PROBABLE CAUSE STATEMENT

The undersigned certifies and swears that he/she has just and resonable grounds to believe, and does believe that the above named Defendant committed the following violation of law.

The Person taken into custody . .

☐ committed the below acts in my presence.

☐ confessed to _____ admitting to the below facts.

☐ was observed by _____ who told _____ that he/she saw the arrested person committ the below acts.

☒ was found to have committed the below acts, resulting from my (described) investigation.

On the 12 day of July, 2026 at 00:38 (Specifically include facts constituting cause for arrest.)

On Saturday, July 11th, 2026 at approximately 2114hrs, I responded to the area of US Highway 1 and Eyeball Ave, Jupiter, FL 33469 to a traffic stop conducted by Ofc. B. Mathieu (#1279). Ofc. Mathieu advised he conducted the traffic stop as the driver had a tag light out and he was paced going approximately 62 mph in a 45-mph zone. Ofc. Mathieu further advised as he conducted the traffic stop, he seemed to be very hesitant on where to stop the vehicle, changing his turn signal multiple times, before coming to a stop in a parking spot in front of 1620 US-1, Jupiter, FL 33469. Ofc. Mathieu further advised upon stopping the vehicle, the driver opened the driver`s side door and made a motion to exit the vehicle. As he made contact with the driver, later identified as Samuel J. Le Blanc (W/M 07/25/1975), he advised Le Blanc`s speech was slowed and repetitive and he smelled the odor of an unknown alcoholic beverage coming from the vehicle. See Ofc. Mathieu`s supp.

Upon my arrival, I made contact with the driver of the vehicle, I smelled the odor of an unknown alcoholic beverage coming from his breath as he spoke. I asked Le Blanc where he was coming from tonight to which he advised he had been at Miller`s Ale House, a local establishment known to serve both food and alcoholic beverages. I proceeded to ask him why he immediately opened the door and attempted to exit the vehicle upon being stopped to which he appeared to be confused by. He stated no, to which he further followed it up by stating he didn`t mean to do so. Le Blanc`s speech was delayed and advised he had told the officer he was turning into the parking lot. As based on Le Blanc`s statements regarding the stop not being confusing and the other things observed, I asked Le Blanc to exit the vehicle.

As he stepped out of the vehicle, Le Blanc grabbed the door for balance before walking to the rear of his truck. Once at the rear of his truck, I asked if he had anything to drink this evening to which he stated he drank a couple beers while watching the game at Ale House. When asked for clarification on how many, he advised he had around 2 to 2.5

beers. I proceeded to ask him if he had any medical conditions, allergies or defects to which he stated no to all. I then asked if he had any issues with his eyes to which he advised he was getting old but nothing other than that. He further advised he is not sick, injured, or under the care of a doctor or dentist. He also stated he was not on any medications. After receiving the answers to all these questions, I asked Le Blanc if he would participate in Standardized Field Sobriety Tasks (SFSTs) to determine if he was safe to drive to which he agreed to do so.

I began by reading Le Blanc the directions for the Horizontal Gaze Nystagmus (HGN) task and received verbal confirmation that he understood all the instructions read and had no questions. Prior to starting the task, I confirmed with Le Blanc that he was not wearing contacts. Le Blanc advised he was not and only utilizing reading glasses. I also confirmed that he had equal tracking and equal pupil sizes in both eyes. During the task, I observed lack of smooth pursuit, distinct and sustained nystagmus at maximum deviation. As I began the task, Le Blanc had to be reminded to not move his head and was advised he could hold it still if he needed to. He was also told he was allowed to blink if he felt the need to do so. Le Blanc became impatient multiple times throughout the task, lifting his hands in a manner of frustration. He also asked if he was allowed to blink after explicitly being told he could whenever he felt the need to do so. He also swayed slightly in an orbital manner throughout the task.

I then explained the directions for the Walk and Turn task to Le Blanc. As I advised Le Blanc to enter the starting position, he lifted his arms to his sides for balance, like an airplane, and began walking down the line without being told to do so or given any further instruction. I advised Le Blanc to re-enter the starting position and to remain in that position until told to begin. I confirmed with Le Blanc that he was comfortable completing the task in his flip flops to which he removed them before re-entering the starting position. Le Blanc quickly made the decision to put the flip flops back on stating he has worn them for 25 years and felt more comfortable in them. As he went back onto the line to re-enter the starting position, he had to be told again to lower his arms down to the sides as he lifted them in a motion similar to an airplane once again. As I began demonstrating the task for Le Blanc, he began to state that "he couldn`t…" before quickly cutting himself off to not complete the sentence. Upon finishing the demonstration prior to being told to begin, Le Blanc once again began the task early. When told to go back to the starting position, Le Blanc appeared to be annoyed with the situation. He once again lifted his arms up for balance and had to be told again to put them down at the sides. When asking Le Blanc if he understood the directions, he stated "I think so" at which point I told him to ask if he had any questions. He asked for clarification on the task to which he was verbally told the directions again. As I was doing so, Le Blanc exited the starting position and stood in a normal stance before going back on the line prior to beginning. As Le Blanc completed the task he did so very quickly and utilized his arms for balance throughout the entirety of it. Le Blanc completed the turn incorrectly by taking steps with both feet. As he completed the walk

back, he began to tilt his body to the side and missed heel to toe on step 9.

I then explained the directions for One Leg Stand and demonstrated the task for Le Blanc. He stated he understood and did not have any questions prior to starting the task. Le Blanc lifted his right foot and immediately raised his arms for balance. Throughout the task he did not count out loud and put his foot down prior to the completion of the task as he appeared to begin to fall.

The directions and demonstration for Finger to Nose was provided to Le Blanc next. Le Blanc confirmed he knew his left from right by lifting the appropriate hands. When told to begin, Le Blanc had to be reminded to tilt his head back and close his eyes. Upon doing so he did the following on finger to nose: 1-L he moved his head and used the pad of his finger to touch the tip of his nose. 2-R he moved his head and used the pad of his finger to touch his nose. 3-L he used the pad of his finger to touch his nose. 4-R he used the pad of his finger to touch his nose. 5-R R he began to lift his left hand before correcting it. He once again used the pad of his finger to touch his nose. 6-L He used the pad of his finger to touch his nose.

I then explained the directions for the Romberg Alphabet to Le Blanc and demonstrated the proper way to recite it. Le Blanc advised he had a Doctorates degree and confirmed he felt comfortable reciting the alphabet. Le Blanc initially began reciting the alphabet in a fast, rhythmic manner before stopping and correcting the method. He proceeded to recite the alphabet correctly until he reached "W". Upon reaching W he stated "W, R, X, Y, Z".

Le Blanc was placed under arrest for Driving under the Influence. He placed into handcuffs which were checked for proper spacing and double locked before being searched and placed into the rear of my marked patrol vehicle. Le Blanc was asked at roadside if he would be willing to provide a lawful sample of his breath to determine alcohol content to which he stated no. He was then read Implied Consent, stated he understood and repeated that he would not provide a breath sample.

Le Blanc`s vehicle was secured and left in the parking space with his consent.

I found probable cause to charge Le Blanc with Driving Under the Influence- Normal Faculties impaired pursuant to F.S.S 316.193(1)(a) and Refusal to Submit to a breath, urine or blood test pursuant to F.S.S 316.1939(1)(d).

Le Blanc was transported to the Jupiter Police Department holding cell for paper work to be completed before being transported to the PBCJ without incident.

My BWC was utilized for this incident and nothing written is stated to be verbatim.
