PROBABLE CAUSE STATEMENT

The undersigned certifies and swears that he/she has just and resonable grounds to believe, and does believe that the above named Defendant committed the following violation of law.

The Person taken into custody . . .

☐ committed the below acts in my presence.

☐ was observed by _____ who told _____ that he/she saw the arrested person committ the below acts.

☐ confessed to _____ admitting to the below facts.

☒ was found to have committed the below acts, resulting from my (described) investigation.

On the 25 day of January, 2023 at 01:26 (Specifically include facts constituting cause for arrest.)

On 1/25/2023, at 0058 hours, I was traveling southbound on Federal Highway approaching SE 7th St. I observed a grey Hyundai (FL IN81JM) exit from SE 7th ST and proceed southbound on Federal Highway. I observed the vehicle driving in between the #2 and #3 lanes straddling the line before it stopped at the red light at the intersection of E Camino real. Once the light turned green the vehicle accelerated and as the road began to bend right the vehicle slammed on the brakes and made the turn so wide, he left his lane. As the vehicle proceeded southbound it suddenly decelerated almost to a stop and then began accelerating again the whole time weaving within its lane. As the vehicle was now approaching the intersection of Federal Highway and SW 18th ST, I additionally noticed the tag lights were not working. I activated my emergency equipment and the vehicle stopped in the middle of the travel lane. I exited my vehicle and told the driver to make a right turn onto 18th St where the traffic stop was conducted.

I walked up to the driver`s side window and identified the driver by his FL DL as Shouki Sella. As I was speaking with Shouki I noticed his speech to be slurred and extremely slow as well as the odor of alcohol emanating from his breath. Every question I asked would take several seconds for a response. When I asked Shouki where he was coming from, he stated he was just "with a girl in Boca". I asked Shouki to step out of the vehicle so I could speak with him. Now out of the vehicle and standing in front of me I noticed his eyes were bloodshot/watery and pinpoint despite looking away from any bright lights. Based upon Shouki`s horrendous driving pattern and the multiple post-stop indicators I requested him to participate in Field Sobriety Exercises (FSEs) to which he initially declined. Once I explained the purpose of FSEs Shouki changed his mind. Shouki advised other than an issue with his stomach he is healthy. Shouki stated he had no problems with his head or issues balancing.

The FSEs were conducted as follows.

PROBABLE CAUSE STATEMENT

Horizontal Gaze Nystagmus (HGN)

The defendant identified the stimulus as red. The defendant had equal pupil size and equal tracking in both eyes. I explained to the defendant multiple times how to complete the exercise, however, every time I attempted to begin, he would move his head. During my attempts, I was able to observe resting nystagmus and a lack of smooth pursuit.

Walk and Turn

The surface was flat and hard. The defendant attempted to do the exercise with shoes. The line used was a painted white line. I made sure the defendant both knew the line he would be using and the color of that line. I began the exercise by instructing and demonstrating to the defendant how to complete the exercise. While giving instructions the defendant lost balance several times and failed to stay in the starting position. In conducting the exercise, the defendant walked an improper number of steps, made an improper turn, failed to walk Heal-to-Toe, and walked off the line. I explained the instruction multiple times each time confirming he understood.

One Leg Stand

The surface was flat and hard. The defendant attempted to do the exercise with shoes. The defendant raised his right leg. During the exercise, the defendant continued to sway and was only able to hold his leg up for a few seconds. At this point, Shouki became more and more aggressive.

Finger to nose

The surface was flat and hard. The defendant conducted the exercise with shoes. The defendant failed to touch the tip of his finger to the tip of his nose every time. During the exercise, the defendant continued to sway.

Modified Romberg Balance

The surface was flat and hard. The defendant conducted the exercise with shoes. During the exercise, the defendant continued to sway. The defendant notified me of the completion of the exercise after 11 seconds.

Due to the totality of the circumstances and my training/experience, I felt the defendant was unable to perform simple tasks during the exercises due to being impaired. I felt the defendant is too impaired to operate a motor vehicle safely. The defendant was placed under arrest at 0126 hours, for driving under the influence. Shouki was placed in handcuffs that were checked for tightness and double locked.
