Defendant's Name GASAWAY, TIMOTHY SCOTT **Agency Case Number:** 202541002660

NARRATIVE: The undersigned has probable cause to believe the above-named defendant on the, 27 of November 2025 at 2:25 at 1120 WEST ORANGE BLOSSOM TRAIL (**Zone:** 1) in Orange County did

On November 27, 2025, at approximately 1:58 a.m., I, Officer Ramirez-Vargas, was conducting traffic enforcement on State Road (SR) 414 and SR-451. While driving northbound on SR-451, I observed a white Land Rover bearing Florida tag 15EGPW driving north on SR-451. While approaching the intersection of SR-451 and Orange Blossom Trail, the vehicle stopped and entered the far right turn lane to turn east onto West Orange Blossom Trail. The vehicle suddenly crossed three lanes of travel and tried to turn west onto West Orange Blossom Trail, but was stopped due to another vehicle occupying the far left turn lane. The vehicle turned west onto West Orange Blossom Trail using the center northbound lane which is not used to turn. When the vehicle navigated the turn, it entered the left most westbound lane on West Orange Blossom Trail before crossing over to the right most westbound lane. The vehicle then straddled between both the right and left lanes causing the center of the vehicle to be over the broken white lines that divide the lanes of travel. The vehicle then over corrected and its driver-side tires crossed over into the left-most-lane`s fog line.

Due to the driving pattern of the vehicle, I conducted a traffic stop in front of 1120 West Orange Blossom Trail. The vehicle came to a stop in the left turn lane leading to the parking lot of 1120 West Orange Blossom Trail. I approached the vehicle where I made contact with the driver and sole occupant of the vehicle, Timothy Scott Gasaway (who was identified by his Florida driver`s license). I asked Timothy to provide his driver`s license and to move into the parking lot of 1120 West Orange Blossom Trail. Timothy instead tried to turn off his vehicle, began reaching for miscellaneous things on his dashboard, and began rummaging through his center console. Since Timothy was having a difficult time finding his license and with traffic coming from behind me I advised him to just move his vehicle into the parking lot of 1120 West Orange Blossom Trail. Timothy failed to abide by my directions and continued driving westbound on Orange Blossom Trail, passing the parking lot. Timothy continued west before conducting a U-Turn at Lake Doe Boulevard to drive east on Orange Blossom Trail and driving into the parking lot I instructed him to.

Upon arriving at the parking lot, Timothy attempted to step out of the vehicle, at which point I instructed him to stay inside. When I approached the vehicle on the driver-side I could smell the scent of an alcoholic beverage coming from the vehicle. When I asked Timothy where he was coming from he said he was driving back from Georgia, after an eight hour drive, to his home in Winter Garden. Timothy again got out of his vehicle and I ordered him to remain inside the vehicle. While speaking with Timothy, I saw his shorts had a wet stain in between his legs, when asked about it, Timothy said it was a spilled drink. The following were my observations while speaking with Timothy; I smelled a strong scent of an alcoholic beverage omitting from Timothy`s facial area which grew stronger each time he spoke, his eyes were red and watery, his was speech slurred, and he had an inability to multitask. When I asked Timothy if he had anything to drink he became emotional and said he did.

Based on my above observations, I asked Timothy if he was willing to conduct standardized field sobriety exercises (SFSE`S) to which he agreed. The SFSE`S took place in the parking lot of 1120 West Orange Blossom Trail. I asked Timothy if the parking lot floor was flat, to which he disagreed and claimed there was slight elevation to it. Indeed, the parking lot floor had a slight elevation on the north end. The area where Timothy performed the SFSE`S was flat. I offered to move to a different location, but Timothy said he was fine where he was. When asked if the slight elevation would effect his ability to balance and he said it would not.

Before starting the exercises, Timothy was not wearing contacts or glasses and was not taking any over-the-counter medications or drugs. Timothy is prediabetic and but was not taking insulin. Timothy claimed he was sick with Pneumonia but was still willing to partake in the exercises. Timothy is not epileptic, and he does not have a glass eye or prosthetic limbs, and he does not have any prior head injuries. When asked if he was having any problems with his vehicle, Timothy said his car had a blown exhaust head gasket. I asked him if that effected his ability to steer his vehicle and he advised it did not. I asked Timothy when he last ate, and Timothy said he last ate around 6:45 p.m., on

November 26, where he ate a Chipotle bowl with pretzel sticks. When asked what time he thought it currently was, Timothy said it was between 11:42 p.m., the actual time was 2:10 a.m. When asked if he drank anything, Timothy said he drank a Four Loco around 8:30 p.m. I asked him if he felt if he was functioning at 100% capacity, he told me he felt he did not. I asked Timothy to rate himself of a scale of zero to ten with zero being sober and ten being impaired, Timothy rated himself a 6. While speaking with Timothy, I saw he had an orbital sway to his stance.

Timothy was asked to perform the Horizontal Gaze Nystagmus (HGN), the Walk and Turn (WAT), and the One Leg Stand (OLS). I verbally instructed him how to do so and demonstrated the instructions as required. I provided Timothy with the instructions from my Florida Department of Transportation SFSE note sheet.

During Timothy`s performance, I made the following observations:

Horizontal Gaze Nystagmus -

Timothy`s eyes were brown with equal pupil sizes. Timothy had equal tracking in both eyes. Timothy did not have resting nystagmus. Timothy had a lack of smooth pursuit in both eyes. Timothy had distinct and sustained nystagmus at maximum deviation in both eyes. Timothy had an onset of nystagmus prior to forty-five degrees in both eyes. Timothy had Vertical Gaze Nystagmus. I had to remind Timothy to keep his head still since he kept moving it during the exercise. During the exercise, I saw Timothy`s brown eyes to be red and watery, he had a strong scent of an alcoholic beverage coming from his facial area, and orbital sway to his stance.

Walk and Turn -

Timothy took his shoes off at his request, he conducted the rest of the exercises with shoes off. While instructing Timothy, he started the exercise without being instructed to do so. Timothy could not keep balance while listening to the instructions in the instructional stance and eventually just stood with his feet shoulder-width and a half apart. Once instructed to begin, Timothy missed several heel-to-toe steps, he stepped off the line on numerous occasions, and performed an improper turn by making an about face. While walking back, Timothy missed several heel-to-toe steps, and stepped off the line several times. Timothy took 10 steps walking back.

One Leg Stand -

Timothy raised his right foot for this exercise bending his leg at the knee. Myself and Officer Kasheta tried to remind Timothy he had to keep his leg straight. After two attempts at the exercise, Timothy was able to straighten his leg. During the exercise, Timothy had to be reminded to look at his foot, but nearly fell over each time he did catching his balance at the last second. While performing this exercise, Timothy used his arms to balance, swayed while balancing, hopped multiple times, and placed his foot on the ground. He also only counted to twelve before putting his foot down for the rest of the exercise.

Based on my investigation and observations at the scene, I determined Timothy was under the influence of alcohol and/or drugs to the extent that his normal faculties were impaired. I secured Timothy in handcuffs and escorted him to my marked patrol vehicle, where I searched his person and transported him to the Orange County DUI testing center.

Document Date: 11/27/2025 **Court Case #:**

An inventory of the vehicle was conducted, during the inventory an empty can of "Four Loko" alcoholic beverage containing "13.9 alc/vol" was found in the front passenger compartment of the vehicle. The can was inside a brown paper bag, and was cold to the touch. It should be noted multiple similar brown paper bags were littered in the vehicle. A liquid was spilled in the front floor boards of the vehicle that smelled like an alcoholic beverage. An open bottle of "Tito`s Vodka" was found in a backpack in the trunk of the vehicle. It was mostly empty with 3/4 of it missing.

Timothy`s vehicle was removed from the scene by BJ`s Towing and was transported to 670 Mason Avenue, Apopka. A Chapter 42 hold, (City Ordinance), was placed on the vehicle and a notice of right to hearing was issued to him.

Once at the DUI testing center, a 20-minute observation period was conducted by Breath Test Operator B. Guzman Lopez (#11527) from 3:21 a.m. to 3:41 a.m. At 3:43 a.m., I asked Timothy to provide a breath sample, which initially refused to but, when I read him implied consent, he agreed to. At 3:50 a.m. and 3:53 a.m., Timothy provided samples of .179 and .183. I issued Timothy DUI citation AFAZ3CE. I transported Timothy to the Orange County Jail without incident.

Based on my investigation, I established probable cause to charge Timothy Florida State Statute (F.S.S) 316.193(4) - DUI-UNLAW BLD ALCH 0.15 OR HIGHER.

After the paperwork was completed at the DUI Testing Center, Timothy was transported to the Orange County Jail without incident. My body-worn camera was active during this interaction.

This case is cleared by an arrest.
