Document Date: 02/18/2024 Court Case #:

Defendant's Name: FOWLER, RUSSELL GENE Agency Case Number: 2024-00060707

NARRATIVE: The undersigned has probable cause to believe the above-named defendant on the 18 of February 2024 at 0:00 at W MICHIGAN ST / I4 (Zone: C04) in Orange County did

On 02/18/2024 at approximately 0130 hours, I, Corporal Z. Price (34918), responded to the area of West Michigan Street and Interstate 4, in the City of Orlando, Orange County, Florida, in reference to a motor vehicle crash.

Upon arrival, I made contact with Officer J. Lamb (18414), who advised he was conducting a traffic crash investigation, and while speaking with the driver of Vehicle 1, Russell Fowler, he detected several indicators of impairment. Officer Lamb observed the male to be confused, having difficulty completing simple tasks and requests, and having slurred speech. Officer Lamb advised Russell had not exited the vehicle since the crash occurred and was still seated there. Officer Lamb had removed the keys from Russell's possession.

I then walked up to Russell's vehicle, a gray 2012 Toyota Camry (FL TAG: 998REL), and observed significant front-end damage to that vehicle. I observed Russell seated in the front, driver's seat. Officer Lamb then informed Russell he had completed the traffic crash investigation. I then asked Russell to exit the vehicle so I could speak with him further. Russell exited the vehicle but had to brace himself along his vehicle to prevent falling over. Russell then walked with a staggered gait to the front of his vehicle. I explained to Russell that I was now conducting a criminal investigation for DUI.

I asked Russell to walk to my patrol car a few feet away, which was parked under the overpass to avoid the rain. Russell agreed and walked there. While walking there, Russell stumbled several times, almost falling once. Once at my patrol Vehicle, I asked Russell where he was coming from, to which he advised he was coming from home, going out, and then to home. I asked Russell where he was going to go, to which he mumbled and slurred, but eventually answered he was coming from Savoy, which is a local bar. At one point, Russell advised his brain had died and he could not remember. Russell advised he drank two vodkas while out, and did not eat anything.

I asked Russell if he had any medical conditions, to which he advised he was Type 1 Diabetic. Out of an abundance of caution, and to ensure Russell was medically table, I requested Orlando Fire Rescue to respond to take Russell's vitals, including blood sugar. OFD arrived on the scene and medically cleared Russell, advising his blood sugar and vitals were within normal range.

I then explained my observations to Russell and asked if he would be willing to complete Field Sobriety Exercises to dispel my fear that he was operating a motor vehicle while under the influence of alcohol. Russell agreed.

The first exercise was the Horizontal Gaze Nystagmus. I explained the exercise to Russell, who advised he understood, yet despite this, Russell was unable to follow the instructions of keeping his head still and following with his eyes only. Russell also had trouble keeping his balance, exhibited and orbital sway. I continued to detect the strong and distinct odor of alcohol emanating from his breath as he spoke to me.

Based on Russell's inability to follow my instructions, I had to move to the next exercise.

The next exercise was the Walk and Turn. I explained the starting instruction to Russell, who advised he understood. While remaining in the starting position, Russell almost fell over. I had two other officers and on each side of him for safety and instructed him to not remain in the starting position while I demonstrated the exercise.

I then demonstrated and instructed Russell to complete the exercise. Russell advised he understood and began the exercise. Russell took XX steps and almost fell over several times. Due to Russell's actions, I feared for his safety and continuing to administer them could cause him harm. Simultaneously, Russell advised he cannot do the exercises.

Orange County | **ICJIS Arrest Affidavit** (continued)

Arrested ☑ At-Large ☐ JRA ☐ | **Document #:** 1056862 | **Division #:**

Document Date: 02/18/2024 | **Court Case #:**

Based upon my observations of Russell during the Field Sobriety Exercises, and due to my training and experience, to include specialized training in the detection and apprehension of impaired drivers, I felt Russell was operating a vehicle in the State of Florida, while under the influence of alcohol and/or to the extent his normal faculties were impaired. Russell was placed under arrest for DUI and placed in double-locked handcuffs behind his back, which were checked for proper fit.

I placed Russell in the rear of my patrol vehicle. When I entered my patrol vehicle to transport Russel, I noticed the odor of an alcoholic beverage emanating from inside of my patrol vehicle. This odor was not present prior to placing Russell inside my vehicle. It should be noted Russell was my only arrest for DUI during this shift. I subsequently transported Russell to the DUI Testing Facility without incident.

Russell continued to repeat himself and was confused as to why he was arrested, even after myself and DUI Testing staff explained it to him multiple times.

Once at the testing facility, I requested Russell provide a lawful sample of his breath for the purpose of determining its alcohol content. Russell agreed, and provided two samples, which resulted in .275g/210L and .273g/210L.

Russell was subsequently issued a DUI Citation and transported to BRC, where he was turned over to detention deputies without incident.

My body-worn and dash camera were active during this call for service.
