While on routine patrol in the area of Miner Road and Lawrence Rd, I observe a dark suv front headlight coming towards my mark patrol vehicle while I was traveling southbound on Lawrence Rd just south of Miner Rd. Lawrence is a one way street going south that is separated by a solid median , the dark colored suv quickly changed lane to head north in the northbound lane after I activated my emergency lights on my mark patrol vehicle while facing the front of the dark suv. The dark suv bearing a Florida tag (QBAZ25) quickly went into New Moon Parkway which is a Mobil home community in the area. I completed a traffic stop on the dark color vehicle once I walk up to the driver side of the vehicle I met with a white female driver who stated she didn't have her driver's license with her because she was in a fight with her boyfriend who was riding a bicycle in the area. While speaking with the white female sole occupant of the dark color suv while speaking with her who had slurred speech, glossy eyes. stated her name was Michelle Dillon. Ms. Dillon was issued a citation for going the wrong way and a warning for driving without a driver's license. I asked PBSO for a DUI unit for further investigation and Dui White id #7209 and completed his investigation.

☐ **Marsy's Law CVI**
FL. Const. Art.1 § 16(b)

On Monday, August 28, 2023 at approximately 0130 hours, I responded to Lawrence and Miner Road, Boynton Beach (Palm Beach County) Florida to assist Deputy F. Germain with a traffic stop that involved a possible impaired driver. While en route to this location I was informed the final stop was inside a trailer park just north of the previously mentioned location. Upon my arrival I noticed two patrol cars stopped behind a black utility vehicle with their emergency lights activated. All three vehicles were facing south. I spoke with D/S Germain who wrote the following sworn witness statement regarding his traffic stop: While on routine patrol in the area of Miner Road and Lawrence Rd, I observe a dark SUV front headlight coming towards my mark patrol vehicle while I was traveling southbound on Lawrence Rd just south of Miner Rd. Lawrence is a one way street going south that is separated by a solid median , the dark colored SUV quickly changed lane to head north in the northbound lane after I activated my emergency lights on my mark patrol vehicle while facing the front of the dark SUV. While speaking with the white female sole occupant of the dark color SUV while speaking with her who had slurred speech, glossy eyes. stated her name was Michelle Dillon. Ms. Dillon was issued a citation for going the wrong way and a warning for driving without a driver's license. I asked PBSO for a DUI unit for further investigation and DUI White id #7209 and completed his investigation:

I made contact with the driver who was currently seated in the driver seat of the previously mentioned vehicle. She was later identified as Michele Teresa Dillon through the Driver and Vehicle information Database. She was smoking a vape and explaining she and her boyfriend was in an argument. She told me she was in the process of finding him when she was stopped. Her eyes were red, watery and glossy. Her mouth was dry, face flushed and she slurred her speech while speaking. I could smell a strong odor of an unknown alcoholic beverage emanating from the inside of the vehicle. She was wearing white cover up over a bralette bra, black tights and no shoes. I told her she was stopped for driving the wrong way. Moreover I explained I had a suspicion she had drank an unspecified amount of alcoholic beverages. She admitted to having two drinks at the "Hive". She again reiterated that she was trying to find her boyfriend.

☐ Marsy's Law CVI
FL. Const. Art.1 § 16(b)

Based on my suspicion I asked if she would perform Standardized Field Sobriety Tasks to determined if she were impaired while operating her vehicle. She obliged. Prior to her performance I asked if she had any physical issues with her body and if she was prescribed medication. She told me she is 46 years old and suffered an injury to her right knee when she was 16. She is not under the care of a doctor for her knee, however. She said she has anxiety and has been to the emergency room 6 times. As a result of her physical issues she told me it causes her balance issues. I escorted them to a level surface that was smooth and free from any obstruction and debris. This area was well illuminated by ambient lighting and from the headlights of my patrol vehicle. I could now smell a strong odor of an unknown alcoholic beverage coming from her breath. I placed a yellow strip of tape on the surface that formed a line. The defendant identified the tape by announcing its color and attempting to place her left foot on it when prompted to do so. The following tasks were explained, demonstrated and acknowledged by her prior to her performance: HGN, THE WALK AND TURN, ONE LEG STAND (Not Performed), FINGER TO NOSE AND THE ROMBERG ALPHABET RECITATION. Her deficiencies were recorded on another form on this work packet. At the conclusion of the tasks, coupled with the deputy's observation of the defendant's vehicle in motion and my observation of personal indicators of impairment exhibited by the defendant, probable cause was established for DUI. I told the defendant she was being placed under lawful arrest for the charge. She was handcuffed (checked for proper fit) prior to being seated into the rear of my patrol vehicle. Zuccala Towing responded on a rotation request and impounded the defendant's vehicle to their lot. An inventory of her vehicle revealed a gray plastic cup with what appeared to be an alcoholic beverage on ice. The liquid smelled of an alcoholic drink and was found inside a cup holder in the center console. Meanwhile I began transport to the main jail's breath analysis facility for further processing. Upon our arrival I escorted the defendant into the facility and began a 20 minute observation period. During this time the defendant did not ingest anything into her body orally or otherwise. Neither did she regurgitate. Afterward I escorted her into the testing room and asked her to provide breath samples for the purpose of detecting her alcohol content. She obliged and was turned over to the breath technician. The defendant provided two (2) adequate breath samples that rendered results of .179 and .173. I advised her of their Constitutional Rights in which she acknowledged. I asked if she would consent to an interview. She obliged. After the interview she was cited for traffic violations and booked in the main jail for DUI.
