PROBABLE CAUSE STATEMENT

The undersigned certifies and swears that he/she has just and reasonable grounds to believe, and does believe that the above named Defendant committed the following violation of law.

The Person taken into custody . . .

☐ committed the below acts in my presence.

☐ was observed by _____ who told _____ that he/she saw the arrested person committ the below acts.

☐ confessed to _____ admitting to the below facts.

☒ was found to have committed the below acts, resulting from my (described) investigation.

On the 27 day of May, 2025 at 23:35 (Specifically include facts constituting cause for arrest.)

On 05/27/2025 at approximately 2304 hours I was traveling southbound on N Federal Highway, approaching the intersection with E Palmetto Park Rd, when I observed a blue Jeep SUV bearing (Fl tag#29AUHL) make a wide right turn from eastbound E Palmetto Park Rd onto southbound S Federal Hwy. Specifically, the vehicle turned directly into the left turn lane and failed to complete the right turn as close as practicable to the right-hand curb or edge of the roadway in violation of F.S.S. 316.151(1a). While completing its turn, the vehicle also drove over the solid yellow line adjacent to the raised center median before correcting itself and establishing a direct course in the left lane. Lastly, I observed that the vehicle was driving at night without any lights on in violation of F.S.S. 316.217(1a).

Based on the violations of F.S.S. 316.151(1a) and 316.217(1a), I positioned my marked BRPD vehicle (623) behind the blue Jeep and initiated a traffic stop on the vehicle by activating my emergency lights and sirens as the vehicle made a left turn from southbound S Federal Hwy onto eastbound E Camino Real.

I approached the vehicle from the passenger side and made contact with the driver who identified himself via NJ DL as Victor J Galante. Upon speaking with Galante, I was met with the odor of an unknown alcoholic beverage coming from his breath when he spoke. At this point I also observed that Galante's eyes were red and glassy, his speech was thick and slurred, and he appeared nervous.

According to Galante he was on his way to his condo after leaving 7-11 with some snacks and Gatorades. Galante then notified me that he was at the Biergarten located at 309 Via de Palmas. At the Biergarten he admitted to me that he consumed an alcoholic beverage, but he stated that it was a few hours ago and it was just one beer.

Based on my observations and the totality of the circumstance, I suspect that Galante

may have been operating a vehicle within the state while impaired by alcohol and/or chemical or controlled substances. I had then asked Galante to exit his vehicle for further investigation and the administration of Standardized Field Sobriety Exercises.

The First exercise was Horizontal Gaze Nystagmus. I administered the instructions and Galante stated that he understood. I first ensured that Galante's eye had equal pupil sizes and tracked equally. I then continued with the exercise. Galante displayed lack of smooth pursuit, distinct and sustained nystagmus at maximum deviation, and onset of nystagmus prior to 45 degrees in both eyes. Galante also displayed Vertica Gaze Nystagmus and lack of convergence.

The second exercise was the Walk and Turn. I administered the instructions and demonstrated how the exercise should be completed. Galante stated that he understood. During the instructions, Galante failed to maintain his balance and started too soon. Galante missed heel to toe by stepping on his toes several times, made an improper turn, fell off the line, took an incorrect number of steps, and used his arms for balance during the exercise.

The third exercise was the One-Leg Stand. I administered the instructions and demonstrated how the exercise should be completed. Galante swayed, used his arms for balance, and put his foot down during the exercise. Galante also counted "17 one thousand" twice.

The fourth exercise was Finger to Nose. I then administered the instructions and Galante stated he understood. The pattern was L-R-L-R-R-L.
L - Did not return his left hand to his side.
R - Searched to find the tip on the nose and held it there of a moment.
L - Used the pad of his finger and continued to search for the tip of the nose.
R - Used to pad of his finger and continued to search for the tip of the nose.
R - Started to raise his left hand but then corrected himself, and then searched for the tip of the nose
L - searched for the tip of his nose.

The final exercise was a modified Romberg balance exercise. I administered the instructions and conducted the exercise. Galante estimated the passage of 30 seconds in 27 seconds.

Based on my investigation, and the totality of the circumstances, I found probable cause to believe that Galante was operating a vehicle within the state while impaired by alcohol and/or chemical or controlled substances. Galante was placed under arrest for DUI per F.S.S. 316.193(1a).

Galante was transported to BRPD booking for post arrest processing and the

administration of a breath test. Officer D. Rosario (ID862) (Breath Test Operator) responded to BRPD booking and assisted with the BAT room procedures. Galante was asked to provide a sample of his breath for the purpose of determining the alcohol content and he provided two valid samples of .032 and .031. Galante was then asked to provide a sample of his urine for the purpose of detecting the presence of chemical and/or controlled substances, and he agreed to submit. Galante provided a urine sample at 0035 hours, and the sample was submitted to PBSO for testing. Galante was then informed of his constitutional warnings (Miranda), and he stated he understood. Galante answered all of my questions. See DUI Influence Report for further.

Galante was later then transported to Palm Beach County Jail and turned over to PBSO.
