, resulting from my (described) investigation.

On the 25 day of May, 2023 at 23:52 (Specifically include facts constituting cause for arrest.)

PROBABLE CAUSE STATEMENT

On 05/25/2023 at approximately 2320 hours, I was conducting routine patrols in the area of S.R. 706 (W Indiantown Rd.) and 67th Rd. N. in the Town of Jupiter, Palm Beach County, Florida. At the time, I was driving an unmarked Jupiter Police Department patrol vehicle (vehicle 2109), I was wearing a JPD uniform clearly identifying myself as a Jupiter Police Officer, and I was wearing my department-issued Axon body camera.

I was stopped in the inside westbound lane of S.R. 706 for the traffic signal at the intersection with 67th Rd. N. At the time, all traffic lights for westbound traffic displayed solid red indicator lights, including the left turn signal. I observed a black Mercedes SUV bearing FL tag # IW90GQ creeping westbound in the inside left turn lane, past the stop bar, and into the intersection. I then observed the Mercedes execute a u-turn on a red left turn arrow and travel eastbound on S.R. 706.

I activated my overhead interior emergency lights and siren to conduct a traffic stop and the Mercedes stopped almost immediately in the inside eastbound lane of S.R. 706. I advised the driver several times over my patrol vehicle`s Public Address (PA) system to pull over but the vehicle did not move. I activated the airhorn and again advised the driver of the vehicle to pull over. The Mercedes began traveling eastbound at a slow speed, in the inside lane, towards the intersection with S Central Blvd. The vehicle entered the inside left turn lane before the intersection with S Central Blvd. and continued at a slow speed towards the red traffic light until I again activated my vehicle`s siren and the Mercedes came to a stop.

I approached the vehicle on the driver side and made contact with the driver and sole-occupant of the vehicle. I identified the driver by her valid Class E Florida driver license to be Melissa Ferguson (w/f; 05/08/1989). Ferguson had bloodshot eyes and I could smell the odor of an unknown alcoholic beverage on her breath which intensified as she spoke. Ferguson apologized to me several times and spoke deliberately. Ferguson

was fixated and appeared paranoid that Sergeant Panczak (my backup unit) was standing outside her passenger side window, questioned why there was another "agent" outside, and looked over at him multiple times while I was speaking to her. I requested Ferguson provide her registration and insurance information and she removed several papers from the glove compartment. Ferguson looked through the paperwork and turned on/off the dome light of the vehicle multiple times as she was searching. Ferguson passed over her registration paperwork several times before she ultimately provided it to me, then forgot about the insurance card. Ferguson ultimately advised she did not have her insurance card with her.

I inquired as to how much Ferguson had to drink this evening and she initially advised me that she had not drank anything. I advised her I could smell alcohol and there was a reason why I was asking her about her beverage consumption. Ferguson then advised she had 1 glass of wine at Hogsnappers with a friend, along with some food. Ferguson advised me she was driving back to her house in Lake Worth however, she was traveling the opposite way of any highway or typical route anyone would take to get there.

I returned briefly to my patrol vehicle to perform a records check of Ferguson and the vehicle. When I returned, Sergeant Panczak advised me that Ferguson moved an empty bottle of Prosecco from the front passenger seat to behind the passenger seat in an attempt to conceal it.

I returned to the Mercedes and requested Ferguson exit her vehicle and she complied. When she stepped out, Ferguson forgot about several cards that were still in her lap and the cards spilled all over the ground, outside her driver side door.

I advised Ferguson I suspected she was under the influence and requested she perform Standardized Field Sobriety Tasks (SFSTs). Ferguson advised she has always been advised not to complete them so I told Ferguson if she refused to complete SFSTs, I would be forced to make a decision on the evidence I had thus far and her refusal could be used as evidence against her in court. I then provided Ferguson with a brief explanation of what each of the five SFSTs were. Ferguson was extremely indecisive about whether or not she wanted to perform SFSTs and I made sure to make it extremely clear that the SFSTs were voluntary and that she did not have to complete them if she did not want. Throughout the course of the next few minutes, I repetitively questioned whether or not Ferguson wished to perform SFSTs, advised her of her Taylor Warnings, and explained the SFSTs to her again. Ferguson pleaded with me to drive her somewhere instead of performing SFSTs. I also advised Ferguson that she could stop the SFSTs at any time and she ultimately advised she was willing to perform SFSTs.

Ferguson advised she does not have any medical conditions, she did not take any medications, or wear glasses/contacts.

PROBABLE CAUSE STATEMENT

I first conducted the Horizontal Gaze Nystagmus task. I am a certified Drug Recognition Expert (IACP # 32395) and I conducted this task in accordance with my training. I observed Ferguson had pupils of equal approximate size, she did not have resting nystagmus, and she was able to equally track my stimulus. I observed Lack of Smooth Pursuit and Distinct and Sustained Nystagmus at Maximum Deviation in both Ferguson`s eyes. I did not observe the Onset of Nystagmus prior to 45 Degrees in either of Ferguson`s eyes but she moved her head towards the location of the stimulus as I was moving it. I did not observe Vertical Gaze Nystagmus in either eye.

I then conducted the Walk and Turn. Ferguson lost her balance once while I was giving the instructions. When told to begin, Ferguson immediately began using her arms to balance herself and kept her arms raised from her sides for the entire duration of the task. Ferguson missed heel-to-toe on step 2 and 9. Ferguson turned improperly by taking one large step with her trailing foot and stopped to ask me if she should have turned around. Ferguson then stood there apparently looking for further direction from me and I asked if she remembered what I told her to do after turning. Ferguson again stood still and did not return back down the line, as instructed, so I terminated the task.

I then conducted the One Leg Stand task. Ferguson chose to raise her right leg off the ground when told to begin. Ferguson swayed from side to side and used her arms to balance for the entire duration of the task. Ferguson placed her foot on the ground on her count of 4 and 7. Ferguson then asked me if she should try with her other foot and, while trying to speak to me, the 30 second period elapsed so I terminated the task.

Before the Finger to Nose, I confirmed Ferguson knew the difference between her left and right hands. The cadence for this task was: Left, Right, Left, Right, Right, Left. When told to begin, Ferguson failed to tilt her head back or close her eyes until I reminded her. On the first calls of both left and right, Ferguson touched the pad of the appropriate finger to the tip of her nose. On the second call of left, Ferguson touched the tip of her left finger to the outside of her right nostril. On the second call of right, Ferguson appropriately touched finger to nose. On the final call of right, Ferguson raised her left arm almost all the way to her face before raising her right hand and touching the pad of her right finger to the tip of her nose. On the final call of left, Ferguson touched the pad of her left index finger to the tip of her nose.

Finally, I conducted the Romberg Alphabet. Ferguson advised she had a Bachelor`s degree and that she was comfortable with the alphabet from A to Z. When told to begin, Ferguson appropriately tilted her head back, closed her eyes, and recited the alphabet appropriately.

Based on Ferguson`s performance during SFSTs, I placed her under arrest for DUI. I requested at roadside Ferguson provide a lawful sample of her breath for the purpose of determining the alcohol content. Ferguson advised "absolutely not" and I read Implied

PROBABLE CAUSE STATEMENT

Consent. Ferguson advised she understood and refused to provide a breath sample at 2309 hours.

I transported Ferguson to the Jupiter Police Department and secured her in a holding cell where I allowed her to make a phone call to ensure the welfare of her dogs at home. Ferguson requested to call someone with a red heart emoji next to his name, advised him she was under arrest, and his response was "I`m not surprised". Ferguson then proceeded to get in an argument with this person and I advised him of the procedures of a DUI, as it was apparent she was not going to converse with this person as she had requested. Throughout the course of the time I was with Ferguson, she repetitively asked me for another phone call, to be let go, and advised me that all of the county and Washington were on her side. Ferguson also sarcastically congratulated me for arresting her and went through periods of mood swings being calm, frustrated, raising her voice, and crying.

I advised Ferguson that she would be receiving a criminal citation for DUI and that she was required to sign for her court date. Ferguson advised me she was not willing to sign or do anything without a lawyer present.

Based on the aforementioned facts resulting from my investigation, I find Probable Cause exists to charge Melissa Ferguson with DUI - Normal Faculties Impaired pursuant to FSS 316.193(1)(a) and Refuse to Sign/Accept Traffic Summons pursuant to FSS 318.14(3).
