PROBABLE CAUSE STATEMENT

The undersigned certifies and swears that he/she has just and reasonable grounds to believe, and does believe that the above named Defendant committed the following violation of law
The Person taken into custody

☐ committed the below acts in my presence.
☐ confessed to _____ admitting to the below facts.
☐ was observed by _____ who told _____ that he/she saw the arrested person committ the below acts.
☒ was found to have committed the below acts, resulting from my (described) investigation.

On the 3 day of March, 2026 at ~~04:33~~ 2342hrs (Specifically include facts constituting cause for arrest.)

Initial Observation
On March 3, 2026, at approximately 2320 hours, I, Officer Demofonte #1237 of the Tequesta Police Department, was on patrol in the area of Tequesta Drive and El Portal Drive. I was positioned in marked patrol vehicle 102 on the north side of Tequesta Drive, east of El Portal Drive, facing northbound on Country Club Drive.The intersection of Tequesta Drive, El Portal Drive, and Country Club Drive is a three-way intersection controlled by posted stop signs for all directions of travel. From my position, I had a clear and unobstructed view of the entire intersection.

I observed a white Land Rover bearing Florida registration 33FPIP traveling eastbound on El Portal Drive approaching the intersection. As the vehicle approached the clearly marked stop line and posted stop sign, it failed to stop or reduce speed prior to entering the intersection. Once the vehicle entered the intersection, it came to a complete stop in the middle of the intersection for approximately four seconds before continuing onto Tequesta Drive heading eastbound.

Vehicle Follow / Traffic Violations
I then turned right onto Tequesta Drive to follow the vehicle. While following the vehicle, I observed the driver-side tires cross over the solid center line into the opposing lane of travel on one occasion.

Based on the observed traffic violations and unsafe driving pattern, I initiated a traffic stop and advised NorthCom. I activated my emergency overhead lights while approaching the area of Tequesta Drive and Bayview Road.The vehicle continued forward at a slow rate of speed and did not stop in multiple readily accessible safe stopping locations, including a nearby church parking lot. The vehicle ultimately came to a complete stop approximately one-third of the way across the Tequesta Bridge (475 Block of Tequesta Drive).

PROBABLE CAUSE STATEMENT

NorthCom advised the displayed registration returned as not on file and associated with Mercedes-Benz of North Palm Beach.

Driver Contact / Observations
I approached the driver's side of the vehicle and made contact with the driver, identified as Patricia Anne Murray (DOB: 06/19/1970).

Upon initial contact, I immediately detected a strong odor of an alcoholic beverage emitting from inside the vehicle. As Patricia spoke, I detected a strong odor of an alcoholic beverage emanating from her breath.

Patricia exhibited glassy bloodshot eyes, slurred speech, slow motor responses, and delayed movements, all of which are consistent with alcohol impairment and diminished ability to safely operate a motor vehicle.

I requested Patricia's driver's license, registration, and proof of insurance. She apologized for the improper stopping but stated she was unaware of any other violations.

While speaking with Patricia, I observed a Florida license plate (FL 33FPIP) sitting on the front passenger seat. Patricia stated she had recently received the plate but had not yet installed it on the vehicle.

Patricia retrieved the vehicle's updated registration from her wallet with slow and deliberate movements. After providing the registration, she looked at me and stared blankly. I reminded her that I had also requested her driver's license and proof of insurance.

Patricia then shook her head and began searching again. She slowly opened and closed the center console and glove box before picking up her purse. She shuffled through the purse for approximately 30 seconds before locating and providing her Florida driver's license.

Statements / Admission to Drinking
While speaking with Patricia, I asked where she was coming from. Patricia initially stated, "My home."

I then asked where she was going, and she again replied, "My home."

Due to the conflicting statements, I asked her to clarify. Patricia then apologized and stated she was coming from U-Tiki Bar in Jupiter.

I questioned Patricia further because she was traveling from ~~Tequesta~~ Country Club,

which is a residential community with only two entrances/exits and is not located along a direct route from U-Tiki. Patricia then stated she had forgotten that she had dropped off a friend at a residence inside Tequesta Country Club.

I asked Patricia how much alcohol she had consumed that evening. Patricia stated she had consumed "two glasses of wine."

While Patricia spoke, I continued to detect a strong odor of an alcoholic beverage emanating from her breath.

Request for Field Sobriety Exercises
Based on Patricia's driving behavior (failure to stop at a posted stop sign, unusual stopping in the middle of the roadway, and lane deviation), her physical indicators of impairment, her admission to consuming alcohol, and the continued strong odor of an alcoholic beverage emanating from her breath, I requested that Patricia exit the vehicle and perform Standardized Field Sobriety Exercises (SFSTs).

Pre-Task Questions
Patricia stated she did not have any physical defects or disabilities. She advised that she does wear glasses but does not have any defects with her eyes. Patricia stated she was not sick or injured.

I asked Patricia if she had any medical impairments that would interfere with her ability to perform balance tests. Patricia advised she had no medical or mental impairments that would prevent her from performing the exercises.

I administered the Standardized Field Sobriety Exercises as I am certified to do so. Patricia verbally confirmed that she understood the instructions prior to beginning each exercise.

Horizontal Gaze Nystagmus (HGN)
Patricia failed to keep her head still and had to be reminded five times to follow the stimulus with her eyes only. Patricia exhibited the following clues:
* Lack of smooth pursuit in both eyes
* Distinct nystagmus at maximum deviation in both eyes
* Onset of nystagmus prior to 45 degrees in both eyes
A total of six out of six possible clues were observed.

Walk and Turn
Patricia was unable to maintain the starting position for more than three seconds and repeatedly stepped off the line while attempting to balance. She was advised that she could stop if she felt unsafe or believed she might fall.

PROBABLE CAUSE STATEMENT

Despite multiple attempts to maintain the starting position, Patricia raised her arms for balance more than seven times. Once Patricia maintained the starting position long enough for instructions to be completed, she began the test. Patricia walked 10 steps along the line, her upper body continuously swayed, and she failed to touch heel-to-toe on any step.

When turning, Patricia used both feet to spin around rather than performing the instructed turn.

After turning, Patricia asked "What do I do now?" She was advised to continue the test as instructed.

On the return, Patricia again failed to touch heel-to-toe, swayed her upper body, and counted 13 steps on the return.

One Leg Stand
Before the test began, Patricia repeatedly failed to stand with her feet together and arms down by her sides despite instructions.

While in the starting position, Patricia's upper body swayed noticeably.

When instructed to begin, Patricia raised her arms for balance and lifted her left leg approximately three inches before placing it down at "one thousand two." She again placed her foot down at "one thousand four" and again at "one thousand six."

Patricia continued swaying and repeatedly grabbed the sides of her pants for balance. Due to her inability to follow instructions and for safety reasons, I terminated the exercise.

Arrest
Based on the totality of the circumstances including Patricia's failure to stop at a posted stop sign, unusual stopping in the middle of the intersection, lane deviation, the strong odor of an alcoholic beverage emanating from her breath, her admission to consuming alcohol, her physical indicators of impairment, and her performance on the Standardized Field Sobriety Exercises, I determined Patricia was impaired and unable to safely operate a motor vehicle.

At 2342 hours, I placed Patricia under arrest for Driving Under the Influence. Patricia was handcuffed behind her back, double locked, and checked for proper fit. Patricia was searched incident to arrest.

Patricia was then transported to the Palm Beach County BAT facility for further testing.

Other Observations:

I continued to detect a strong odor of an alcoholic beverage emanating from her breath and person.

WALK & TURN:

Patricia was unable to maintain the starting position for more than three seconds and repeatedly stepped off the line while attempting to balance. She was advised that she could stop if she felt unsafe or believed she might fall.Despite multiple attempts to maintain the starting position, Patricia raised her arms for balance more than seven times.Once Patricia maintained the starting position long enough for instructions to be completed, she began the test. Patricia walked 10 steps along the line, her upper body continuously swayed, and she failed to touch heel-to-toe on any step.When turning, Patricia used both feet to spin around rather than performing the instructed turn.After turning, Patricia asked "What do I do now?" She was advised to continue the test as instructed.On the return, Patricia again failed to touch heel-to-toe, swayed her upper body, and counted 13 steps on the return.

ONE LEG STAND:

Before the test began, Patricia repeatedly failed to stand with her feet together and arms down by her sides despite instructions.While in the starting position, Patricia's upper body swayed noticeably.When instructed to begin, Patricia raised her arms for balance and lifted her left leg approximately three inches before placing it down at "one thousand two."She again placed her foot down at "one thousand four" and again at "one thousand six."Patricia continued swaying and repeatedly grabbed the sides of her pants for balance. Due to her inability to follow instructions and for safety reasons, I terminated the exercise.

SUBJECT: MURRAY PATRICIA ANNE CASE NUMBER: 26-000062

AGENCY: Tequesta Police Department ARRESTING OFFICER: DEMOFONTE #1237

PERSONAL CONTACT

DRIVING PATTERN: ACTUAL PHYSICAL CONTROL (PHYSICAL EVIDENCE OR STATEMENTS PUTTING DEF. BEHIND WHEEL OF VEHICLE)

I observed a white Land Rover bearing Florida registration 33FPIP traveling eastbound on El Portal Drive approaching the intersection. As the vehicle approached the clearly marked stop line and posted stop sign, it failed to stop or reduce speed prior to entering the intersection. Once the vehicle entered the intersection, it came to a complete stop in the middle of the intersection for approximately four seconds before continuing onto Tequesta Drive heading eastbound. I then turned right onto Tequesta Drive to follow the vehicle. While following the vehicle, I observed the driver-side tires cross over the solid center line into the opposing lane of travel on one occasion. The vehicle continued forward at a slow rate of speed and did not stop in multiple readily accessible safe stopping locations, including a nearby church parking lot. The vehicle ultimately came to a complete stop approximately one-third of the way across the Tequesta Bridge (475 Block of Tequesta Drive).

OBSERVATION OF DRIVER:

Upon contact, I immediately detected a strong odor of an alcoholic beverage. As Patricia spoke, I detected a strong odor of an alcoholic beverage emanating from her breath. Patricia exhibited glassy, bloodshot eyes, slurred speech, slow motor responses, delayed movements, and appeared confused during our interaction. Patricia retrieved the vehicle's updated registration from her wallet with slow and deliberate movements. After providing the registration, she looked at me and stared blankly. I reminded her that I had also requested her driver's license and proof of insurance.Patricia then shook her head and began searching again. She slowly opened and closed the center console and glove box before picking up her purse. She shuffled through the purse for approximately 30 seconds before locating and providing her Florida driver's license.

DRIVER'S STATEMENTS:

Patricia initially stated she had two glasses of wine while at the bar; however, later changed it to three glasses.

ODORS:

Strong alcoholic beverage emanating from her breath as she spoke
