PROBABLE CAUSE STATEMENT

The undersigned certifies and swears that he/she has just and resonable grounds to believe, and does believe that the above named Defendant committed the following violation of law.

The Person taken into custody . . .

☒ committed the below acts in my presence.

☐ confessed to _____ admitting to the below facts.

☐ was observed by _____ who told _____ that he/she saw the arrested person committ the below acts.

☒ was found to have committed the below acts, resulting from my (described) investigation.

On the **16** day of **November**, **2025** at **00:46** (Specifically include facts constituting cause for arrest.)

On 11/15/2025 at approximately 2358 hours, PFC Schneider responded to the area of North Alternate A1A and East Riverside Drive in reference to a careless driver. Dispatch advised a Black Escalade was driving westbound on Riverside Drive. The vehicle kept stopping and accelerating and was all over the road. The driver was a female with dark hair and they had pulled into Ara, a restaurant in the area. PFC Schneider advised that he had located a black Cadillac (FL tag BJA33) diving Southbound on Alternate A1A and initiated a traffic stop.

At approximately 0004 hours, I responded to the area of Alternate A1A and East Indiantown Road as backup to PFC Schneiders traffic stop. Upon arrival I noted that the black Cadillac was parked along West Indiantown Road perpendicular to North Old Dixie Highway, blocking the lane of travel. PFC Schneider was speaking with the driver, later identified as Tatiane Rodrigues De Almeida (H/F 04/27/81). PFC Schneider advised he had not received Almeida`s proof of insurance so I approached the driver`s side door of Almeida`s vehicle to request that she provided it. While she went through her phone to pull up the requested document, I noted that there was an opened can of an alcoholic beverage sitting in the cup holder of the front seat. Additionally, I observed that Almeida`s eyes were bloodshot and glossy and her speech was slow when she spoke with me.

I spoke again with PFC Schneider who advised me of the following: He observed Almeida speeding while driving southbound over the Alternate A1A bridge. Upon approaching the red light at Alternate A1A and Center Street, Almeida applied the brakes in an aggressive manner at the last minute just before the red light to prevent running it. Once the light turned green, PFC Schneider initiated his lights to conduct the traffic stop. Almeida stopped on Alternate A1A before East Indiantown Road, but then continued forward and turned west onto West Indiantown Road and finally came to a stop perpendicular to North Old Dixie Highway (See PFC Schneider`s Supplemental report for further).

PROBABLE CAUSE STATEMENT

I went back up to Almeida`s window to speak with her further and she advised me of the following: She had been at Ara`s earlier, but had then gone to Lynora`s in Palm Beach Gardens at approximately 10pm. After, she had driven back to Ara`s but they had been closed so she left. While at Lynora`s she had two glasses of wine along with dinner.

I requested Almeida to step out of her vehicle and walk back towards my vehicle. While getting out she was unsteady of her feet and leaned up against her vehicle for balance. I requested Almeida to undergo the standardized field sobriety tasks so I could ensure that she was ok to drive. Almeida initially refused and made several comments that she wasn`t going to drive away and that since we, the police, had stopped her she would simply take an uber and leave her car here. I advised Almeida of Taylor warnings and then explained the tasks that I was requesting her to do. Almeida eventually agreed to conduct the tasks.

The first task was the Horizontal Gaze Nystagmus. Almeida moved her head and had to be reminded to keep it still. I observed lack of smooth pursuit in both eyes. I observed distinct and sustained nystagmus in both eyes. I observed onset of nystagmus prior to 45 degrees in both eyes. Almeida swayed slightly throughout the task.

The second task was the Walk and Turn. While explaining the task, Almeida had difficulty maintaining the starting position. Before stating the task, Almeida left the starting position and advised that she was having a panic attack. Fire Rescue was requested, but Almeida eventually decided that she wished to continue the tasks and Fire Rescue was cancelled. I reexplained the instructions and Almeida advised she understood. She missed heel to toe on every step going up the line. When she came back down the line she missed heel toe on every step except 1 and 3, and stepped off the line on steps 5, 7, 8, and 9.

The third task was the one leg stand. Almeida used her arms for balance and put her foot down on second 5 and did not pick it up again until second 14.

The fourth task was Finger to Nose. I called "Left" and Almeida placed the tip of her left finger to the bottom left of her nose. I called "Right" and she placed the tip of her right finger on the bottom right of her nose. I called "Left" and she placed the pad of her left finger to the center of her nose. I called "Right" and she brought her right hand up and then paused before finally placing the pad of her finger on the right side of her nose. I called "Right" and she placed the pad of her right finger to the center of her nose. I called "Left" and she placed the pad of her finger on the center of her nose.

The final task was the Romberg Balance. At 43 seconds, Almeida opened her eyes and advised that she was done, but that it was "maybe 25 seconds."

PROBABLE CAUSE STATEMENT

Based on my investigation, observations, and totality of circumstances, probable cause was established to believe that Almeida was in actual physical control of a vehicle while under the influence of an alcoholic beverage, chemical, or controlled substance, to the point where her normal faculties were impaired contrary to F.S 316.193. She was placed into handcuffs which were properly spaced and double-locked and placed into the rear of my patrol car at 0046 hours.

At 0055 hours I requested Almeida submit to a lawful test of her breath. Almeida refused and was read implied consent. Almeida again refused. I find probable cause exists to arrest Almeida for refusal to submit to DUI testing, because she did refuse to submit to a test of her breath as described in s. 316.1932, and Almeida had been placed under lawful arrest by a law enforcement officer with probable cause to believe Almeida was in actual physical control of a vehicle while under the influence of alcoholic beverages, chemical substances, and/or controlled substances, and Almeida was informed of all the applicable consequences for refusing to submit to testing contained within s. 316.1939(1)(c) and (d), contrary to Florida Statute 316.1939(1)(d).
