PROBABLE CAUSE STATEMENT

The undersigned certifies and swears that he/she has just and resonable grounds to believe, and does believe that the above named Defendant committed the following violation of law.

The Person taken into custody . . .

☐ committed the below acts in my presence.

☐ confessed to _____ admitting to the below facts.

☐ was observed by _____ who told _____ that he/she saw the arrested person committ the below acts.

☒ was found to have committed the below acts, resulting from my (described) investigation.

On the 24 day of February, 2026 at 23:57 (Specifically include facts constituting cause for arrest.)

On Tuesday, February 24, 2026, at approximately 21:23 hours, I Drug Recognition Expert (DRE) and DUI Investigator J. Kahn #545 responded to the call of a suspicious vehicle. The caller, a parks and recs employee of the City of Palm Beach Gardens, reported to dispatch that there was a vehicle westbound on SR786 (PGA Blvd) from Shady Lakes Dr that was traveling slowly in the through lane with two flat tires. The caller further alleged that the driver appeared lost, they described a blonde female who was possibly a little older.

Units in the are conducted a BOLO (Be On the Lookout) for the vehicle. Captain O`Brien #435 located the vehicle in the parking lot of PGA Commons located at 5080 PGA Blvd in the City of Palm Beach Gardens, Palm Beach County, Florida. Captain O`Brien advised that she first attempted to stop the vehicle in her department issued vehicle with emergency lights only. She stated the vehicle continued in a circle around the parking lot, failing to yield. Captain O`Brien stated she next used her vehicle`s lights and sirens and the vehicle continued to do circles around the parking lot, failing to stop. Captain O`Brien completed a supplemental report for this incident. The vehicle eventually yielded to Captain O`Brien.

When I approached, the driver was attempting to locate her documents for Captain O`Brien. The vehicle stopped was a red Volkswagen Tiguan bearing Florida tag UD87B. She did find and present her Florida driver`s license. I requested the driver, identified as Samantha Goldberg, to exit her vehicle several times. Goldberg stumbled out of her vehicle. I guided her away from her vehicle and she stumbled away from her vehicle. Goldberg did not know shy she was being stopped and didn`t realize her tires were shredded and that she was driving on rims until I told her to look at her tires. Outside the vehicle I detected the strong and apparent odors of (an) unknown alcoholic beverage(s) emanating from Goldberg`s breath. Her eyes were bloodshot and watery and her face was flushed. Goldberg was clearly uncoordinated and had poor balance as she was

PROBABLE CAUSE STATEMENT

stumbling whenever she moved.

Goldberg went through a gamut of emotions upon realizing her tires were shredded. She was shocked, then panicked, and then calm. I conducted a field interview with Goldberg. She stated she had been to a couple bars, had a couple drinks, was at a networking event, and then was headed home. She believed she was in West Palm Beach or Wellington.

Based on the obvious signs and symptoms of impairment, I requested for Goldberg to participate in Standardized Field Sobriety Tasks (SFST`s). I asked her several questions about her medical health and wellbeing and determined there were no conditions that would prevent her from participating in these tasks. I provided instructions and a demonstration for the following tasks:

The first task was Horizontal Gaze Nystagmus, the stimulus for the task was my pen light illuminated soft red. Goldberg did not present resting nystagmus. Her pupils were equal in size and her eyes tracked equally. Goldberg did present lack of smooth pursuit, distinct and sustained nystagmus at maximum deviation, and onset prior to forty-five degrees (approximately 30 degrees). Other indicators presented were VGN, LOC, and she exited the performance position of this task without my prompting.

The second task was Walk and Turn. I applied a strip of yellow tape to the ground. I performed the full birth of the task to check the line for straightness, flatness, and debris. I guided Goldberg into the instructional position, and she failed to follow my instructions. She began to ask the same question repeatedly about the line and I provided her with the same answer each time. She then began to conduct the task prior to my prompting. She did not perform the task as I instructed or demonstrated during my performance of the task. During this time, she lost her balance and nearly fell multiple times.

Due to her conduct, and complete loss of balance, I ended SFST`s to protect Goldberg. She was placed in my handcuffs which were checked for placement and double locked. She was searched by Captain O`Brien and placed into the back of my marked patrol vehicle. I transported her to the county jail Breath Alcohol Testing (BAT) facility.

At the BAT I conducted a twenty-minute observation period. After that observation period she was presented before BTO Miller #41017 and a breath testing instrument. I asked Goldberg to answer identifying questions. Goldberg gave her address as her date of birth, she could not give me her height and weight, her age, or her hair and eye color. She did consent to providing a breath sample. She provided two samples .207 at 22:45 and .201 at 22:48. Goldberg was provided with her Miranda warnings, and I asked her only to sign her criminal cites and she refused.

Based on the totality of the circumstances I find probable cause exists to charge
