PROBABLE CAUSE STATEMENT

The undersigned certifies and swears that he/she has just and resonable grounds to believe, and does believe that the above named Defendant committed the following violation of law.

The Person taken into custody . . .

☒ committed the below acts in my presence.
☐ confessed to _____ admitting to the below facts.
☒ was observed by OFC. SCHNEIDER who told OFC. YOCHUM that he/she saw the arrested person committ the below acts.
☒ was found to have committed the below acts, resulting from my (described) investigation.

On the 6 day of September, 2023 at 20:05 (Specifically include facts constituting cause for arrest.)

On 09/06/2023, I responded to the area of S.R. 811 (S Alternate A1A) and Donald Ross Rd. in the Town of Jupiter, Palm Beach County, Florida in reference to a careless driver. At the time, I was driving an unmarked Jupiter Police Department patrol vehicle (vehicle 1911), I was wearing a JPD uniform clearly identifying myself as a Jupiter Police Officer, and I was wearing my department-issued Axon body camera.

The caller advised a white female was seen staggering to her vehicle in Palm Beach Gardens` jurisdiction, drove into some bushes, and was allegedly having difficulty keeping the vehicle on the roadway as it traveled northbound on S.R. 811, through Palm Beach Gardens. The caller followed the vehicle, described as a black Ford Explorer bearing FL tag # QGRV24, northbound into the Town of Jupiter Police Department Jurisdiction. The caller advised she lost sight of the vehicle near E Frederick Small Rd., but stated the vehicle continued northbound.

I entered onto southbound S.R. 811 from Toney Penna Dr. with PFC Schneider and we both observed a black Ford Explorer stopped (facing northbound) in the inside northbound lane of S.R. 811 for the red traffic control signal just south of the intersection with Toney Penna Dr. PFC Schneider continued northbound and I drove south to make a u-turn. PFC Schneider got behind the Ford we observed and confirmed the tag matched the one that the caller reported. PFC Schneider followed the vehicle northbound on S.R. 811, in the inside lane, from the intersection of S.R. 706 (E Indiantown Rd.) until it turned left (west) onto W Riverside Dr. At this time, I was also traveling northbound in the outside lane and I could see the Ford. Both PFC Schneider and I observed the Ford weaving within the inside northbound lane of S.R. 811 but never observed the vehicle cross over either lane line. PFC Schneider continued following the vehicle westbound on W Riverside Dr. and observed it cross over the solid white fog line on the right side of the roadway near the intersection with Seabrook Rd. in violation of FSS 316.074(1). PFC Schneider conducted a traffic stop on the vehicle and made contact with the driver, whom

PROBABLE CAUSE STATEMENT

he identified to be Michelle Gordon (w/f; 11/13/1970). PFC Schneider advised me Gordon had difficulty answering questions and he had to ask multiple times for her documentation. See supplement from PFC Schneider.

I then walked to the driver side of the Ford and made contact with Gordon. I observed Gordon`s eyes appeared somewhat glassy. I could not detect any odors from Gordon while she was seated in her vehicle. As I spoke with Gordon, she advised she was coming from Tommy Bahama (restaurant/bar) in Palm Beach Gardens where she had consumed one, regular-sized vodka soda. The more I spoke with Gordon, I noted she was slurring her speech. I asked Gordon to estimate her level of impairment on a scale of 1 (being sober) to 10 (being sick) and she advised she was a 2. Gordon became confused when I asked if she felt as though she was under the influence. Gordon advised she takes a prescription medication for arthritis that assists with movement but no other medications/ailments. Based upon my investigation up until this point, I requested Gordon exit the vehicle and she complied.

When Gordon exited, it appeared as though she had difficulty balancing and leaned her back on the driver side of her vehicle to keep herself stabilized. I expressed my concern to Gordon that she was driving under the influence and requested she perform Standardized Field Sobriety Tasks (SFSTs). Gordon asked what those were and I gave her a brief explanation of each of the 5 tasks. After explaining each one, I asked if Gordon would be willing to perform SFSTs and she provided her consent.

I first conducted the Horizontal Gaze Nystagmus. I am a certified Drug Recognition Expert (IACP # 32395) and I conducted this task in accordance with my training. I observed Gordon had pupils of equal approximate size, she did not have resting nystagmus, and I observed equal tracking. I observed Lack of Smooth Pursuit and Distinct and Sustained Nystagmus at Maximum Deviation in both Gordon`s eyes. I did not observe the Onset of Nystagmus prior to 45 Degrees or Vertical Gaze Nystagmus in either eye. While performing this task, Gordon swayed from side-to-side and front-to-back.

I next conducted the Walk and Turn. Gordon removed her sandals for this task and kept them off for the remainder of the SFSTs. Gordon had trouble standing in the starting position and lost her balance once. Gordon also started before being told once. When told to begin, Gordon missed heel-to-toe on every step. When Gordon reached her 9th step, she stopped to verify she was performing the task to my standard. I advised Gordon to continue the task as best as she could remember. Gordon turned properly and again missed heel-to-toe on the return walk on every step. Gordon also stepped off the line (to the left) on step 6.

I then conducted the One Leg Stand. Gordon elected to raise her right leg off the ground. Almost immediately, I reminded Gordon to watch her foot. Gordon placed her foot on the ground on her count of 1003, then started counting over from 1001. Gordon used

PROBABLE CAUSE STATEMENT

her arms to steady herself on her count of 1006, placed her foot on the ground on her count of 1010, began hopping to her left to maintain her balance on her count of 1012, and placed her foot back on the ground at 1012. When 30 seconds had elapsed, I terminated the task.

Before beginning the Finger to Nose, Gordon demonstrated knowledge of her left and right hands to me. The cadence for this task was: Left, Right, Left, Right, Right, Left. On all calls of this task, Gordon touched the pad of the appropriate finger to the tip of her nose despite the fact that I had differentiated between the pad and the tip of the finger during the instructions. Gordon kept her eyes open on the first calls of left and right.

Gordon advised her highest level of education was a Master`s Degree and that she was comfortable with the alphabet from A to Z before I conducted the Romberg Alphabet. When told to begin, Gordon tilted her head back and closed her eyes. Gordon recited the entire alphabet up to the letter W appropriately, then stated "HXYZ".

I placed Gordon under arrest for DUI and transported her to the Palm Beach County Breath Alcohol Testing Facility (BAT). While enroute to the BAT, Gordon could not understand why we were leaving Jupiter and going to the Palm Beach County Sheriff`s Office. Gordon asked multiple questions about why we were leaving Jupiter and appeared to be very suspicious of the process, despite me answering her questions.

When we arrived at the BAT, I conducted a 20 minute observation period to ensure Gordon did not ingest or regurgitate. At the conclusion of the observation period, I requested Gordon provide a lawful sample of her breath for the purpose of determining the alcohol content. Gordon agreed and ultimately provided two breath samples of .183 and .177, both over the legal per se limit of .08.

I advised Gordon of her Miranda Warnings and confirmed she understood each one. I then conducted a post-arrest, post-Miranda interrogation of Gordon in which she advised she drank 2 Vodka soda drinks at Tommy Bahama, that she could feel the effects of the alcohol "a little bit", and when I asked if she felt under the influence, she advised "probably".

Based on the aforementioned facts resulting from my investigation, I find Probable Cause exists to charge Michelle Gordon with DUI - BAC above .15 pursuant to FSS 316.193(4).
