PROBABLE CAUSE STATEMENT

The undersigned certifies and swears that I have just and reasonable grounds to believe, and do believe that the above named Defendant committed the listed violation(s) of law. The Person taken into custody:

- ☐ Committed the below acts in my presence.
- ☐ Confessed to [WITNESS] admitting to the below facts.
- ☐ Was observed by [WITNESS] who told [WITNESS] that he/she saw the arrested person commit the below acts.
- ☒ Was found to have committed the below acts, resulting from my (described) investigation.

On October 24, 2026, at approximately 2234 hours, I observed a white 2018 Toyota Camry bearing Florida license plate SGEE85 traveling westbound in the eastbound lanes of 2nd Avenue N.

At the time of the incident, I was positioned at the intersection of N G Street and 2nd Avenue N, facing eastbound. I observed the vehicle traveling westbound toward my location from the direction of N H Street. The vehicle continued traveling against the designated flow of traffic, causing another motorist to move to the right to avoid a collision.

I activated my emergency lights and attempted to conduct a traffic stop. The vehicle made a right turn at the intersection of N A Street and 2nd Avenue N and proceeded northbound on N A Street. While I was traveling behind the vehicle with my emergency lights activated, the driver suddenly made a U-turn on N A Street. The vehicle subsequently traveled back onto 2nd Avenue N before coming to a stop near the intersection of N B Street.

I approached the vehicle and made contact with the driver, who was later identified as Stephen Graham (DOB: 05/05/1971). Upon making contact, I detected an odor of an alcoholic beverage emanating from Graham. I also observed that Graham had glassy eyes and mumbled speech. Graham was wearing a dark blue shirt and black pants.

During my initial investigation, I asked Graham where he was coming from. Graham stated that he was coming from his residence. When questioned about where he lived, Graham initially stated Boynton Beach but subsequently provided an address of 8971 Edgewater Place, Parkland, Florida, which matched the address listed on his driver's license.

Throughout my interaction with Graham, I observed that he had difficulty answering basic questions

NOT A CERTIFIED COPY

regarding his location and direction of travel. When asked what city he was currently in, Graham was unable to provide an answer. Graham stated that he was employed as a financial advisor and worked at a desk throughout the day. Graham denied having any medical conditions or taking any medications.

Due to Graham's driving behavior, physical indicators of possible impairment, and difficulty answering basic questions, I requested that he exit the vehicle to participate in standardized field sobriety tasks. Graham also demonstrated difficulty locating his driver's license and providing requested information. I explained my concerns regarding his ability to safely operate a motor vehicle and advised him that I wanted to conduct field sobriety task to further evaluate his level of impairment. Graham agreed to participate.

Horizontal Gaze Nystagmus (HGN):

I began by conducting the Horizontal Gaze Nystagmus (HGN) evaluation. Prior to beginning, I observed that Graham's pupils were equal in size and that both eyes demonstrated equal tracking.

During the evaluation, I observed a lack of smooth pursuit in both eyes. Graham demonstrated significant difficulty following instructions, particularly when directed to keep his head stationary and follow the stimulus using only his eyes.

Despite being instructed multiple times to keep his head still, Graham repeatedly moved his head while attempting to follow the stimulus. Graham also had difficulty maintaining the instructed stance with his hands positioned at his sides. I provided several verbal reminders and attempted to redirect Graham's attention to the stimulus. However, due to his continued inability to follow instructions and maintain the proper position, I was unable to complete the HGN evaluation.

Walk-and-Turn (WAT):

I subsequently explained and demonstrated the Walk-and-Turn (WAT) task to Graham. During the instruction phase, Graham was directed to place his left foot on the designated line and position his right foot directly in front of his left foot, touching heel to toe, while keeping his arms at his sides.

Graham demonstrated significant difficulty maintaining the starting position. He repeatedly stepped off the line and was unable to maintain the heel-to-toe stance while I explained the instructions. I provided additional instructions and demonstrations in an attempt to ensure Graham understood the task.

During the instruction phase, Graham repeatedly stated that he needed to use the bathroom. After several attempts to explain the instructions, I permitted Graham to relieve himself in nearby bushes.

Once Graham returned, I again explained the Walk-and-Turn instructions and directed him to assume the starting position. After Graham positioned his feet on the designated line, I instructed him to begin the task.

Graham began walking but failed to complete the task as instructed. Graham took approximately two to three steps before stopping. During the limited steps he completed, I observed that he failed to maintain heel-to-toe contact, stepped away from the designated yellow line, and failed to keep his arms at his sides. Graham also swayed away from the designated line and did not complete the required sequence of steps.

When asked whether he wished to continue participating in additional field sobriety tasks, Graham stated that he wanted to go home and refused to continue. Graham also refused to participate in any additional exercises.

NOT A CERTIFIED COPY

I advised Graham that his refusal to continue would require me to make a determination regarding his impairment based on the observations and information already obtained.

Based on the totality of the circumstances, including Graham's operation of a motor vehicle against the designated flow of traffic, causing another motorist to take evasive action, his inability to answer basic questions regarding his location, the odor of an alcoholic beverage, glassy eyes, mumbled speech, difficulty following instructions, observed indicators of impairment during the field sobriety tasks, and refusal to complete additional tasks, I determined that Graham's normal faculties were impaired and that he was unable to safely operate a motor vehicle.

At approximately 2314 hours, I placed Graham under arrest for Driving Under the Influence (DUI), pursuant to Florida Statute 316.193.

I advised Graham of the charge and conducted a search incident to arrest. Graham was subsequently secured in the rear passenger compartment of my marked patrol vehicle and transported to the Breath Alcohol Testing (BAT) facility located at the Palm Beach County Main Detention Center.

Breath Alcohol Testing / Refusal:

Upon arrival at the BAT facility, Graham was placed under a twenty-minute observation period. During this period, I observed Graham and confirmed that he did not place anything into his mouth or regurgitate.

Following the completion of the twenty-minute observation period, Graham was escorted into the testing room. I requested Graham's biographical information and instructed him to provide a breath sample for the purpose of determining his breath alcohol concentration.

Graham refused to provide a breath sample.

I subsequently read Graham the Florida Implied Consent Warning and explained the consequences associated with refusing to submit to a lawful breath test. Graham stated that he understood the warning but continued to refuse to provide a breath sample.

Graham's refusal to submit to breath alcohol testing was documented. Graham received a citation for driving in the wrong direction on one-way roadway.

Graham was processed at the Palm Beach County Main Detention Center.

I acknowledge this report was generated from a digital recording using Draft One by Axon. I further acknowledge that I have reviewed the report, made any necessary edits, and believe it to be an accurate representation of my recollection of the reported events. I am willing to testify to the accuracy of this report.
