The undersigned swears there are reasonable grounds to believe that the above named defendant in Hillsborough County, Florida, did:

On the listed date and time, at the above location, I responded to a traffic crash where the Defendant was being suspected of being under the influence. Upon arrival, I observed the Defendant sitting on the hood of her vehicle with her boyfriend, I introduced myself and advised her that she was being suspected of driving under the influence and I was "switching hats" and going to be the Officer investigating her for the DUI, which had nothing to do with the crash. The defendant advised me that she was the driver of the vehicle that had caused a collision at the listed location resulting in 50,000 dollars in damages. the defendant was evaluated by TTFD but the defendant stated she was not injured. While the Defendant was speaking I noticed the presence of a slurred speech and an alcoholic beverage emitting from her person. The Defendant consented to conducting the Standardized Field Sobriety Exercises (SFSE), upon doing the exercises the Defendant showed signs of impairment. the Defendant was identified through her valid FL CDL license, which was verified through law enforcement databases. The Defendant was taken into custody and transported to CBT, where she declined to provide a sample of her breath, implied consent was read, to which she still replied "no".

Pursuant to Florida Statute §92.525 and under penalties of perjury, I declare that I have read the foregoing document and the facts stated in it are true to the best of my knowledge. For Notices to Appear, I also certify that a complete list of witnesses and evidence known to me is attached.
